We are not finding fault, but we know for a surety that dogs and cats destroy quail's nests to such extent that bitter complaint is made in some quarters. A flock of quail on the farm will eat every potato bug they can find; but, of course, neither your nor my dog or cat would disturb their nests—it's always the other fellow's that destroys them. Speak to him about it.

150 Decisions for Sabbath School.

The reports received from the canvass for new members for Sabbath Schools are very gratifying. Seven schools in the county have reported namely, the five schools in McConnellsburg, the Burnt Cabins M. E. and the Big Cove Tannery Lutheran. In McConnellsburg alone, 84 new decisions were made. Two schools outside outside of town did remarkably well. The total so far reported is 150 new members. But, not only in numbers have the schools been benefited but in real personal face to face work; in-as-much as every school which has made the canvass has reported decided increase in personal spiritual life. Any member of the County Association will be pleased to advise the Superintendents, how to make your canvass. Trusting to be able to report that all the schools in the county have made a special canvass before the County Convention May 28 and 29 we are as ever, The Fulton County Sunday School Association.

Farm for Sale

containing 214 acres, about 140 acres cleared and balance in timber, situate in Montgomery township, Franklin county, about six miles from Mercersburg. Buildings all in first class condition, new Bank Barn, all fine Outbuildings, such as Hog Pen, Chicken Houses, Wagon Shed and Corn Cribs. A 1 House of 8 rooms, water, which runs by gravity, at barn. The edict has gone forth that all candidates for office whether state or national, will be required to declare their sentiments relative to the question of prohibition. From the Atlantic to the Pacific has the feeling been aroused against the manufacture and sale of intoxicating liquors, and we hope the day may soon come when booze will be downed forever and forever.

Men with money to spend are still experimenting with two-wheeled, small traction engine to be used in place of horses to draw plows, wagons, etc. A recent illustration show a man sitting on a riding plow and driving the little traction with lines, same as used to drive a horse. Some one will hit the right idea for a practical farm traction, one of these fine days.

PIANOS, PLAYER PIANOS, ORGANS and VICTROLAS.

Pianos are like shoes—some makes good, some bad. They all look alike to the unsophisticated, and here's where the "peddler" gets in his work. He's here today with the piano; To-morrow he's away. You have the piano, he has your money.

I have been doing business with the people of Fulton county for ten years. I own real estate and pay tax. I am here to make good if the instrument I sell you is not satisfactory in every respect.
