Thoroughbred Seed Corn Suitable for Replanting.

Five bushels of our thoroughbred "U. S. No. 133" did not arrive in time for the general distribution. Yesterday I received a telegram stating that 5 bushels of this corn were expressed to me.
This 5 bushels of corn is for distribution in Cambria, Blair, Huntingdon, Somerset, Bedford and Fulton Counties, that being my district. It will go out in lots of 2 quarts to each applicant in the order of the application. It is not intended for replanting this year, but to give each farmer a chance to make seed for future use. It will go out by franked mail immediately on receipt of application.

The fodder is medium and the ear averages (seed ears) a little over a half pound. The corn has some decided virtues, viz:
1. It is safe to plant as late as the first week of June, and even later in a favorable season; of that we are sure.
2. It adapts itself to new conditions of soil and altitude far more quickly and surely than any other yellow corn with which I have worked. We have had no soft corn from it in three years of testing.
3. It has been so well bred that barren stalks and nubbins are exceedingly scarce; the small stalks apparently being able to shape a small ear and take it out of the nubbin class.

4. Replanted two weeks or so after the first planted corn it will usually have its silk and tassel out in time to receive pollen from the old planting as well as to cross pollinate the latter; thus insuring a good yield for the crib and making replanting as we have been doing it.
On good land and with good culture 120 bushels of ears or even more may be looked for from this corn. It only takes an average ear weighing 6 oz. to make 120 bushels per acre. Where we fall down at present is in the nubbins and barren stalks which quickly pull down the average yield.
Notice of shipment of this seed came too late to permit the writing of personal letters, so I have sent this general notice to the papers of the six counties.

Deafness Cannot Be Cured
by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Rev. W. H. Landis will preach in the Reformed church next Saturday afternoon at 2:30 o'clock, and on Sunday morning he will hold communion services at 10:30 in the same church.

THOMPSON.
The drouth still continues.
Rev. James Logue, of Bedford county, made a trip to Thompson the latter part of last week. He preached to a large audience at Damascus on Saturday evening and Sunday morning.
Quite a number of people in this vicinity contemplate building this summer. The Hon. D. T. Humbert is building an addition to his home; Andrew Pittman is getting ready to build a house; Jacob Hess and Dennis Everetts have both begun building new houses; W. W. Douglass has a house nearing completion, to be occupied by his son Jacob.
Ed Simpson, of Chambersburg spent a few days here the first of the week. He had a few days vacation lasting over the 30th.
Emory and Erby Booth gave a party in honor of their aunt and cousins, Mrs. Truax and daughters, of Ohio on last Friday evening. There were about thirty present who had a very nice time, the evening passing very quickly.
Mrs. George C. Sipes has gone to Baltimore for treatment.

A Welcome Change
Smoke curling up from the farmhouse chimney as the men are coming in from the fields, gives a pretty suggestion of a good supper and a comfortable home. But it also means a hot, tired woman, working hard over a blazing fire.
Your wife can escape this with a New Perfection Oil Cook-stove.
A New Perfection keeps a kitchen many degrees cooler than any other range, yet it does all a coal or wood range can do. It saves time, labor and fuel. No wood to cut; no coal to carry; no ashes; no soot. With the New Perfection even it is the best cooking device you can find anywhere.

Made with 1, 2 and 3 burners, with long, turquois blue enamelled chimneys. Handsomely finished throughout. The 2 and 3 burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc.
Dealers everywhere; or write for descriptive circular to the nearest agency of

do you suppose you would have now? Almost \$600 counting the interest added every year. Your money begins to
WORK
for you when placed on deposit with us. A bank account is as good as an insurance policy. Better than some,
FOR
you can't always get your money on a policy when you need it. If the folks get sick, if you want to buy a home, if you want to take a vacation, there's nothing like a good bank account.

NOW IS THE TIME, THE FULTON COUNTY BANK IS THE PLACE, AND YOU ARE THE PERSON.

A Customer of a Bank
looks for safety—liberal terms—courteous treatment and facilities for the proper handling of his business. All of these are found in this conservatively conducted bank, and judging from the new accounts opened daily, the fact is widely recognized and appreciated. If you are not already one of our customers you are invited to become one of the new ones.

The First National Bank
Operates under the strict Banking Laws of the United States Government. Pays 3 Per Cent. Compound Interest.

TWO CARLOADS.
Two Carloads of Buggies at one time, seems pretty strong for a Fulton county dealer, but that is just what
W. R. EVANS, Hustontown, Pa.,
has just received. In this lot are 5 different grades and styles, of Buggies and Runabouts including the Millinburg. He has on hand a large stock of
Hand Made Buggy Harness.
The Prices? Don't mention it. If the prices were not below the lowest, he would not be selling by the carload.
