# Proves Disastrous to Ruth Morgan, Aged 10 Years.

Wilmington, Del.-Physicians in this and other cities are making a study of the case of Miss Ruth Morgan, aged 10 years, whose father, David Morgan, tenants the farm adjoining the Minquidale Home, near this city. Miss Morgan is thought to have unusually soft or brittle bones in her

body, for within a year she has had four slight falls in every one of which she sustained a broken bone.

Her latest accident occurred when she fell one foot from a fence and broke an arm above the elbow. Last spring she fell from a step and broke a shoulder blade. Later in the summer she fell from a chair and broke an arm, but this fracture was healed before the girl or her parents knew anything about it. Three weeks ago she fell from a table and broke the other shoulder blade.

At the time of this lesson the two great world powers were in deadly conflict. The Egyptian army under Necho had marched toward Babylon as far as Carchemish on the Euphrates,

On the other hand Nabopolassar with the assistance of the Scythians had conquered the Assyrians, and destroyed Nineveh, the capital, B. C. 606. The Babylonians marched up the Euphrates and met the Egyptian army at Carchemish, and defeated them. Nabopolassar, king of Babylon, sent his son Nebuchadnezzar on to Jerusalem, who besieged that city. Jeremiah speaks of the seige as in 604, Jeholakim's fourth year, probably in the early past, so that a difference in the period covered by the Babylonian and the Jewish years would account for the variation. The last part of 605 is treated as Nebuchadnezzar's accession year, and 604 his first year as king.

At this time Nabopolassar died and
