Potato Blight.

At this season of the year Professor H. A. Surface, State Zoologist, Harrisburg, Pa., is receiving many inquiries from persons as to the proper treatment of Potato blight. The following information recently sent to a Pottstown inquirer will be found helpful to others:

"As a remedy for potato blight, you can spray with either Bordeaux mixture or with dilute lime-sulfur solution. The Bordeaux mixture is made by dissolving three pounds of bluestone, and four pounds of lime in fifty gallons of water. If you have the beetles or 'bugs' present, add two or three pounds of arsenate of lead to this.

The lime-sulfur solution will probably do as well as the Bordeaux mixture, this is not fully proven, although I used it all right three years ago. This is made by using one gallon of the strong lime sulfur solution, either homemade or commercial, in twenty-five gallons of water."

In making Bordeaux mixture dissolve the copper sulphate (bluestone) by suspending it overnight in a burlap bag just beneath the surface of the water, (or put it in boiling water, using at least one quart to the pound), and dilute to 25 gallons. Slake the lime in sufficient water to prevent burning. Dilute to 25 gallons, strain and add to the copper sulphate solution, stirring the mixture vigorously while mixing.

Hancock Postoffice Burglarized.

At 2 o'clock on the morning of July 4th two doors were forced and entrance gained to the postoffice by two men carrying a spotlight. They forced the two back doors with pinch bars, breaking the mortise locks and inside bolts. One man said in a hoarse whisper "This is the way," and both started across the carrier's room to the mail room, the door to which was open and in which stood the big safe that held the stamps, money and valuable forms.

Dr. and Mrs. J. S. Diehl living in the Grove building adjoining were awakened by the forcing of the doors. The Doctor secured his revolver, stepped out onto his back porch and saw through the window the outlines of two men with a dim light on the inside of the carrier's room. He fired a shot—the men stampeded for the doors they had forced, stepped out, pulled the outside door shut and disappeared across the Thom as lot toward the northeast.

About an hour later Mr. Marshall McKibbin who was crossing the River Bridge saw three men come up on the bridge across the C. & O. Canal, and when he approached they asked him if there was a restaurant in this town. He replied "There was none open at this hour." One of the men then remarked, "We better go on over the river." They disappeared on the West Virginia side.

Two of the men were short and the third was a tall man.—Star.

A Counterfeit.

The history of a counterfeit bill has its lesson. This bill did much good—it paid a widow's rent, bought food for the hungry, squared up three or four bad accounts that had caused a deal of worry, made a church treasurer glad when he found it on the plate, and made the sexton still happier when it paid part of his long overdue salary; but when in due course of time it came to the bank whose name it bore, the teller threw it out.

"It's counterfeit"; he told the astonished depositor. It's good deeds did not make it pass the bank where its real character was discovered.

Many people pass for genuine Christians who will not stand the last great accounting. They may have done much good; they seemed all right; sat in the pew like saints; scattered their money like dew for the church; but they had not the secret mark of discipleship. God does not dwell in their hearts. They are an abomination to their Lord and Master. For such is the final casting out—the eternal burning.

At a congregational meeting in St. John's Lutheran church at Mercersburg on Friday last, Rev. H. W. Snyder was unanimously called as pastor.

P. N. Brumbaugh, Affected by Heat.

A dispatch dated Hagerstown, July 7th says: P. N. Brumbaugh, Greenacastle, well known here, while suffering from mental aberration due, it is believed to the intense heat, left his home Wednesday night and was not found until this morning. He was located near Wilson's. Mr. Brumbaugh passed through Middlesburg walking in the middle of the road and refused to notice any one. He came through Hagerstown and soon relatives were on his trail.

Justice E. B. Hartle and the officers went as far as Wilson's Thursday night, but they could not locate him. He was fatigued and nearly prostrated when found. Mr. Brumbaugh was a former resident of this county.

263 Horses Burned.

Fire early Saturday destroyed the stables of the Arthur W. Dixon Transfer Company, Chicago, burned 263 horses to death and caused \$500,000 damage. The cause of the fire is unknown. Three hundred and fifty draft horses, valued at \$250 apiece, were quartered in the four-story stables when the fire broke out. Firemen rescued nearly one hundred of them before the roof and walls crashed to the basement. Scores of firemen narrowly escaped death when the roof caved in.
