An even score of sleighs and sleds seen on Water street at one time last Saturday, made the old Burg look businesslike.

Business was practically at a standstill on Tuesday, owing to the roads leading out of town being shut from fence to fence with snow.

As a tribute of love, some of the ladies of the M. E. Church of McConnellsburg presented Mrs. Royer with a beautiful set of sterling silver spoons.

The Postoffice Department, in setting the dates for the examination of applicants for fourth class offices, has designated April 4th as the time for examinations in this county, at McConnellsburg. For further information, apply to the postmaster at this place.

A. L. Gardner, representing Golden & Company, Commission Merchants, Washington, D. C., spent several days last week in this vicinity, interviewing farmers with a view to having them ship cream to his company. We do not know what arrangement he made—if any.

President Wilson gave out the information on Monday that he did not intend to permit himself to be stampeded into hasty action in regard to Mexico by radical speeches in Congress, or by the newspapers. He intends to exhaust every possible effort to end the matter without the shedding of American blood. We intimated, however, that if it became necessary to resort to drastic measures, Mexico would get "a plenty." Jingoism had better not fool too far with Wilson's Scotch-Irish fighting blood; he seldom fights, but when he does look out!

**Everybody Come to Band Entertainment.**

It is the intention of the manager of the McConnellsburg Band to give a series of free open air concerts throughout the summer, and we are taking this method of raising a part of the money to defray expenses.

Every effort is being put forth to furnish a good grade of music to the town and vicinity once each week, and we ask of the people to give us their hearty support.

"My Queen in Calico" is a musical comedy taken from the middle and far West, and will give the audience an idea of the life of a Cowboy.

Ten musical numbers will be used throughout the play, and each number fits in its place.

The Chorus Girls, and the Cowboys enliven the play all the way through, so, come, and we will give you your money's worth, and you will help us financially in building up a good Band.

Prices next week.  
C. R. SHORE, Manager.

**Male Stenographers and Typewriters in Demand.**

The United States Civil Service Commission announces that while it has no difficulty in securing sufficient female stenographers and typewriters to meet the needs of the departments at Washington, the supply of male eligibles has not been equal to the demand. Young men who are at least 18 years of age and who are willing to accept the usual entrance salaries which are \$840 and \$900 a year, have excellent opportunities for appointment. While the entrance salaries are low, advancement is reasonably rapid to those meriting it. The examinations, which any competent stenographer should be able to pass, and are held each month in a year, except December, at the principal cities of the United States.

Full information in regard to the examination may be secured by addressing the United States Civil Service Commission, Washington, D. C., or the District Secretary, Post Office, Boston, Mass.

**Letter to Boys.**

Last week President Wilson wrote a letter to the boys of Philadelphia in which he said;

"No study is more important to the child than the study of the Bible and the truths which it teaches, and there is no more effective agency for such study than the Sunday School. It certainly is one of the greatest factors in our lives in the building of character and the development of moral fiber, for its influence begins almost as soon as the child is able to talk, and continues throughout life. The Sunday School lesson of today is the code of morals of tomorrow. Too much attention cannot be paid the work which the Sunday School is doing."

David Hershey, Taylor township, returned from Franklin county on Tuesday after having spent a week with his brother-in-law, O. B. Dunlap, who had sale last week. Mr. Hershey reports that cows sold for as much as \$150, but horses sold for very much lower prices than that which prevailed a year ago.

**THE GROWTH AND EARNINGS OF A BANK.**

There is no other line of business in the world that so much concerns the public and its welfare as the growth and earnings of a bank.

A little over two years ago—or more precisely—on January 1, 1912, The FULTON COUNTY BANK commenced business as a State Bank with a Capital of \$50,000.00 and total assets of a little over \$233,000.00.

Our last call for a statement—February 20, 1914—a little more than two years later, shows Total Assets of over \$350,000.00 and Surplus and Undivided profits of over \$19,000.00. During these two years \$8,000.00 was paid out in CASH DIVIDENDS to stockholders.

The above facts and figures are arguments.

Correct banking methods; Our integrity in dealing with the public; Conservative management; Confidence—These are the principles that helped to make this splendid showing possible.

C. R. SPANGLER, Vice President.
