A Des Moines man had an at tack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of \$150.00 or more. He sought for a quicker and cheaper way to cure it and found it in Chamberlain's Liniment. Three days after the first application of this limiment he was well. For sale by all dealers.

When a rebellion in China, a conflict between Italy and Turkey, a strife between Russia and Persia and another uprising in Mexico, it looks as though the international peace movement was entirely forgotten. However the wars and rumors of wars are not as general, nor is the human slaughter as great in porportion to population, as it was in preceding ages.

We wish to call your attention to the fact that most infectious diseases such as whooping cough diphtheria and scarlet fever are contracted when the child has a cold. Chamberlain's Cough Rem edy will quickly cure a cold and greatly lessen the danger of contracting these diseases. This remedy is famous for its cures of colds. It contains no opium or other narcotic and may be given to neglect liver trouble. Never to a child with implicit confidence do it. Take Dr. King's New Life Sold by all dealers.

Facts About Indigestion and Its Relief That Should Interest You.

Although Indigestion and Bys pepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire -if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good looking, good smelling, and good tasting food, because it does not agree with them. The best thing to do is to fit

yourself to digest any good food. We believe we can relieve Dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with result which it pro-Mr. John H. The Apple Aphis.

The Apple Aphis is the insect which causes the leaves to curl in the spring of the year. It is sometimes called the Apple plant louse, the Green fly, Green bug, etc. After it appears in the spring it causes the leaves to curl, and after these leaves are curled it is impossible to apply spray liquids to reach and destroy it, When the leaves are injured the damage to the tree is considerable, as the leaves perform the function of both lungs and stom-

It is by far best for growers to prevent damage by aphis by spraying in the winter time with the lime sulfur solution, such as is directed for San Jose scale. It is to be killed at this time of year, or at any time during the dormant period, by such spraying, in the Huntingdon jail on the because its eggs are now to be found as little black shiny points on the twigs, and especially near the buds of the apple trees.
