Give That Puffy Child This Guaranteed Remedy

If your child is under-weight listless, ailing, liable to get sick easily, it needs a medicine to build its weight and strength. For this purpose there is nothing else we know of that we can so strongly endorse as Rexall Olive Oil Emulsion. The remarkable success of this splendid medicine is due to the fact that it contains ingredients that tone the nerves, enrich the blood and furnish to the entire system the strength, weight and health-building substances it needs. And, it does all this without injuring the stomach. In fact, Rexall Olive Oil Emulsion is not only pleasant to take, but even the most sensitive stomach is benefited by it, and the digestion improved. On the other hand, it contains no alcohol or habit-forming drugs, which most parents object to giving their children. It does its good work by taking hold of the weakness and builds the body up to its natural strength, at the same time making it strong to resist disease.

If Rexall Olive Oil Emulsion doesn't build your child up, feed the starved, puny muscles, and make the little one lively, strong, well, and full of animal spirits children are meant by nature to have, come back and tell us and get your money back. We don't want you to lose a cent. We think this is no more than fair, and it leaves you no cause to hesitate. For old people also—for convalescents—for all who are nervous, tired-out, run-down no matter what the cause—we offer Rexall Olive Oil Emulsion with the same guarantee of entire satisfaction or money back. Sold only at the 7,000 Rexall Stores, and in this town only by us, \$1.00.

END.

Mrs. Mary Keith and grandson Kenneth who had been visiting her sons, William and Frank, in Altoona, have returned to their home in the Valley.

Mr. and Mrs. A. G. Edwards spent a week with their daughter, Mrs. W. H. Barnett, at Minersville recently.

The many friends of J. C. Foster were sorry to hear that he had gone to the Altoona Hospital with blood poison in his hand.

One of the heaviest snowstorms of the winter visited this locality last Friday. The high winds of Saturday drifted the roads badly. The thermometer has been near zero mark for several days.

Meade Barnett spent a few days with his brother Howard at the old home last week.

The protracted meeting held by Rev. Weise at the Valley church resulted in 33 conversions.

Edith and Pauline Anderson are spending some time with their parents at Kearney.

WHIPS LOVE.

February 12th.—Henry Sharp is seriously ill with Bright's disease.

Martha Smith is getting better. Lullie Garland is worse. Sammy and Will Diehl are about the same as last reported.

A. S. Layton's three children have been suffering with colds and swollen glands of the neck.

B. W. Morris' family have been under the weather for several weeks.

Mrs. Simon Garland is sick.

Anna B. Shively had the Doc called in to see her while he was making his regular round in the Cove.

But Three Ex-Governors Now.

The death of James A. Beaver leaves but three living ex-Governors of Pennsylvania. They are William A. Stone, who served from 1899 to 1903, Samuel W. Pennypacker, from 1903 to 1907, and Edwin S. Stuart, from 1907 to 1911. General Beaver was the third Governor from Centre county.

CURIOUS BITS OF HISTORY

LINCOLN'S ANSWER TO SEWARD.

By A. W. MACY.  
William H. Seward and his friends were sorely disappointed at his failure to secure the nomination for the presidency in 1860. Lincoln displayed both sagacity and magnanimity when he gave his defeated rival the most important place in his cabinet. At the time Lincoln was largely an unknown quantity, while Seward was a man of much experience in public affairs. Seward's friends confidently expected him to be the strong man of the cabinet, and even to overshadow the executive. Shortly after entering upon his duties he handed Lincoln a note containing "Some Thoughts for the President's Consideration." Among other things he suggested the necessity that some one should take the lead and grapple boldly with the situation, closing with these words: "Either the president must do it himself, or devolve it upon some member of the cabinet. . . . It is not my special province, but I neither seek to evade or assume responsibility." Lincoln answered the note the same day. On the question of leadership he simply said, "If this must be done, I must do it." The matter was dropped then and there, and with fine discretion Lincoln kept the correspondence secret.

J. B. Wineman, who had been in the mercantile business in Fannettsburg for thirty-five years, has sold his store to his son, W. W. Wineman. J. B. Wineman, the retiring merchant, has been in business for a longer period perhaps than any other merchant in Path Valley. He relinquished business with a host of friends, he always having been obliging and accommodating to his large number of customers. The new owner, Warren Wineman, will endeavor to serve the many old patrons in an equally courteous and satisfactory manner.

Among the converts at Billy Sunday's Evangelistic services in the big tabernacle in Pittsburgh, last Friday evening, were George Tener, brother of the Governor; Edward B. Bigelow, State Highway Commissioner, and John Francis, Warden of the Western Penitentiary. These gentlemen walked down the "sawdust path" were given the right hand of fellowship, and the regulation card just as those in the humblest station in life. Each will now select the church in which he may desire to have a church home.

Well, the bustle threatens again. Skirts like a Dutchman's breeches, have been getting wider and wider at the equatorial zone and need something or other to keep them from looking as if something had busted her galuses. And as modeests positively refuse to build them any other way—well, you know just how stubborn a "modeest is."—Exchange.

On account of the drifted roads Rev. A. G. E. Powers failed to reach Laurel Ridge last Sabbath, to fill his appointment to preach at that place; he will, therefore, preach at that place on the first Sabbath in March, at which time communion services will be held in connection with preaching at 10 o'clock, a. m.

Golf an Ancient Game. One of the few publications issued for extended circulation by the Brothers of the Book is entitled the Links of Ancient Rome. It is in Latin, and purports to show that the dignified game of golf was played on early Roman greens by characters who are famous in history. The Brothers of the Book is an organization of idealists in more or less widely separated cities. The headquarters are in Chicago.

Must Be Striven For. The old saw runs, "Sweetest nuts have hardest shells." This, we suppose, is a quaint way of saying that everything worth the having requires both pains and strains to acquire. The gold is not obtained until the rocks are crushed and the fires are applied. The best fruits of learning are obtained after great expense of time, labor and investigation.

How Things Have Changed! "You never used to come to me with the smell of liquor on your breath before we were married!" "No, and you never used to sing to me before we were married."

Tight. They were searching for a name for the new apartment house. "From the way you're going to pack the people in," remarked a prospective tenant, "I suggest that you call it 'The Sardina.'"

WILL LEAD FIGHT.

Palmer and McCormick Enter Democratic Primary Race.

Congressman A. Mitchell Palmer (upper portrait) has announced himself a candidate for United States senator against Senator Holes Penrose, and Vance C. McCormick, former mayor of Harrisburg (lower portrait), has entered the race for the Democratic nomination for governor. Both have been leaders in the reorganization movement in the Democratic party, and both have thrown down the gauntlet to the "Old Guard."

1900, he was elected a member of the common council, where he fought for the first improvement loan authorized by councils and approved by the people. Before his term in common council expired he was elected mayor for a term of three years.

His Work as Mayor.

During his administration Harrisburg underwent a complete physical metamorphosis. Paved streets took the place of dirt roads, a splendid park system was planned and far advanced toward completion, modern sewers took the place of open ditches and the people were supplied with an abundance of pure filtered water, instead of the muddy rawness drawn from a polluted river. Under his administration the volunteer fire department was reformed and improved, and the police department was taken entirely out of politics and brought to a state of discipline and efficiency never before approached in Harrisburg. Gambling houses, speakeasies and disorderly houses were closed up and their proprietors sent to prison or into voluntary exile.

He has always been actively interested in and a generous contributor to every charitable, philanthropic and educational enterprise in Harrisburg, and his benefactions have extended far beyond the limits of his own city and county.

Has Broad Interests.

A farmer as well as a banker and newspaper publisher he has been a leader in every enterprise for the improvement of agricultural methods and the breeds of live stock. For a number of years he has been a trustee of Pennsylvania State College and has taken a deep interest in the institution.

He was one of the original movers for good roads in Pennsylvania and has enthusiastically supported every proper measure for the betterment of the roads of the state.

The splendid work that Mr. McCormick has done during the last three years for the reorganization and purification of a Democratic state committee, resulting in the forced retirement of all the old bi-partisan traders, putting the direction of party affairs in the hands of clean, unselfish, progressive Democrats, making the organization immediately responsible to the will of the voters and helping to bring about the nomination and election of Woodrow Wilson as president of the United States, is a matter of recent history and is familiar to every man in the state.

Democrats who wish to vote at the primaries must be registered and enrolled. The last opportunity in townships and boroughs is March 18; in third class cities April 29 is the last day.

Doctors Palmer and Skinner came over to McConnellsburg last Thursday and, with Dr. Moser, went out to Hinstontown in the evening and performed a surgical operation on Mr. A. J. Lamberson for bladder trouble. Mr. Lamberson is getting along nicely, and it is hoped that the operation may afford permanent relief.

ECHOES FROM CHAMBERSBURG.

Chambersburg Happenings Always Interest Our Readers.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this Chambersburg resident leaves no room for doubt on this point.

Mrs. J. W. Ankerbraut, 461 S. Main St., Chambersburg, Pa., says: "My kidneys were weak and I suffered from hard back aches. It hurt me to stoop or lift. I had headaches and dizzy spells and my eyes were affected. Whenever I caught cold the trouble was worse. I finally used Doan's Kidney Pills and got great relief. They made my kidneys act right and removed the aches and pains in my back. Others of the family have been benefited by Doan's Kidney Pills. I will gladly recommend them."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ankerbraut had Foster Milburn Co., Proprietors, Buffalo, N. Y.

Will We Do It?

Mark what we have been telling our readers from time to time. There will have to be some patriotic work done on the State roads by local users of stretches of bad pieces of highway if any degree of comfort is desired. It will be a year before the legislature can meet and appropriate the automobile license money; and, while some work will be done this spring and summer, thousands of miles will have to wait.

Almost every week we read of local citizens meeting and giving a day or two free work, rather than to suffer from bad pieces of road. We have as much "spunk" here as they have elsewhere. We only need a leader to encourage the people to come out and rid the neighborhood of the nuisance of bad places. The present middle at Harrisburg is exasperating, but we should not spite our selves on that account, when we could actually make money by taking local matters into our own hands and give a day's work free, in order to save horses and machinery.

WHY FULTON COUNTY MERCHANTS SHOULD ADVERTISE IN THE FULTON COUNTY NEWS.

Written for the NEWS by

A \$2,000,000.00 Example.

Without a dollar's worth of business in sight, the Ward Baking Co. erected and equipped two magnificent bakeries in New York City, at a cost of \$2,000,000.

They knew the possibilities of advertising and depended upon advertising to make their New York business a success.

The result was that in eight months they obtained distribution for 350,000 loaves of bread per day.

Without advertising those two million dollar bakeries would be accumulating dust and cobwebs, and the two hundred autos used for delivery purposes would be idle.

James W. Shields, who resides in Stoufferstown, sold a Holstein cow a few days ago for \$100. Now that is a pointer to farmers who keep the common breed. That cow cost no more to keep than those that sell away down in price, but when it comes to swelling the bank account the receipts fall far below that obtained for Holstein or other of the special breeds.

The Biederwolf Evangelistic campaign in Waynesboro lasted five weeks. In that time 2,742 "decisions" were recorded, and the total attendance reached 171,500. At the final session 185 persons decided to lead a better life. The freewill offering to Dr. Biederwolf on the last Sabbath of the meeting as a token of appreciation for the work he did, amounted to \$3,200.00.

"Tango"—I Touch.

The Rev. Father J. C. Thompson rector of St. James' Catholic church, Steelton, Pa., has condemned the tango, hesitation and the other so-called modern dances.

Father Thompson recently addressed a short talk to the young people of his church in which he advised them to refrain from indulging in any of these dances. Using for his theme, "The Modern Dances," he characterized the tango as "the Devil's bait" and asserted that there was little doubt that the modern dances are indecent.

Quoting Bishop McGavick of Chicago, the Rev. Father Thompson said: "There is an epidemic of impurity which has grown and spread in the last few years. This epidemic is shown particularly in the modern dances which are merely imitations of the animals. They have descended to that—to the animals and worse. The special dance, over which the world seems to have gone mad, is a dance of sin. It comes from the haunts of sin and the houses of infamy. Its history is a history of sin." Father Thompson said today.

While we never saw the new "Devil's bait" for souls, called tango (which is Latin for I touch but having made some inquiries we find that the consensus of opinion is that the tango is immoral, indecent and vile and no decent woman would indulge in it under any circumstances."

A Good Investment.

"How can you afford the money for that?" asked a close-fisted neighbor of mine, years ago, as I was putting a window into the basement of our house to light up a workbench our children and their mother had planned for their use.

I replied; Yes, this will cost \$15 to say nothing of the work, but if it, makes the place interesting for the children, so they can benefit by working with their tools, and keeps them at home instead of idling their time elsewhere, mother and I think it will pay."

He disdainfully answered; "I don't believe in such nonsense," and went his way.

He has had trouble with his children; his boys ran away from home, one of them turned out badly. That our children have done better, mother and I attribute partly to the little workshop with which we provide them. One of our boys had a small print press down there, and is now in the publishing business. Another made a number of handy contrivances for use in the home and around the farm, is now in the agricultural college, and will return to run the farm. One daughter is married to a good farmer and runs her home better than I do mine, the other is studying domestic science.

HAVE IT REPAIRED!

In every family are chairs, bureaus, tables, stands, lounges and other kinds of furniture that would be just as good as new, if they were placed in the hands of a practical mechanic; and the cost would not be much when compared with the value. Old furniture can be made to look like new; in fact just now, old furniture polished and fixed up is more valuable than when first made. It may not be generally known that

Joseph Sowers

has a shop in the building just east of Cline's automobile garage McConnellsburg, and that he is prepared to do all kinds of new and repair work at very reasonable prices. Gather up your broken furniture, or give him an order for any new work you may need, and see how well you will be pleased. Any work left with Court Carbaugh near Big Cove Tannery, or with Hayes Sowers at Cato, will receive prompt attention and be returned promptly. Give Joseph a trial.

PIANOS, PLAYER PIANOS, ORGANS and VICTROLAS.

Pianos are like shoes—some makes good, some bad. They all look alike to the unsophisticated, and here's where the "peddler" gets in his work. He's here today with the piano; To-morrow he's away. You have the piano, he has your money.

I have been doing business with the people of Fulton county for ten years. I own real estate and pay tax. I am here to make good if the instrument I sell you is not satisfactory in every respect.

The following well known people have purchased Player Pianos and Pianos from me. Ask any of them about me before you buy from any one else.
