LOCAL HISTORY.

(Continued from first page.)

teachers from whom I received instruction during those years were E. J. Osborne, Amon G. Edwards, H. S. Wishart and W. A. Gray. Would that I possessed the ability to write in fitting terms of those old time teachers of mine, of their high and noble character, of their scholarship, their kindness and their success in their work.

While my life lasts, I shall never cease to keep in most grateful memory those faithful old teachers and what they did for me.

In addition to those of my own old time instructors, I would like to put on record the names of others who did most efficient faithful work in those schools 40 to 60 years ago. Some of them were John B. and A. R. Foote, E. J. and W. W. and D. P. Osborne, J. B. Bowles, B. F. Stevens, R. F. and J. M. Miller, George W. Ready, J. L. Ketterman, H. G. Smith, T. A. Lyon, W. A. Hunter, S. P. Wishart, J. M. McCune, J. W. Griffith, J. A. DeForest, J. A. Woodcock, W. S. Alexander, J. R. Akers, W. H. Markley, W. A. Clippinger, and J. A. Stewart.

These teachers were all young men in prime of life—strong physically, mentally, and intellectually, and of fine scholarship. There was not a young "Prof." among them. Verily, the old time school directors, of Wells township, had no use for inexperienced boys or girls, with a smattering education, as teachers in their schools.

Many of these faithful workers have gone from earth to the enjoyment of their exceeding great reward. Wm. A. Gray died recently at the advanced age of 88 years. Except, during term of 1858-9, he never taught in the public schools after I knew him first in 1853. His work was done in select schools and private classes assisting young men in their preparation for college or for the work of teaching. He was unanimously elected to the office of County Superintendent of the schools of Fulton county in 1860 and served one term with signal ability and success.

H. S. Wishart entered Allegheny college with E. J. Osborne, and George W. and John A. Ready in 1856, but soon left college to begin the study of medicine. He became a successful physician and died comparatively recently at the age of 78. E. J. Osborne became a lawyer and died member-elect of the Virginia legislature in 1860. Amon G. Edwards was mortally wounded at the bloody battle of Antietam and died in a Chambersburg hospital while yet a young man. W. W. Osborne, J. B. Bowles and George W. Ready are no longer young men. Mr. Osborne being 81 years old, the others a little younger, yet, they are doing just such effective work as they did nearly sixty years ago. Each holds the same position he has occupied for years, that of principal of a ward school in Altoona. B. F. Stevens, J. A. DeForest, W. A. Clippinger and J. R. Akers became ministers in the M. E. church, and except Mr. Stevens, all died comparatively young. Mr. Stevens is yet alive at a good old age, but on the retired list of his conference. J. M. Miller, a talented lawyer and brilliant orator is Adjutant General, Department of Kansas G. A. R. and ex-member of the legislature of that state.

Joseph M. McClure graduated at Yale, read law, was Deputy Attorney General of this Commonwealth under Governor Geary, and is practicing his profession at Bradford, Pa. Henry G. Smith became the editor and proprietor of the Fulton Democrat; later part owner of the Lancaster Intelligencer, and still later, removed to Tennessee where he died at an advanced age. Samuel M. Lyon read law and located in Bedford, and afterwards went to Indiana, where he died.

W. Scott Alexander was principal of the McConnellsburg public schools, read law, was proprietor of the Fulton Republican, District Attorney of the County, and on November 3, 1886, was elected to the State Senate and served a term of four years. He is now practicing his profession in McConnellsburg. J. A. Stewart, "hale and hearty," lives at Green hill, Fulton county, Pa.

A Treatment That Costs Nothing If It Fails.

We want you to try three large bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for thousands of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50c. and \$1.00. It Startled the World

When the astounding claims were first made for Bucklen's Arnica Salve, but forty years of wonderful cures have proved them true, and everywhere it is now known as the best salve on earth for Burns, Boils, Scalds, Sores, Cuts, Bruises, Sprains, Swellings, Eczema, Chapped hands, Fever Sores and Piles. Only 25c at Trout's drug store.

"Every man is bound to get himself into a hole sooner or later," remarked the cynical grave digger.

Many farmers of Susquehanna county went across the line into New York at Binghamton, early last week to witness the experiment of the Du Pont Powder Company in breaking up the soil by dynamite instead of plowing. One hundred and eighteen cartridges will be used to the acre, and it is expected to break up the soil and sub-soil in a manner that will make plowing a lost art. It is believed the force of the explosive applied to hard pan soil, especially, will make subsequent cultivating one grand sweet song.

MAKE

as much as you may, when you get old you have nothing unless you save. Did you ever notice how

YOUR

debts grow if you let them alone? Savings grow the same way. If you had put away five cents a day for the past 21 years, how much

MONEY

do you suppose you would have now? Almost \$600 counting the interest added every year. Your money begins to

WORK

for you when placed on deposit with us. A bank account is as good as an insurance policy. Better than some,

FOR

you can't always get your money on a policy when you need it. If the folks get sick, if you want to buy a home, if you want to take a vacation, there's nothing like a good bank account.

NOW IS THE TIME, THE FULTON COUNTY BANK IS THE PLACE, AND

YOU

ARE THE PERSON.

A Customer of a Bank

looks for safety—liberal terms—courteous treatment and facilities for the proper handling of his business. All of these are found in this conservatively conducted bank, and judging from the new accounts opened daily, the fact is widely recognized and appreciated. If you are not already one of our customers you are invited to become one of the new ones.

The First National Bank

Operates under the strict Banking Laws of the United States Government. Pays 3 Per Cent. Compound Interest.

TWO CARLOADS.

Two Carloads of Buggies at one time, seems pretty strong for a Fulton county dealer, but that is just what

W. R. EVANS, Hustontown, Pa.,

has just received. In this lot are 5 different grades and styles, of Buggies and Runabouts including the Millinburg. He has on hand a large stock of

Hand Made Buggy Harness.

The Prices? Don't mention it. If the prices were not below the lowest, he would not be selling by the carload.
