WARFORDSBURG.

As you said last week, "Warfordsburg is almost off the map" but we are still in this grand State.

Judge W. B. Stigers looks well in his new auto, but keep your chickens and dogs off the road when he is out for a spin.

Rev. Funkhouser, of Hancock, preached at the Presbyterian church at this place, last Sunday. The ice houses of this place remain empty, but we hope the ground hog will soon fill them.

Chas. Manning has purchased the Gordon property in the Burg. Harry Remsburg is building a house here on a lot which he purchased from the Crist Bros. Cramer Barnhardt is the boss carpenter.

Harvey Harris has purchased a team of horses and expects to do hauling of all kinds; he is going to move to the Dr. Carl property now owned by Edward Palmer.

Roy Layton is going to move to Judge Stiger's house at the mill, and, we hear, is going to take charge of the mill.

Roy Booth has returned from a visit to his father, James Booth of Woodmont, Md.; but sorry to learn that he is very sick after his arrival, but wish him a speedy recovery.

The Sunday School Convention was fairly well attended at this place; all were glad to hear of the good work that is being done in the Sunday schools in the State. There is a work for all to do; let us do it with all our might.

W. D. Morgret, merchant of this place, is selling out, at public auction, his entire stock of store goods. We hear that he is going to discontinue the business.

The work is being finished on Edw. Palmer's new house, which he will occupy soon.

WELLS TANNERY.

"Our Wail" says Wells Tannery's good for kids." We very much regret that we cannot report any new ones this week but a better time is coming. (How about "tanning" them?—Editor.)

Mrs. Joe Horton, of whom mention was made four weeks ago, has returned from the Nassau Hospital, Roaring Spring, with every indication of getting well.

Mrs. Horace Griffith has been threatened with pneumonia for several days.

Mrs. Rebecca Wishart was called to the Valley last week on account of the illness of J. Calvin Horton. Her gentle nursing and Dr. Campbell's medicine are bringing him around all right.

Mr. and Mrs. Charles Fluke, of Yellow Creek, have moved into H. L. Wishart's tenant house. Jason Ritchey, of Rays Cove, has been employed by H. L. Spangler to help cultivate his two farms this summer.

The many friends in this county, of Montgomery Sipe, formerly of Wells Valley, but now of Saxton, will regret to learn of his serious accident on the 7th inst. While working with some machinery, three fingers of his right hand were cut off. He was taken at once to the Blair Memorial Hospital, Huntingdon.

We rejoice to learn through your paper of the great revivals of religion throughout the County. We are more than glad to tell you that we, too, are having an awakening in Wells Valley. A most successful meeting has been in progress for two weeks in the Central M. E. church, conducted by the pastor in charge, Rev. Weiss. Many of our neighbors' children have found the New Life, and have promised to follow "In His Steps."

J. Nelson Sipes is having new metallic ceiling put in, and other improvements made in the store room, corner of Water and Second street, getting ready for druggist L. W. Seylar who will move his store goods into it this spring.

DON'T BE MISLED.

McConnellsburg Citizens Should Read and Heed This Advice.

Kidney trouble is dangerous and often fatal. Don't experiment with something new and untried.

Use a tested kidney remedy. Begin with Doan's Kidney Pills. Used in kidney troubles 50 years.

Recommended here and everywhere.

A McConnellsburg citizen's statement forms convincing proof. It's local testimony—it can be investigated.

J. H. Covalt, retired merchant Pleasant St., McConnellsburg, Pa., says: "Kidney trouble runs in my family I guess. I had trouble from the kidney secretions and couldn't rest, as I had to get up several times at night to void them. I suffered from rheumatic twinges and I had dizzy spells and chills. Headaches also bothered me. I was advised to try Doan's Kidney Pills, and I got a supply. Two boxes relieved me. I don't hesitate at any time to recommend Doan's Kidney Pills to my friends."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Covalt had. Foster Milburn Co., Proprietors, Buffalo, N. Y.

BURNT CABINS.

The Sabbath School Convention held in the Presbyterian church by State Worker Rev. Reel and Rev. Yearick, was very interesting and instructive as both gentlemen are good speakers and we are glad to say a lively interest was manifested, although on account of so much sickness in the community the attendance was not large. Both the Methodist and Presbyterian Sabbath Schools are arranging to take up the Teacher Training work.

Quite a number of persons in this neighborhood are suffering from pneumonia.

Mr. Ed Welch who has been employed at Mt. Union came home to spend some time with his family here and was stricken with rheumatism so that he is confined to his bed.

Miss Rosa Appleby, of North Dakota, is spending some time in the home of her sister Mrs. G. S. Doran.

Rev. J. W. Kaufman will hold communion service in the Presbyterian church February 15th Preparatory services Saturday morning and evening.

John Henry Mumma died at his home in Burnt Cabins Thursday evening Feb. 5th. On Saturday previous, he was caught in a drenching rain and spinal meningitis developed and proved fatal. He leaves a wife and three sons and four daughters, also his mother and several sisters and brothers. Funeral services were held in the M. E. Church Rev. C. F. Himes preached a very appropriate sermon from Psalm 39:4.

SALUVA

Our people were shocked Monday morning upon learning of the death of David H. Myers, who had been a citizen of Licking Creek township during the past three or four years. He and his wife lived at the western base of Scrub Ridge on the pike. Mr. Myers will be remembered as one of the oldest public school teachers, he having taught a number of years in the County.

Rev. Thomas P. Garland preached a very impressive sermon in the Sideling Hill Christian Church last Sunday morning, after which he administered the rite of baptism to three persons in the waters of Owl Creek.

Rev. E. J. Croft preached a very practical sermon at the Asbury church last Sunday which was the opening of a series of revival services.

Two slick fakirs have been doing the County during the past week giving away fountain pens and a year's subscription to four great (?) papers—all free! fine as silk! All that they asked for their favor was, that you pay a dollar "just to pay postage."

Suckers bite, even in cold weather.

When the righteous are in authority, the people rejoice: but when the wicked beareth rule, the people mourn.—Proverbs, 30:1.

Directors' Convention.

The annual session of the Fulton County School Directors' Association will be held in McConnellsburg, February 18th and 19th, convening in the Court House at 1:30 o'clock, p. m. on the 18th. The day session will be held in the Court House, and the evening session, in the Public School Auditorium. Dr. J. George Becht, Secretary of the State Educational Commission, Harrisburg, Pa., will be in attendance, and will address the directors in the day session, and deliver a lecture in the evening. The law provides for the payment of the time spent by directors in attending these sessions, and they are supposed to have sufficient interest in the welfare of the schools to be present from start to finish.

CLEAR RIDGE.

Looks like we are having groundhog weather.

There seems to be quite a lot of sickness in this community. Howard Fix came home last Saturday to spend a few days.

We are sorry to hear of the illness of Rev. Benson of Hustontown. Hope for speedy recovery.

We notice in last week's issue, in the Hustontown items, the correspondent seems greatly under the weather about the new barber and undertaker coming to Hustontown. Now, we would suggest the correspondent sees to it that the old undertaker and postmaster, as he calls him, gets that new coat and pipes needed. Pass the hat around and we will all chip in. We would also suggest that he see that he gets a few lessons on embalming so that the old song will cease: "We will have to go on to the cemetery to bury first, as the remains are not in condition to take into the church or to be viewed by any body." This we hear so much. Friends of the deceased desire to have the remains in good condition until after burial. We all ways thought this was a free country; that a man had the privilege to get whom he pleased.

The stork seems to be paying his best respects to this community. A son has been left in the home of Wm. Mellott, and a daughter in the home of Charley Brown.

Elden McElhane has gone to Linglestown, Pa., to work for B. E. Stevens.

Colds.

A cold is the most common transmissible disease. It is by no means an ailment of the winter season alone although conditions at that time favor it.

Colds are caused by certain bacteria which find their way to the mucous membrane and cause an active inflammation. Most of ten the throat and nasal passages are affected.

The coughing, sneezing and accompanying discharges are symptoms familiar to everyone. It is particularly important to observe cleanliness to avoid transmitting the infection to others. Sterilized cheese cloth which can be burned is an excellent substitute for the handkerchief.

One is particularly liable to contract a cold when exhausted and in the winter time crowded, overheated, poorly ventilated rooms and cars make the tired worker susceptible. Overeating and the use of stimulants are often predisposing causes.

Excess of clothing contrary to popular belief is not a preventive. Indeed chest protectors or similar articles of clothing, weakens the natural resistance. General care of the body, daily baths to keep the skin healthy, fresh air, both day and night and the avoidance of fatigue, are the best preventives.

The complications which are apt to follow a severe cold, pneumonia especially, make it important to watch for aggravated symptoms. If these manifest themselves a physician should be called promptly. A lingering cold may end in tuberculosis by clogging up the respiratory tract and thus furnishing a food supply for tuberculosis germs.

One of our readers who is a genius in mechanical ways, is building a home-made lime spreader, at small cost, and we will wager a doughnut it will work to perfection. We trust he will not prove too modest to let us give his name and a description of the machine, when it is completed.

BRUSH CREEK.

Miss Retha Mellott spent Saturday and Sunday in the home of Mrs. George Hixson.

Bruce and Sadie Barton spent last Sunday with their sister Mrs. John Mellott at Gapsville.

Mrs. E. E. Akers, Mrs. T. H. Akers, and Mrs. O. A. Barton and son Elton, spent last Wednesday in the home of M. E. Barton.

Mrs. John Mellott of Gapsville, spent part of last week at her former home near Crystal Springs.

Miss Mayme Williams, of Everett, is spending sometime with her grandparents Mr. and Mrs. M. J. Hixson.

Elton Barton spent Sunday in the home of Mrs. G. W. Hixson.

Clara and Howard Whitfield spent Sunday at M. E. Barton's.

Mr. and Mrs. B. F. Whitfield spent last Sunday afternoon in the home of Mr. and Mrs. M. A. Barkman.

A number of people from our valley are visiting friends near Sidelinghill, and attending revival services at that place.

An entertainment will be held at Crystal Springs, Saturday evening Feb 14, 1914

HAVE IT REPAIRED!

In every family are chairs, bureaus, tables, stands, lounges and other kinds of furniture that would be just as good as new, if they were placed in the hands of a practical mechanic; and the cost would not be much when compared with the value. Old furniture can be made to look like new; in fact, just now, old furniture polished and fixed up is more valuable than when first made. It may not be generally known that

Joseph Sowers

has a shop in the building just east of Cline's automobile garage McConnellsburg, and that he is prepared to do all kinds of new and repair work, and at very reasonable prices. Gather up your broken furniture, or give him an order for any new work you may need, and see how well you will be pleased.

Any work left with Court Carbaugh, near Big Cove Tannery, or with Hayes Sowers, at Clito, will receive prompt attention and be returned promptly. Give Joseph a trial.

PIANOS, PLAYER PIANOS, ORGANS and VICTROLAS.

Pianos are like shoes—some makes good, some bad. They all look alike to the unsophisticated, and here's where the "peddler" gets in his work. He's here to-day with the piano; To-morrow he's away. You have the piano, he has your money.

I have been doing business with the people of Fulton county for ten years. I own real estate and pay tax. I am here to make good if the instrument I sell you is not satisfactory in every respect.

HARMONY
HAIR BEAUTIFIER

Is just what its name implies.—Just to make the hair glossy, lustrous, more beautiful.—Just to make it easier to dress, and more natural to fall easily and gracefully into the wavy lines and folds of the coiffure.

It leaves a delightful fresh and cool effect, and a lingering, delicate perfume. Will not change or darken the color. Contains no oil; therefore doesn't leave the hair sticky or stringy. Simply sprinkle a little on your hair each time before brushing it. But first, make sure that your hair and scalp are clean, by using

Harmony Shampoo

—A liquid shampoo to keep the hair clean, soft, smooth and beautiful. It gives an instantaneous, rich, foaming lather, penetrating to every part of the hair and scalp. It is washed off just as quickly, the entire operation taking only a few moments. It leaves no lumps or stickiness.—Just a refreshing sense of cool, sweet cleanliness.—Just a dainty, pleasant and clean fragrance.

—Both in odd-shaped ornamental bottles, with sprinkler tops.
