If "peace on earth, good will toward men" is a good thing for one day in the year, why not for 365 days?

Dr. Biederwolf will begin his tabernacle meetings in Waynesboro on January 4. The tabernacle used in Chambersburg in November was taken down and shipped to Waynesboro.

**HIDES.**—Frank B. Sipes says the highest market price for beef hides at their butcher shop in McConnellsburg, also highest price paid for calf skins sheepskins and tallow.

Palmer Strait, Licking Creek township, paid this office a call last week and paid his sister's subscription. Some of the townships poke a little fun at Licking Creek's shilly farms, but we find the inhabitants pay their debts, although the school tax is very high, and the markets far away.

Outside of the homes where crime is the chosen profession, there is no poverty so great that the mother should be enslaved to the extent of neglecting to teach the children the hundred little precepts that go to make a man not a monkey. It is from the latter homes that recruits are turned out for the former. There is no excuse for depravity in this enlightened age of opportunities.

Next week is "Farmers' Week" at State College. It would be worth the cost of the trip if one went for no other reason than to see the more than 1,000 young men who are taking the agricultural course. To see how practical work with stock is taught would also pay for the small expense, beside the score of other eye openers that will be given especially for the benefit of the visitors that week.

We heartily agree with the person who, in substance, said while you may get a big, weekly city paper for perhaps a little less than your home paper the, former would be filled with scandal, murders and matter you would not wish your children to read. The only interest it would take in you as a farmer would be to blame you for the high cost of living. On the other hand your home paper would be on the look out for home news and interests and welcome you to the office; but it would take but two minutes for you to be made to feel that your presence in the city of- fice was not wanted.

**WHY NOT START RIGHT?**

The "New Year" is the time for introspection; the time to look back over the years that have flown; and by searching out and acknowledging our weaknesses, fortify ourselves for the years to come.

Look back, and see if you are getting all that your talents, your ambition, and your opportunities entitle you to.

If not, take steps to improve your condition without delay.

Advertising in the NEWS can greatly assist you, whether your desire be for a better position or for a better business.

**Hawthorne's Prison Tale**

**Thrills Readers.**

So great, so gripping, so absorbing was the opening installment in Sunday's Philadelphia Press of Julian Hawthorne's wonderful tales of his prison experience, that a noted publisher immediately asked an option on the book rights, saying that "Behind Prison Walls" would have a large sale in book form. The second installment of this story sustained the great interest the first had created. Read this wonderful story in next Sunday's Philadelphia Press.

The storm of Christmas evening was general over the eastern states. Three men were frozen to death in the eastern part of this state. Record show that the wind blew at the rate of 123 miles an hour in New York.

Velma E. Glunt, aged eight years, of Knobsville, writes us that the answer to our question as to where we read the story of the first Christmas can be found in Mathew, 2:11.

Mr. A. V. Woodcock and family of Mount Union are spending the holidays with Arthur's home folks at Hustontown, and Mrs. Woodcock's people at Fort Littleton. Arthur spent Monday in town, and called at the News office a few minutes. He is employed at the Silica Brick Plant, and says Mount Union is forging ahead like a through train on the Main Line.

Mr. and Mrs. Charlie Schooley, of Licking Creek, spent last Saturday in town. It will be remembered that one of the Schooley boys recently found two beautiful dagger-like instruments half buried in the clay bank, along the road below Harrisonville. Mr. Schooley said while in town Saturday, that further search of the place where they were found revealed nothing except some broken crockery ware.

America's only woman senator Honorable Helen Ring Robinson, will make Pennsylvania an interesting visit during the month of January. Ten big mass meetings will be held in as many counties. She will lecture on "The Home and the Ballot Box." Her tour over the state will take the shape of an "S" in traveling—beginning in Susquehanna county, dipping down to Lancaster county, up again into Potter county, then down to Washington county.

Landlord Barkdoll, of the Mansion House, Greencastle means to keep solid with the young people of that town. In accordance with a previous invitation the little tots and the big tots of the town and surrounding country began to put in an appearance at his hotel at 9 o'clock Xmas morning, and from that time until 5 o'clock in the afternoon, they came and went, each receiving an appropriate gift. In all, 387 children were treated.

President Wilson and family are spending a three weeks' vacation at Pass Christian, on the Gulf coast of Miss. The President is said to have "stuck to his job" closer than any other president has done for a generation. During the first nine months of the most important bills passed since the close of the Civil War the Tariff and the Currency bills. It was predicted that it would require one year each for these two bills to get through Congress.

Donald and Dallas Foreman, sons of H. C. Foreman, Edenville Franklin county, received a new shot gun as a Christmas gift from their father. Anxious to try it, Donald aimed at the first "game" they found—a hawk. The gun failed to go off. Donald looked into the barrel while Dallas pulled the trigger, hoping in this way to discover why the gun did not shoot. They did not find the reason, but Donald lost one cheek and had both jaws fractured and is in a critical condition.

Mrs. Robert N. Fryman showed us a few days ago, some relics that she appreciates very much. They are two salt spoons and a pair of sugar tongs—solid silver, and an imitation lemon and an imitation peach or plum. The spoons have the initial R. engraved in Old English. These things came from the Rankin family who lived in the Cove many year ago, by Mrs. Fryman's father, the late H. H. Deitrich, who was the auctioneer. The "fruit" is a curiosity, for it is a perfect representation and made of glass or marble.

Do not waste time whittling the boxes in the crossroads store and discussing the possible effects, in this county, of the new tariff and currency bills. No doubt Congress had Fulton County in mind when the bills were framed but that little hint from Mr. Wilson, telling us not to neglect the assembling of ourselves together in the little red schoolhouses, and then and there learn from each other how to make these everlasting hills yield more profit is all we need to remember in order to share in the benefit of these two far-reaching bills.

My back ached badly and I couldn't do my housework. I had dizzy spells and chills and was annoyed by the kidney secretions. Often swelling appeared under my eyes, and I was very nervous at night. I was troubled by rheumatic twinges. I finally used Doan's Kidney Pills procured at Trout's Drug Store, and since then I haven't been troubled by my back or kidneys. I can't say too much for this remedy."
