Leslie W. Seylar moved his stock of drugs across the street, on Monday, to the J. Nelson Sipes store room, which was recently remodeled to suit Mr. Seylar's business. Being on the shady side of the street, his famous soda water will taste even cooler than ever, and the remedies for human ills impart still greater rejuvenating effects.

Since the groundhog lifted the lid, the weather has been mild and the snow has been rapidly disappearing. In 1964 the old folks will be saying to the youngsters, "we don't have any hard winters like we used to. You just ought to have seen the winter of 1914!" The ground has not been free from snow in this county since Christmas. The State Highway Department has paid more than \$20,000 dollars for shoveling the snow from the public roads.

Judge Ben Lindsey says that so long as we have forced women into economic competition with men, taking their part in the business and industrial world, it is not only unjust, but little short of a crime to deny them the same rights as men to participate in the government under which they live. In the end it will do more to return women to their proper sphere as homemakers and the mothers of children than any other step yet taken in our new civilization.

Villa, the cut-throat leader of the revolutionary forces in Mexico, is keeping his army in good spirits by promising each of them a plot of ground for his own when the war is over. It is easy to promise, but think it will turn out like the Carpet-baggers' "forty acres and a mule" promise to the southern negroes, after the Civil War.

tell us that when standing, a man's heart beats eighty-one times a minute; but when the man is seated, the same heart records only seventy-one beats to the minute. We know a young man in Three Springs who was seated on a sofa with a young lady a few nights since, and when the door opened and her father unexpectedly came into the room, the young man's heart, so he says—and not withstanding the fact, too, that he was not standing—flopped right up into his mouth and beat so rapidly that it churned his palate off.

To you, young man, no matter where you live, who have passed through the sofa days and whose heart is beating normal again, we extend a cordial invitation to you and your wife, to visit our Store and see the wonderful display of Housefurnishings that we have collected.

**WALL PAPER**

It is not too soon to begin to think of spring housecleaning. This means more than the beating of dust out of carpets, mopping the floor and washing the windows. Nothing adds so much to the BRIGHTNESS AND CHEERINESS of a home, to say nothing of the SANITARY value, as a new, bright beautiful and up-to-date wall paper.

George W. Reisner & Co., have anticipated your wants and have just placed on their shelves the LARGEST, FINEST, BRIGHTEST AND MOST VARIED ASSORTMENT OF BEAUTIFUL PATTERNS ever shown in this county, at prices from 4 cents up. If you make your selection before you see our's, you may be sorry all summer.

**THE GROWTH AND EARNINGS OF A BANK.**

There is no other line of business in the world that so much concerns the public and its welfare as the growth and earnings of a Bank.

A little over two years ago—or more precisely—on January 1, 1912. The FULTON COUNTY BANK commenced business as a State Bank with a Capital of \$50,000.00 and total assets of a little over \$233,000.00.

Our last call for a statement—February 20, 1914—a little more than two years later, shows Total Assets of over \$350,000.00 and Surplus and Undivided profits of over \$19,000.00 During these two years \$6,000.00 was paid out in CASH DIVIDENDS to stockholders.

The above facts and figures are arguments. Correct banking methods; Our integrity in dealing with the public; Conservative management; Confidence—These are the principles that helped to make this splendid showing possible.
