## Base Ball.

The Buck Valley team which is touring Fulton county visited New Grenada, Thursday last, and was defeated by a score 11-3.

Alloway pitched a good game allowing but 5 singles and giving but one base on balls.

Buck Valleys first pitcher Per dew was taken out in the second and B. Hendershot who took his place did better work. Line up was as follows:

### Cider Making.

NICK HOHMAN.

The school appropriation for 1910-1911, now being paid at the state treasury, will sum up the grand total of \$6,774,000, this sum being to reimburse districts for money already expended.

## Increase in Fees.

The state legislature, session of 1909 passed a justices' and constables' fee bill, which being of a liberal character, greatly increased the emoluments of the offices of aldermen, justices of the peace and constables. The act, however, did not contain a repealing clause, and the effect was that only those officials who were elected or appointed after the act went into effect profited by it. County solicitors over the state advised the boards of county commissioners not to pay the increased fees, which in many cases were doubled. The legislature of 1911 passed a repealer act, which Governor John K. Tener signed, and now all the justices and constables in the county can collect fees under the act of 1909.

This means a great bonus to these officials and a consequent heavy drain upon the county treasury. It also means that there will be a larger array of candidates for these offices, seeing a fat salary connected with it.

### Thirty Years Together.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and its the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay-fever, croup, quinsy or sore lungs. Price 50c, \$1.00. Trial bottle free. Guaranteed by Trout's Drug Store.

### Constables Must Make Returns.

Prothonotary I. N. Swope, of Huntingdon county authorizes the statement that constables must continue as in the past to make returns of matters in their various bailiwicks on the first Monday of each term of court. Printed statements have appeared to the effect that a recent law repeals this time-honored practice, but such is not the case. Judges of the court have credited these statements of the press in some instances. Prothonotary Swope gives us his positive assurance that there is no foundation in law for the statements; and wishes to inform the constables that they will be expected to make their reports as usual.
