Advertising Real Estate.

Do you want to buy or sell a home, a farm or a business place? If so, my business is to help you. I have a good assortment located in every township in Fulton County. Nine hundred 10 and 20 acre tracts of Florida land. Full description of the best bargains is given in booklet form. If you want to buy, write for one. Since I have been advertising the booklets through thirty-six leading newspapers throughout the country, hundreds of people from nearly every state in the Union have gotten them and are getting interested in Fulton County Fruit Lands, farms and homes. If you want to buy, now is the time, before the weather is fit for strangers to come and get the bargains. I have no money to loan, but have arrangements to get you money at a low rate of interest, to purchase with. There is no scheming in this. I do not speculate on these properties. I just let you know where you can buy direct from the owner. My interest is only a small commission to pay expenses. If you want to sell a property, there is a person somewhere who will pay you a good price for it, and there is no better way to find that party than advertising as I do, throughout the country. I charge nothing unless it is sold, then only a small commission and do not take option on it, but leave you free to sell at any time and get the highest possible price it may bring. I will be in home office only on Monday and Tuesday of each week. FRANK MASON, Agent, McConnellsburg, Pa.
