The illustrated lecture of George Linn Keiffer, on the "Battlefield of Gettysburg" given in the auditorium of the Public School Building last Friday evening was very much enjoyed by those fortunate enough to be present. Mr. Keiffer is thoroughly familiar with the subject in hand, he has a good clear voice, and the illustrations on the screen were bright and clear. Those who neglected to attend, do not know how much they missed.

Are you aware of the fact that Pennsylvania is rapidly moving toward the very front of fruit-producing states? To say that this is true is making an important statement, which is now beyond question. It has been demonstrated in every county of Pennsylvania, that there is not one of the sixty-seven counties of this Commonwealth that is not adapted to the successful and profitable growing of fruits, especially apples.

The money that will be expended on the roads of this country during the next six months will be more than ever before in the same period of time. In 1904, the total expenditure for the construction and maintenance of roads and bridges in the United States amount to about \$80,000,000, but the expenditure for this purpose in 1911 will aggregate about \$140,500,000. Exclusive of Sundays and legal holidays, the outlay for roads will amount to \$1,000,000 a day during the present road building season. This includes all moneys raised by local taxation, bond issues, State appropriations and private subscriptions.

'Every State in the Union,' said Logan Waller Page, director of the United States Office of Public Roads, 'seems at last to be thoroughly aroused to the benefits derived from investments in improved highways. In California, the State has issued \$18,000,000 in bonds with which to build a system of State highways. This work will begin during the present season. In the State of Connecticut, about \$2,250,000 will be expended this year out of the State treasury for trunk line and State aid roads. Of the \$5,000,000 bond issue recently authorized in Maryland, over \$1,250,000 will be available this year for trunk line and State aid roads. Massachusetts will expend from State revenues over \$1,000,000, for the construction and maintenance of State roads.'

A Charming Woman
is one who is lovely in face, form, mind and temper. But its hard for a woman to be charming with out health. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c. at Trout's drug store.

RAVENSBURG ITEMS.
Last Sunday a week, a black-snake crawled up into an apple-tree in front of the residence of Captain Gunning. If his snake-ship thought he could be funny just because it was Sunday, he was fooled, for the Captain drew a bead on him, and when the gun cracked, a dead snake dropped to the ground. The snake was five feet in length.

On the day following, the same being Monday, May 29th, Sheriff Harris, of McConnellsburg was visiting the Captain, and went out to look at the apple-tree where the snake had been killed the day before, and almost stepped on an impudent looking racer six feet in length. The snake died a few minutes later.

Two days later than the date of the event last narrated, George W. Glenn's attention was directed to black glistening ribbon-like objects up among the branches of a gum tree near Jeff Harris's house. He called Jess Cooper, Walter Cooper and John Bain, and upon close examination it was found that a number of blacksnakes had gone up into the tree to sun themselves. The boys opened fire, and when there ammunition was played out, they picked up three snakes under the tree that measured respectively, 5 1/2, 6, and 6 1/2 feet. Comrade S. S. Hann, a few days later, discovered the whereabouts of a big rattlesnake. Mr. Hann, cut a forked stick, placed the fork down across the snakes neck and cut the snake's head off with his penknife. That snake died.

Resolutions of Respect.

At a regular meeting of Crystal Springs Camp No. 817 P. O. S. of A. the following resolutions were adopted: WHEREAS, It has pleased Almighty God in His wisdom to remove from our midst after a lingering illness our worthy and beloved brother C. Walter Mench who at the time of his death was 28 years of age having been a member of the camp for three years.

Resolved, That in his death this Camp has lost one of its beloved members a brother whom it had just reason to be proud of one who loved and lived the principles of our camp "God Our Country and Our Order" and the wife a kind and loving husband.

Resolved, That while we deeply deplore our loss and while his departure will create a void in our hearts and a vacancy in our camp that time cannot fill and believing that the good that men do live after them and that their lives and character will abide as a sacred influence, we bow in humble submission to the Divine will, knowing that He who doeth all things well, hath no dealt unkindly with us in taking our brother from our midst.

Resolved, That we extend our heart felt sympathy to the family in this sad hour of bereavement, that we as an order, in presenting these resolutions of respect to the bereft family, as a manifest evidence of our esteem, to one who they loved as a husband and son and to one whom we honored as a brother, we commend them to the care of Him who doeth all things well.

Resolved, That in respect to the memory of our deceased brother, our charter be draped in mourning for thirty days.

Resolved, That these resolutions be recorded on the minutes of the Camp, that a copy be presented to the bereft wife and the same be published in the county papers.

Racket Store News.

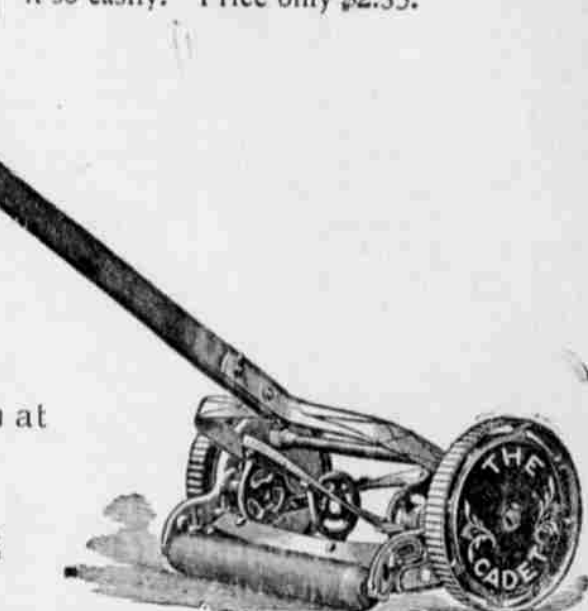

In our last ad we made mention of our **CLOTHING**, and we are glad we did, for it brought us a lot of new trade, and it was a reminder that hurried up our regular customers, and the result is that we have had the biggest clothing trade this spring we have ever had in the history of our business. We still have some left and more coming in.

Our **SHOE TRADE** has been just as good. We had run out of those Ladies' Dollar Shoes, but we have been lucky enough to get a lot more of them.

See our **OXFORDS** before you buy a pair of new shoes.

This is a picture of the best and easiest running **LAWN MOWER** made. We have tried several kinds, but can't find any to touch them. They are self-sharpening, and we can sell them to you at \$2.50 and \$2.65.

This week we want to speak to you about some things that you need right now. The time is here for **GARDEN PLOWS**. We have them; they are more complete than ever, and they are cheaper than ever. Why tramp your ground with a horse, when you can avoid it so easily. Price only \$2.35.

ICE CREAM FREEZERS

\$1.90 to \$2.25.

We have 2 doz. of those Mattock, Garden, and Field Hoes like we had last summer at 45c.

Dunn Edge Mowing Scythe. This is counted the best. 48 cents. They were 65 last year.

We got our **GLASS JARS** in early. Get prices before you buy; also, on Jar-tops and rings. See the jar we sell at 7 cents. It is as big as a 10 cent one.

SO-BOSS-SO KILFLY—something that will do the work. 75 cents a gallon.

We have the goods this year to get rid of the fly. If they bother your stock, use So-Boss-So. If they bother you in the house, use Continental Screen Windows and Doors 20 and 25c for windows; 85c to \$1.00 for the doors; and then, for the flies that get in when you open the doors, use genuine Tangle foot fly paper, 4 double sheets for 5 cents.

Screen Wire is cheaper than last year. 8 to 12 cents a yard.

We have just received 5 dozen more of those **25 CENT BROOMS**, same that you pay 35 cents for elsewhere.

If you wish to **PAINT** your house or barn, you will do well to talk the matter over with us. At the high price of oil, you will be surprised how cheap and good we can do it for you. White lead is only one-quarter of a cent higher than ever it was. Just measure your house around in feet, multiply this by the height, divide by 600 and you have the number of gallons it will take for one coat.

We have added **PLOW POINTS** and Bolts to our stock. Store open from 6 in morning until 9 at night, except Saturday and then 10 at night.
