#### J. W. Mellott's Position.

Mr. Jacob W. Mellott, of Ayr township, whose announcement for the office of Sheriff of Fulton County appears in the proper column in this paper, desires that it shall be distinctly understood that his announcement means just what it says. He has been informed that certain persons are trying to create the impression that he is in the field merely for the purpose of contributing to the interests of a certain other candidate, and to aid in the defeat of another. This Mr. Mellott emphatically denies, and wishes the voters of Fulton county to feel that he is out in the in-Mack Kerlin of Gracey, was at terest of Jacob W. weaknesses they are the supreme remedy, as thousands have testified FOR KIDNEY, LIVER AND STOMACH TROUBLE

is the best medicine ever sol over a druggist's counter.

It has been estimated by careful observers among the medical profession that of those who seek the services of a physician fully three-fourths are vomen. Many of these, of course, stand more or less in need of surgical treatment. Many of them, and probably the majority, will be greatly benefited by medical treatment alone.

Physicians experienced in the treatment of diseases of women have proved that certain remedies produce excellent results in the peculiar troubles from which women suffer.

With scientific understanding of the diseases to be treated and of the action of the drugs most useful in the treatment of these diseases Rexall Vegetable Compound has been devised. It is prepared to meet the wants of those women who suffer either from painful menstruation or from troubles incident to the charge of life, or who, during pregnancy, stand in need of remedies to preserve the tissues of the generative organs in a normal condition.

#### HOW VEGETABLE COM-POUND IS MADE

In order that our patients may use this preparation intelligently we here explain just why Rexall Vegetable Compound has been made as it is. Black Haw, Cramp Bark, Squaw Vine and Blue Cohosh are of proven value in lessening irritation and alaying muscular tissues of the uterus, Unicorn Root is efficient as a menstrual stimulant and is of value in painful menstruation accompanied by seanty flow.

Golden Seal is noted for its stimulating effect upon mucous membranes. Together with Cinnamon Bark it is incorporated in Rexall Vegetable Compound for the purpose of stimulating the intestinal tract to the expulsion of gases that might intensify the pain attendant upon painful menstruation.

#### USEFUL-SAFE

All these drugs are carefully selected and scientifically combined in a preparation that has proved to be of splendid service in the treatment of the conditions in which it is indicated. This remedy is neither designed nor intended to act as an abortion agent. In fact, its use will tend to prevent the dangers of abortion when due to unusual uterine sensitiveness.

Rexall Vegetable Compound should be found to give splendid service in the treatment of Internal Spasmodic Pain, Hysterical Convulsions, Cramps, Flatulent and Bilious Colic; particularly for those disorders of the generative organs which cause such distressing reflex symptoms, as Painful Menstruation, Ovarian Colic and Uter ine Pains, and Pains in the Back and Loins due to excessive sensitiveness of nervous mucous and muscular tissues of the parts affected. Its tendency is to render the monthly periods normal in time and amount; to correct tardy menses, its action being to preserve at the normal the tissues of the female generative organs, Rexall Veg etable Compound will be found of value during the period of Pregnancy, and of special value in the relief of the suffering incident to the Change of Life. Of service also in Leucorrhea, Menstrual Headache and in Constipa- DRESS GOODS, tion, "It contains no narcotic or habitforming drugs.

### DIRECTIONS

In order that those who stand in need of Rexalt Vegetable Compound should receive the full benefit there from we draw particular attention to the following advice:-

For Painful Menstruation Rexall Vegetable Compound should be taken about one week before the expected monthly period and should be continued throughout the entire period and for one week thereafter. In fact, it would be well, if, in the beginning of treatment, the patient should take the preparation continuously for two or three months. Thereafter, if the CLOTHING, painful periods continue in any degree, the treatment should be given as suggested above. Rexall Vegetable Compound will give better results either given in, or followed by, a glass of hot water. Its effect is enhanced if the patient should take hot baths at the time expected for the beginning of Menstruation.

For treatment of the "dragging" pains and pains in the back and loins that are so common, particularly to women who have borne children, Rexall Vegetable Compound should be taken over periods of several months. These pains are due in most cases to weight of an abnormally heavy uterus dragging upon sensitive ligaments. The effect of the Remedy will be increased in these cases by the regular use of hot douches, taken in a reclining posture. It is important in ali pain from sores of all kinds—the these cases that the bowels should be pose Rexall Orderlies may be used.
