 Mr. John Cobick, the popular agent at the Three Springs station on the East Broadtop Railroad, butchered his porkers a few days ago. He had only a pig and a hog to kill this year, but will probably have lard enough to last his family through the year if they do not bake too many pies. The pig dressed 427 pounds, and the hog 521. Next!
 On Wednesday of last week, John Scott Alexander took one of his horses down to Fleming's shop to have it shod. While Mr. Fleming was paring the hoof preparatory to placing a shoe he discovered a nail in the hoof, and drew it out. On Friday lockjaw developed, and Tuesday the horse had to be killed. People should be careful not to allow nails to be left on the public roads. Old rubber blocks and other boards containing nails are productive of much harm.
Hunting Accident.

Lightning Kills Few.
 In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madson, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at Trout's drug store.

A Warm Bathroom
PERFECTION
 SHOCKLESS OIL HEATER
 Every mother should be careful that the children take their baths in a warm room. The chill of a cold room is dangerous after coming out of the hot water.
 A Perfection Smokeless Oil Heater brings bathroom or bedroom to just the degree of warmth you want in five or ten minutes. All you have to do is to touch a match.
 The Perfection Heater burns nine hours on one filling and is always ready for use. You can move it anywhere it is needed. There is no waste of fuel and heat warming unoccupied rooms. Just the heat you want, when and where you want it.
 The Perfection is fitted with an automatic-locking flame spreader that prevents the wick being turned high enough to smoke and is easy to remove and drop back when cleaning.
 Drums finished either in turquoise-blue enamel or plain steel; light and ornamental, yet strong and durable—suitable for any room in any house.
