Beware of Ointments for Catarrh that Contain Mercury,
 as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. CHENEY & CO. Testimonials free.
 Sold by all Druggists. Price, 75c. per bottle.
 Take Hall's Family Pills for constipation.

During the last session of Congress, Representative W. W. Griest, of Lancaster county, introduced a bill providing for the extension of the mail delivery service to smaller towns than are now permitted to have the privileges of such a service. It was not passed, but Mr. Griest proposes to enter upon an energetic campaign to the measure through during the sixty-second Congress, by which all postoffices of the second and third class shall have free delivery. Inasmuch as large postoffices and rural communities now have free delivery there is no reason why it should not be extended to include not merely all postoffices of the second and third class, but also to postoffices of the fourth class, as then all people would be treated alike.

FOR YOUR HAIR.
 Here Are Facts We Want You to Prove at Our Risk.
 When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth.
 But, when the hair roots retain any life, we believe there is nothing that will so surely promote hair growth as will Rexall "93" Hair Tonic. To prove that statement, we promise to promptly return all the money you pay us for Rexall "93" Hair Tonic, should it not please you.
 Rexall "93" Hair Tonic destroys the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and, by promoting circulation, nourishing them.
 Rexall "93" Hair Tonic helps to relieve scalp irritation, to remove dandruff, to prevent the hair from falling out, and to promote an increased growth of hair. It comes in two sizes, prices 50 cents and \$1.00. Remember, you can obtain it only at our store—The Rexall Store. Leslie W. Seylar.

Local Institute.
 The fourth local institute of Taylor township was held at Gracey, Friday evening, December 1st. The meeting was called to order by the teacher, Miss Stevens.
 The following questions were discussed: 1. How should pupils be taught to study? 2. To what extent should a child of average mental power be trained during his first year at school? 3. The Rural School; its advantages and disadvantages.
 The following teachers were present: Myrtle Stevens, Katherine Laidig, Dotie Deshong, Ruth Strait, Harper Barton, Russell Gracey, Ward Berkstresser, Dallas Brant, W. H. Ranck, L. P. Morton, Robert Cromer, John Woodcock, and Deane Berkstresser.
 The program was interspersed by some well rendered songs and recitations; also by graphophone music.
 The meeting adjourned to meet at Winegardner's school, Friday evening December 22nd.—Ruth Strait, Secretary.

The fourth local institute of Brush Creek township was held at Buchanan school December 1, 1911. Meeting was called to order by the teacher Iva Hixson who appointed Chester A. Spade, president, and Ella F. Barton, secretary. The following questions were well discussed: 1. Irregularity; its effect; how remedied? 2. How do you teach your chart class? How do you teach geography to all grades?
 Teachers present were: Grace Lodge, Iva Hixson, Amy Lodge, S. E. Walters, Chester A. Spade, and Ella Barton.
 A number of recitations were well rendered by the school.—Ella F. Barton, Secretary.

The amendments to the state constitution, one affecting Pittsburgh alone and the other Philadelphia, have both been adopted, but by only small majorities, as the vote in both cases throughout the state, outside of those cities, was against their adoption. It is not a matter of surprise that the vote on the amendments, outside of the above mentioned municipalities, was light, as it was perhaps the most proper thing not to vote on them, leaving the decision of the matter to those directly concerned, but why any should vote against the amendments, when they were not affected by them, is a mystery, and shows the eccentric vagaries that voters have sometimes, which often result in doing injustice to good measures or good men.
