York.-A number of young girls working in Mendel Brothers' sewing factory will sacrifice parts of their skin in response to a call for volunteers, to be grafted on the burned body of Mrs. A. H. Herbst, the wife of Rev. A. H. Herbst, who was so badly burned at her home a short time ago. Some days, or rather nights, ago, Louis Twin and William Newashee danced a war dance on aristocratic Front street and were arrested. They had no money to pay their fines, and Alderman John B Nicholas, the acting mayor, let them go with the understanding that they would go to Hershey, where they are employed, and return with the money He also loaned a dollar for ear fare Thursday the Indians came back with the \$10 fine and the borrowed dollar.

TALL MEN UNDER HANDICAP

Moriarity of Detroit Declares Eion gated Infleiders Seldom Make Good-Wagner Excepted.

George Morianty of the Detroit Tigers believes that a tall man has no business trying to play shortstop or second base in the major leagues, on account of the natural handleap which his height imposes on him.

"It is an advantage to be tall if a man intends to play first or third, but a handicap at short or second," said the custodian of the Tigers' hot cor-"A fellow who is built close to the ground can make plays that would be impossible for a six footer, simply because he doesn't have so far to stoop, and can get low down when

"There are a few tall men who are good shortstops, I admit. Honus Wagner is a whale, but he is built in such a peculiar way and has such lowed legs and long arms that he can get lown to the ball just like a short man. George McBride is tall and is a fine player, but there are mighty few other lengthy boys who are making good either at short or on the keystone sack.
