George Garner and family have moved from Altoona, to take possession of the Samuel B. Oyler farm in Tod township that Mr. Garner purchased last fall. Mr. Garner is a former resident of the Cove, and he and his family are welcomed back after an absence of thirteen years.

Mr. Denton Hendershot a prominent farmer of Bethel township was in town on Monday. By reference to our advertising columns, readers will see that he wants to rent his farm. Mr. Hendershot said that he did not take the ride on the cowcatcher at Hancock as stated in the papers a few weeks ago.

When Judge Gillan granted license to some of the hotels, and refused others, in Franklin county last week, he told the temperance workers not to wait until next license court to make complaint against any hotel for violation of the law, but to notify him at once, and that he would revoke the license if the charge proved true.

I. Lovegold, of Coudersport made formal application at the March term of court of Allegheny county Pa., for license to steal horses. He had the right number of signers to his petition offered good bondsmen. He promised to steal nothing but shoes, would not steal money, and health nor souls. He seemed to feel that his prayer to Judge is as logical as that of applicants for license for some other things.

The Go To Church Movement.

Some one has said that going to church is largely a habit; that the majority of those who attend divine services on Sunday have been trained to it and from force of habit keep on attending.

There are some habits which are good; some which are bad. If a man gets into the habit of doing a bad thing day after day he finds it pretty hard to leave off doing it, even when he knows he ought not to do it.

How much better is it to get into the habit of doing those things which are helpful and beneficial.

The "go to church" movement which has been felt in many sections of the country for good is the result of a concerted effort on the part of the churches, and the newspapers aiding them, to get people into a habit of attending services on Sunday, because of the good results which they believe will come from it.

There has been a general and wide-spread criticism that the church has not been meeting its responsibilities or measuring up to its duties—yet after all the important movements for the betterment of conditions have had their inspiration if not their origin in the churches.

No man will be a worse citizen by identifying himself with some church organization. The church is not the end, nor is it perhaps the greatest means to the end, but it is the most helpful instrumentality for every man who earnestly desires to lead a better life. The "go to church" movement is worth while.—Franklin Repository.

From Rev. Rodgers

DEAR EDITOR:—The NEWS is a faithful messenger, bringing interesting and valuable information to my home each week, but as action is better than words, I will express my appreciation by enclosing a dollar for another year's subscription.

The winter has been mild. Health is fairly good. Our church and Sunday School work is of the living, progressive kind and everything is moving nicely.

This people strictly adhere to the written word of God and their pastor is pleased to "speak the word only" that their souls may live. This makes the reciprocal relation between pastor and congregation very pleasant. It also means a good, liberal material support for the pastor, and life and prosperity to the congregation. But it seems there are as many grades, and as great a variety, in the church work in this country as in farming or any other occupation. Much of it is a free religion in a free country; not governed by any special law or rule, either human or divine. With very few exceptions, my people are good, sober, quiet citizens.

Wishing the NEWS and its readers long life and good days, I am as ever,

J. B. RODGERS.

We Have Faith In

This Stomach Remedy.

A woman customer said to us the other day, "Say, you ought to tell everyone in town about Rexall Dyspepsia Tablets. I would myself if I could." That sets us thinking. So many people have used them and have so enthusiastically sounded their praises both to us and their friends, that we had an idea you all knew about them. But, in the chance that some of you who suffer from indigestion, heartburn, dyspepsia, or some other stomach complaint, don't know about them—we are writing this.

They contain Bismuth and Pepsin, two of the greatest digestive aids known to medical science. They soothe and comfort the stomach, promote the secretion of gastric juice, help to quickly digest the food and convert it into rich, red blood, and improve the action of the bowels. We believe them to be the best remedy made for indigestion and dyspepsia. We certainly wouldn't offer them to you entirely at our risk unless we felt sure they would do you a lot of good. If Rexall Dyspepsia Tablets do not relieve your indigestion, check the heartburn, and make it possible for you to eat what you like whenever you like, come back and get your money.

Sold only at the more than 7,000 Rexall Stores, and in this town only by us. Three sizes, 25c, 50c and \$1.00.

Resolutions of Respect.

At a regular meeting of Fort Littleton Lodge, I. O. O. F., held on Saturday evening, February 28, 1914, the following resolutions were adopted:

WHEREAS, It has pleased Almighty God, Supreme Ruler of our universe, to call from our midst our worthy and esteemed brother Nathan B. Henry; be it

RESOLVED, That through the death of brother Henry, his family has lost a kind and loving husband and father, and the Order a brother who was held high in esteem—not only by his fellow members, who appreciated his presence in the Lodge, by all his associates in the community in which he lived.

RESOLVED, That while time cannot fill the void in our hearts, and the vacancy in our Lodge, which the death of our brother has created, we are consoled in the knowledge that brother Henry strived to exemplify the principles of the Order in his everyday life, and he was ready to respond to the needs of a brother? As a memorial to him, be it further,

RESOLVED, That our charter be draped in mourning for a period of thirty days; that a copy of these resolutions be recorded in the minutes of the Lodge; that they be published in the County newspapers, and a copy be sent to the bereaved family.

Tactless, or, Worse.

Up to the first of March, over \$600,000 have been added to the automobile license fund of the State Treasury. This, together with the several millions already there, should give the State Highway Commission a good start—but will it? The officials appointed to build roads before the bond issue proposition fell through, but who are keeping the office chairs warm, are drawing their salaries and their breath. This, according to reliable figures, costs the State as much as actual road building, and will make great inroads on the funds. Men of all political faiths have unhesitatingly expressed their opinion of the business tact displayed by the managers of the bond issue affair, when the Commission went ahead and made a costly start to make roads before knowing that the voters would sustain them by permitting the bond issue. State officials in other departments, have said in our presence that it was one of the most unbusiness-like jobs ever attempted by men who were supposed to be business men. The veriest greenhorn would not have been so reckless with his own money, as were the ones who engineered the bond issue, when they had no assurance whatever that it was a sure thing.

Extra Seed Potatoes for 1914.

We quote the following wholesale prices on seed potatoes: Red River Valley (Dakota) stock, f. o. b. cars at Minneapolis—Extra Early Ohio (very fine stock) \$1.10 per bushel; Burbank and Rural New Yorker No. 2, 90 cts. per bushel; Early Rose and Carman No. 3, 95 cts. per bushel.

State of Maine stock, f. o. b. Philadelphia—Burpee's Extra Early, Quick Lunch (Norton Beauty) and Vermont Gold Coin at \$4.50 per 165 lb. sack.

We have purposely omitted other varieties because we are trying to standardize potato growing, using only varieties which combine yielding power with extra high quality. For such stock we can get extra prices in the city markets.

Northern grown seed yields better than home grown seed; and with seed potatoes at the prices quoted, we can't afford to cling to run down seed or to grow varieties which have no market standing.

We know of no better opportunity for boys to make money than to put out a potato patch this year. Keep the boys on the farm by giving them a chance to do work requiring care and skill and bringing them some money for their labor:

To those who go into this potato work we will send a circular telling how to prepare the ground, plant, fertilize, cultivate and spray the crop, how to control scab etc., and how to select seed for larger yields next year.

We will also keep in touch with each grower and arrange, in the fall (and summer) for shipments in solid carloads of single varieties, thereby securing a special price. It is proposed to do good marketing, and to get good prices for our labor.

We will also be able to supply growers with spraying outfits of all kinds and spraying materials at wholesale.

But, to take advantage of the prices quoted you must get your orders in promptly. The price will undoubtedly rise before long. The crop was short last year, and many will grow this year who did not last; and stocks may be exhausted before you get your seed if you don't hurry. Do it now.

Racket Store News

You may know it, or you may not; but the truth is, that Queen Quality Shoes are manufactured by the largest Shoe Factory in the whole United States. The Queen Quality factory makes more shoes, and sells more shoes than any other. This should be the best evidence that they sell good goods. If the shoes were not all that they are represented to be, the Queen Quality people could not do the business they are doing. We have handled the Queen Quality shoes for five years, and our trade in them has grown steadily with that of the factory. Now, if you have a hard foot to fit, come in and let us try to fit you. If we do not happen to have in stock your size and width, we can get it for you in three or four days and it will not mean any extra cost to you, either. The prices run from \$2.50 to \$5.00. We have shoes to fit your whole family, and prices to fit your pocket book.

PIANOS, PLAYER PIANOS, ORGANS and VICTROLAS.

Pianos are like shoes—some makes good, some bad. They all look alike to the unsophisticated, and here's where the "peddler" gets in his work. He's here today with the piano; To-morrow he's away. You have the piano, he has your money.

I have been doing business with the people of Fulton county for ten years. I own real estate and pay tax. I am here to make good if the instrument I sell you is not satisfactory in every respect.

The following well known people have purchased Player Pianos and Pianos from me. Ask any of them about me before you buy from any one else.
