Mr. Ira L. Peck, a former Fulton county teacher, but bookkeeper with the Landis Tool Company, Waynesboro, Pa., during the past year, has resigned the position with the Landis people, and has accepted a position as teacher of bookkeeping and the commercial branches incident thereto, in the Waynesboro Business College.

On Wednesday of last week, while A. J. Martin was attending a sale in the neighborhood, a big boy came to make his home at his residence. When seen by a reporter a few days later, Mr. Martin said that there had been no agreement between them as to wages; but, since Mrs. Martin had as much sayso in the matter as he, the boy would stay. Dr. Mosser did not give the weight.

John Napper, who runs a restaurant in Chambersburg for colored people, is considering the idea of leasing the Hotel John in that place, and running it as a hotel for colored people. The colored chauffeurs who come to that place with automobile touring parties have a hard time to find lodgings, and it is thought sufficient trade could be had from this source to make the hotel pay. The Hotel John is among the ones that failed to obtain license this year.

Sheep, or Dogs?
The United States Department of Agriculture is going after the dog question in communities where sheep should be a factor in the economical management of farms. Hundreds of farmers would raise, at least, a few sheep for profit if they had the assurance that dogs would not kill them. One roving, worthless cur can do thousands of dollars worth of damage, not only by killing sheep, but by preventing farmers from trying to raise them. The pity is that the worthless cur is, in most cases, the property of some worthless citizen—making the loss a double one. The Department puts it as follows: "It is seldom that the highly-bred, well-kept dogs attack sheep. The roving nondescripts do most of the damage. Communities in which the majority of the people consider sheep to be of more importance than dogs, will have a sentiment that is not healthful for dogs that travel independently."

A Real Nerve And Body-Building Medicine.
We believe Rexall Olive Oil Emulsion is the best remedy made for toning the nerves, enriching the blood, building up wasted tissues, renewing health, strength and energy—the best medicine you can use if you are run-down, tired out, nervous and debilitated no matter what the cause. It doesn't depend for its good effect upon alcohol or habit-forming drugs, because it contains none. It may not make you feel better in a few hours, but it will make you feel better, we are sure just as soon as the tonic and food properties it contains have a chance to get into the blood and, through the blood, into the rest of the system. Pure Olive Oil and the Hypophosphites have long been endorsed by successful physicians, but here, for the first time, they are combined in one preparation, which, as a nerve food and a builder of strength and health, we believe, has no equal. If you don't feel well, begin to

take Rexall Olive Oil Emulsion to day, and build your health and strengthen your system against more serious illness. To convalescent, old people, puny children and all others who are weak, run-down or ailing, we offer Rexall Olive Oil Emulsion with our personal promise that, if it doesn't make you well and strong again, it will cost you nothing. If we didn't have the utmost faith in it, we wouldn't offer it with this guarantee, nor even recommend it to you. We are sure that once you have used it you will recommend it to your friends, and thank us for having recommended it to you. Sold only at the more than 7,000 Rexall Stores and in this town only by us. Leslie W. Seylar, McConnellsburg, Pa.
Ex-Burgess Nesbit was using his foot for an axe the other day to break up box lids for kindling and ran a nail into that member. He said it makes him about half mad at himself for not knowing better, especially since he sells axes.

WALL PAPER

It is not too soon to begin to think of spring housecleaning. This means more than the beating of dust out of carpets, mopping the floor and washing the windows. Nothing adds so much to the BRIGHTNESS AND CHEERINESS of a home, to say nothing of the SANITARY value, as a new, bright beautiful and up-to-date wall paper.

George W. Reisner & Co., have anticipated your wants and have just placed on their shelves the LARGEST, FINEST, BRIGHTEST AND MOST VARIED ASSORTMENT OF BEAUTIFUL PATTERNS ever shown in this county, at prices from 4 cents up. If you make your selection before you see our's, you may be sorry all summer.

THE GROWTH AND EARNINGS OF A BANK.

There is no other line of business in the world that so much concerns the public and its welfare as the growth and earnings of a Bank. A little over two years ago—or more precisely—on January 1, 1912. The FULTON COUNTY BANK commenced business as a State Bank with a Capital of \$50,000.00 and total assets of a little over \$233,030.00.

Our last call for a statement—February 20, 1914—a little more than two years later, shows Total Assets of over \$350,000.00 and Surplus and Undivided profits of over \$19,000.00. During these two years \$6,000.00 was paid out in CASH DIVIDENDS to stockholders.

The above facts and figures are arguments. Correct banking methods; Our integrity in dealing with the public; Conservative management; Confidence—These are the principles that helped to make this splendid showing possible.
