**A GREAT DISCOVERY.**

Certain ingredients That Really Promote Hair Growth When Properly Combined.

Resorcin is one of the most of effective germ destroyers ever discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment, and also creates a clean, healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin, although not a coloring matter or dye, is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by a disease of the scalp.

These ingredients in proper combination, with alcohol added as a stimulant and for its well-defined nourishing properties, perfect perhaps the most effective remedy that is known for scalp and hair troubles.

We have a remedy which is chiefly composed of these ingredients, in combination with other extremely invaluable medical agents. We guarantee it to positively cure dandruff and to grow hair, even though the scalp in spots is bare of hair. It there is any vitality left in the roots, it will positively cure baldness, or we will refund your money. If the scalp has a glazed, shiny appearance, it's an indication that baldness is permanent, but in other instances we believe baldness is curable.

We want every one troubled with scalp disease or loss of hair to try Rexall "93" Hair Tonic. If it does not cure dandruff and grow hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. We print this guarantee on every bottle. It has effected a positive cure in 94 per cent of cases when put to a practical test.

Rexall "93" Hair Tonic is entirely unlike, and we think, in every particular, better than any thing else we know of for the purpose for which it is prescribed. We urge you to try this preparation at our entire risk. Certainly we know of no better guarantee to give you. Remember, you can obtain Rexall Remedies in McConnellsburg, only at our store—The Rexall Store. Leslie W. Seylar.

**Hen With a Human Face.**

Isaac Schantz of No. 157 Avenue C. Bayonne, N. J., has a curiosity in a young Plymouth rock hen, which has a face resembling that of a human being. The hen was purchased by him for 39 cents. It has several teeth and chews its food, which is principally chopped meat.

The hen has nails on its feet like those of a human and it refuses to mingle with Schantz's other chickens.

The hen was hatched last spring, but its owner does not know where, as the man from whom he purchased it bought it along with several other ordinary fowls.

I honestly believe it is the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50c or \$1.00 bottle. Guaranteed by Trout's drug store.

**Wooden Shoes in the United States.**

A shipment of 600 cases of wooden shoes, containing several thousand pairs, has just been forwarded from Amsterdam to Grand Rapids, Mich., this being the second large shipment in the last few months. It is stated that the United States is the best foreign customer of the Netherlands for this article of manufacture, many hundreds of pairs of wooden shoes being worn in Michigan, Iowa, Missouri, New Jersey and a few other states. It is claimed that there is more wooden footwear in Chicago, Grand Rapids, or Holland, Mich., than in the city of Amsterdam. Paterson, N. J.; St. Louis, Mo.; Lancaster county, Nebraska; Marion county, Iowa, and numerous other smaller settlements import large quantities of this practical article of dress every year.—Exchange.
