Vote For Hertzler.

You can make no mistake in voting for H. H. Hertzler, of Dublin township for the Republican nomination for Associate Judge. He is a man well qualified to fill the office, and a Christian gentleman, and will do what is right if elected. This is the first time in a long life that he has ever asked an office from his fellow citizens, and has always taken an active interest in the welfare of his party.

BALLOTS TO STATE TERM.

State Officials Rule on Question Affecting School Officials.

Harrisburg, Pa., Sept. 21.—Candidates for school director under the school code must be listed on ballots under the term for which they wish to serve, says state officials to whom the question has been referred many times in the last few weeks.

It seems that, in a number of counties of the state, officials in charge of ballots got the idea that all candidates for school director or member of the school board, as the place is officially known, could be lumped. In some counties this was actually done, but the mistake was discovered in time.

The state officials hold that the term is as important as the office and that, as long as papers had to be filed for two, four or one-year term, that fact must be entered on the ballot.

Questions for Farmers to Solve.

Farming is rapidly becoming more of a science. To insure a fair return upon the constantly appreciating value of land the amount of crop per acre must be increased and the cost of hauling it reduced. After the farmer has solved the question of soil treatment and methods of cultivation there still remains the movement of the crop over the roads to the nearest town or railroad station. This expense the farmer must meet, and it enters into his cost of production just as much as cultivation or harvesting. It is a branch of expense on which a greater saving can be made than in any other way. According to government statistics the average cost to haul a ton of farm produce one mile in this country is twenty-five cents. A similar service on European highways costs but eight cents. We have as good teams as the farmers of Europe. It is the condition of the roads that makes the difference. As the farmer uses the roads more than any other class of citizens he is entitled to have them in proper condition to handle his business as cheaply and promptly as possible, and should see that he gets them by urging supervisors to adopt more modern methods of road construction and maintenance that will save money to the township and to persons who most use the roads.

Is Not a Candidate.

Levi P. Morton wishes the NEWS to state that while a report is current that he is a candidate for prothonotary, the report is entirely unauthorized and that he is not seeking the nomination for that or any other office.

John F. Davis and daughter Miss Jane, of Williamsport are spending a few days at the Washington House. Mr. Davis was elected County Superintendent of Fulton county in 1863, but as the salary was then only \$500 a year, he resigned after having served part of the term, and went to Williamsport, Pa., and established a Business College. Later he conducted a similar institution in Altoona. During the last twenty-eight years he has represented the Union Central Life Insurance Company. When a resident of McConnellsburg he lived with his parents in the house now occupied by Francis M. Taylor.
