Pennsylvania Roads.

Pennsylvania's plans for the creation of a great system of highways, which will be made possible by the enactment of the proposed \$50,000,000 bond issue, is to be held at the good roads' convention, to be held throughout the country this winter. The prominence given to good road construction in the Keystone State has attracted much attention, and the officials of this State have been invited to tell what is proposed. Deputy Highway Commissioner Joseph W. Hunter and E. A. Jones attended the convention at Rochester, and Commissioner Bigelow will go to Richmond, Va., later on when President Taft and national officials will attend. The State Commissioner has been invited to attend the good roads' convention in Georgia, which is booming the cross State highway in that Commonwealth, and to either attend or be represented at half a dozen other similar gatherings.

Army Drill Regulations.

General orders have been issued from National Guard headquarters announcing that the regular army drill regulations will immediately supersede those of the State Militia. The regulations are those approved by the Secretary of War on August 19, and differ from those in use in this State for years in many particulars. The drill regulations are now being issued and are accompanied by a memorandum prepared by Major Charles S. Farnsworth, U. S. A., inspector and instructor of the guard, showing the changes. The guard is now uniformed and to a large extent equipped along the same lines as the regular army.

To Start Contest.

Paul A. Kunkel, the fusion candidate for District Attorney, who was defeated by Michael E. Stroup by a majority of 138 on the face of the returns, announced that he had received affidavits to the effect that 190 double marked ballots had been cast for him. These ballots were marked for him in both Democratic and Keystone party squares and are understood to have been rejected for that reason. Mr. Kunkel says he will make a contest and get the question of whether such ballots are valid, determined by the courts.

More Money For Barnard.

George Gray Barnard's dealings with the State of Pennsylvania for the groups of sculpture he executed for the Capitol will be closed this week. Action was taken on vouchers and affidavits to prove the artist's right to the balance of seventy thousand dollars appropriated for him and a warrant for that sum will be issued in a few days. Barnard received one hundred thousand dollars for the groups and the Legislature voted eighty thousand dollars additional to reimburse him for his outlay in expectation of receiving more work.

HOMES ARE SCARCE

Lack of Cottages for Rising Generation Is Serious Problem.

Many Married Couples Are Forced to Wait for Many Years for Habitation—Engagements Last Many Years.

Only this "Mrs. Enoch Arden" didn't merely peek into the window and so away she stayed. SIX NEW DANCES IN FASHION

International Conference of Dancing Masters Sets Stamp of Approval on Them—Some Statistics.

Paris.—Although the five-step Argentine is to be the dance of the season, the international conference of dancing masters, meeting here, has bestowed its approval on five other dances.

The "Pas des Aviateurs" is a topical dance, which, beginning with a flying movement, finishes very slowly. There is a Russian dance known as the "Lukinskoff"; Spain is represented by a pas de quatre, while King George's coronation is responsible for the "Royale" step, said to be full of majesty and grace; the United States contributing a languorous dance known as "Sleeping Love."

VALUABLE JEWELS IN SHOES

Jewelry to Value of \$6,000 Placed in Footwear, Outside of Hall Door to Be Shined.

New York.—Rings and a diamond stickpin, valued at more than \$6,000, were stolen from Mrs. W. Jennings, daughter-in-law of E. F. Kizer, president of the First National bank of Towanda, Pa., when her shoes, containing the jewels, were placed to be cleaned outside her rooms in the Knickerbocker hotel.

Mrs. Jennings was taking a bath at the time the shoes were put outside the door the other evening. Mrs. R. E. Kizer, her sister-in-law, asked her whether she wished to have her shoes polished, and on her answering in the affirmative they were placed outside. Mrs. Jennings said she had forgotten the little chamois leather purse containing the rings and \$25 in money was in the toe of the shoe.

Less than one hour afterward when Mrs. Jennings opened the door to see if the shoes had been returned she realized her money and jewels were in one of them. She telephoned to the management to send up the shoes instantly, as there was something important in one of them. The shoes were returned to her, and when she hurriedly dug her hand into the toe of each there was no sign of the rings.

Dismayed, she made a search of her trunks, aided by the other two women. She told the management she was certain she remembered placing the gems in the shoe before she went to take a bath, and when her sister-in-law asked if she wished to have her shoes shined she did not think of what she had done with her rings.

The management of the hotel also made a search of the place where the shoes of the guests are cleaned, but could find no trace of the gems, or even discover any of the porters who even had seen a sign of the chamois bag.

The women occupied an apartment, Nos. 639 and 640. It is said that the rooms were not near those of any other person's in the hotel.

Prejudice Is a Serious Menace

Prejudice is a hard thing to overcome, but where health is at stake and the opinion of thousands of reliable people differs from yours, prejudice then becomes your menace and you ought to lay it aside. This is said in the interest of people suffering from chronic constipation, and it is worthy of their attention.

In the opinion of legions of reliable American people the most stubborn constipation imaginable can be cured by a brief use of Dr. Caldwell's Syrup Pepsin. You may not have heard of it before, but do not doubt its merits on that account, or because it has not been blatantly advertised. It has sold very successfully on your own recommendation. Parents are giving it to their children today who were given it by their parents, and it has been truthfully said that more druggists use it personally in their families than any other laxative.

Letters recently received from Mr. J. W. Edmister, 238 Wilson St., Wheeling, W. Va., and Mrs. Jno. Taylor, Waynesboro, Va., are but a few of thousands showing the esteem in which Dr. Caldwell's Syrup Pepsin is held. It is mild, non-grating, not violent, gives salts or cathartics, it cures gradually and pleasantly so that in time nature does its own work without outside aid. Constipated people owe it to themselves to use this grand bowel specific.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 201 Washington St., Mendota, Ill. Your name and address on a postal card will do.

Wanted to Be More Earnest.

Rev. Sylvester Horne, the Liberal M. P. from London, was talking about religion at a dinner in New York.

"Too many of us in our religious observances," he said, "are like a little Tottenham Court Road girl."

"This little girl! said one night to her new nurse:

"Oh, must I sleep in the dark?"

"Yes, miss," the nurse answered.

"Then wait a minute," said the little girl. "I'll get up and say my prayers more carefully."
