Apple and Nut Charlotte. Make this in a large dish or in individual molds: Blanch eight ounces of either hickory or walnut meats; dry for a day, then pound or break very fine. Beat the whites of three eggs to a stiff froth, add a pound of pulverized sugar, stir in the nuts on top wraps, in every size. They are and two tablespoons of orange flower

\* drop in strips on buttered paper and bake in a slow oven. After this paste is set but still soft, stick nut meats along the top of strips. When the cakes are cold line a charlotte mold with them and fill the center with this custard. Pare, core and slice six tart apples, stew in a cup of water; when soft, rub through a colander and reheat. Stir in the wellbeaten yolks of two eggs, sweeten to taste and cool. Whip to a froth the whites of the eggs mixed with one tablespoon of sugar and mix in the apple sauce. Pile this in the center of the charlotte mold and top with whipped cream.

> A Musical Contest. Perhaps this will answer the correspondent who requested a game suitable for a musical club. I found it in a magazine and gladly pass it on:

- a lover bold His sweetheart's hand essayed to ----And whisper —— in her ear.
"You have the —— to my heart, my dear."

The mulden's heart —— loud and fast For fear this —— would not last. This pretty maid was sere afraid Whene'er her beau would ——. - and shrewd was her papa, He scented romance from afar, One night her pa came with a So large it made the neighbors laugh. And when he knocked her lover ——. The maiden shrieked, "Oh, you ——— that! I pray you grant me one request, Then in a convent I shall ——. Give us a short —— for some token. And the tender —— shall soon be bro-

ken. But up he sent her to her room, And left the lover to his doom. Then around her waist she And soon descended to her lord. Next day they sent her pa a--:
'We're married." This was all she wrote.

## WRECKED BEFORE SHE EVER MADE A FLIGHT

THE May Fly, a dirigible built for the British navy at a cost of about \$200,000, met with disaster recently when she was taken out of the shed for her first trial flight. Fortunately there was no loss of life, although the officers and men in charge of the vessel were for a time in an extremely perilous position, during which they behaved with great courage and conluess. Almost immediately after coming out of the shed the airship was caught by the wind, beeled over, and eventually broke her back. Her fate will probably cause the abandon ment of lighter-than-air craft in favor of the heavier-than-air biplane or monoplane.

# ASK NEW CALENDAR MONEY ADRIFT THREE YEARS

British Statesman Would Rearrange Months of Year.

Every Month Would Begin on Sunday -New Year Day and Leap Year Separate-Many Other Novel Features in Scheme.

London.-Sir Henry Dalziel, leader aims at giving Scotland local self- lected for Easter day. government had just had prepared a bill to alter the calendar. This bill, known as the fixed calendar bill, con- the government decides that sufficient tains some novel features. As the international concurrence has been sememorandum which accompanies it ex. cured plains, the bill purposes to substitute for the present irregular calendar a fixed calendar having regular periods, of which the week is the common

In this, as in other features, it differs from the calendar reform bill, introduced in the house of commons in 1969, but which never got beyond the second reading stage.

That bill sought to make the months as uniform in length as possible, but from a vault containing \$15,000 in as a difference in this respect is unavoidable in a year with 12 months, it is thought better to increase that difference up as to allow of the week heing a common measure of all months. This arrangement makes it possible for each month to begin on a Sunday and end on a Saturday.

A table giving the proposed fixed calendar shows that the months of January, February, April, May, July, August. October and November would maining months of March, June, September and December would each have 35 days. "New Year day" is set be intercalated between the last day afternoon."

## Run Submarine by Wireless.

Portsmouth, England.-Successful experiments with the wireless control of submarine boats have been made. but the details are kept secret. It is known, however, that a submarine was taken to shallow water off Selsey while the hertzian |waves were worked from the cruiser Furious. The submarine, which was on the surface, was found to be entirely under the control of the cruiser. Then the crew was taken out and the experiment was equally successful when the beat was submerged Similar experiments are being made with torpedoes.

## STATE CAPITAL CHAT

To Revise Train Schedule.

The State Railroad Commission was advised by the Pennsylvania Ratiroad Company that it proposed to revise the time table of the Chester Creek branch to meet objections raised in a complaint before the commission by residents of Delaware County. Better connections will be afforded with the main line of the Philadelphia & Baltimore Central.

Start Fertilizer Suits.

Officials of the State Department of Agriculture ordered seven suits begun for violation of the State law requiring the correct branding of fertilizers, the number being the largest inaugurated at one time in years. Two were ordered in Lancaster and two in Luzerne county and one each in York, Northumberland and Wyoming, all being based on analysis that showed the packages to contain ingredients not stated on the labels. Later on actions will be started in other eastern counties where samples of fertilizer were taken by State agents. In all 1,500 samples have been secured.

Governor's Appointments.

The Governor has announced the following appointments: Dr. W. H. Ridge, Trevose, Bucks county; Dr. J. W. Sallade, Auburn, Schuylkill coun-Dr. Jacob Helmer, Scranton, Lackawanna county; Dr. A. J. Mc-Closkey, Chestnut Hill, Philadelphia county; Dr. F. W. Weir, Greenville, Mercer county, to be members of the State Board of Veterinary Medical Examiners. Spencer C. Gilbert, Harrisburg, reappointed a member of the Board of Trustees of the State Lunatic Asylum at Harrisburg.

### Bleached Flour.

Dairy and Food Commissioner James Foust sent agents of his division to Luzerne and other northeastern counties to make an investigation into reports that bleached flour is being sold in this State contrary to the provisions of the act of 1909. The Commissioner received information that Western firms were shipping in flour that had undergone the bleaching process and prosecutions were ordered in every case of violation. The use of nitrous acid or nitrites in flour or other foodstuffs is prohibited by the pure food act of May 13, 1909.

Plan For State Park.

A. B. Farquahr, of York; J. Horace McFarland, of this city, and M. I. Mc-Creight, of Dubois, officers of the State Conservation Association, have returned from an inspection of the large tract in Clarion, Elk, Jefferson and adjoining counties, which it is planned to secure for a State park. and are preparing to urge the passage by the next Legislature of the bill creating a State Park Commission.

The State Association will make a campaign in behalf of the bill and point to similar bodies and their works in New York, California, Michinatural scenery has been preserved.

No Money For Picture Censors.

Because the last Legislature which enacted the law providing the State censorship of all moving picture films and other pictures intended for public display failed to make an appropriation for the payment of salaries of censors or their expenses, no appoint ments to carry out the provisions of the law will be made by the Governor, This announcement was made at the Capitol, and nothing will be done until the General Assembly sets aside the funds. The bill for censorship of the films was presented by Representative George W. Allen, of Allegheny county, and provided for two censors to pass on all films, which were to be shown before censors in order to obtain a State certificate:

## Must File Expenses.

People who are candidates for nominations or for offices and who fall to file expense accounts are probably not aware that such omission may act as a bar to them ever assuming any office until they comply with the provisions of the act of 1906, according to George D. Thorn, chief clerk of the department of the Secretary of the Commonwealth. "The act of 1906," says Mr. Thorn, "provides that an expense account must be filed and the man who does not file an account is in danger of being estopped from taking an oath of office until he does so. A man who may have been a candidate for a nomination or an office in 1908 and failed to file an expense account may be elected this fall and vet when he comes to take the oath of office he would be in danger of being challenged. The only way out would be to file an account. The law makes no exception between successful and unsuccessful candi-

Pass Capitol Park Ordinance.

The Common Council of Harrisburg has passed the ordinance to dedicate to the State the highways in the park extension area. The ordinance now goes to Select Council.

Second Death From Accident. Augustus Baker, whose back was

broken in the explosion of gas at one of the furnaces of the Pennsylvania Steel Company, died without regaining consciousness. Baker is the second man to die from the accident.

Award Nanticoke Armory Contract. The State Armory Board has awarded the contract for the new armory at Nanticoke to the Nanticoke Construction Company. The price is \$9,400.

Again Dodges the Gallows.

The Governor issued a respite staying the execution of William Cunningham, of Philadelphia, to November 21. The State Board of Pardons is to act on the application for commutation of the sentence of Cunningham. This is 'unnincham's second respite,
