The many friends of Mr. and Mrs. Scott Kegarise will be pleased to learn that they have purchased a nice home at 611 East Grant avenue, Altoona, where they have all the city conveniences. The Fulton County News will continue to keep them in touch with their old Fulton county friends.

Spring poets are getting ripe. Now, spring poetry is all right, but the trouble is the poet insists on having his effervescence published, and there is where the wrong comes in. Spring poetry is one of those things each one wants to write for himself. If you care to keep a man's friendship, never ask him to read your spring poetry when he knows he has a much better set of verses of his own.

According to an estimate by Sir John Murray, the total annual rainfall upon all the land of the globe amounts to 29,347.4 cubic miles, and of this quantity 6,524 cubic miles drains off through rivers to the sea. A cubic mile of river water weighs, approximately, 4,205,650,000 tons and carries in solution, on the average, about 420,000 tons of foreign matter. In all, about 2,735,000,000 tons of solid substances are thus carried annually to the ocean.—United States Geological Survey.

For Better Bread.

Little do we think of how much we are indebted to chemistry for nearly every manufactured article we enjoy. Bread making is about the last thing we would think of as attracting the attention of these tireless workers among sickening fumes and vapors; but big bakeries are spending each year enough money to buy any half-dozen Fulton county farms in order to find better methods of making better bread. The work is being done chiefly, in our college laboratories, but the bakers furnish the money for salaries and machinery. Not one family in each thousand in our big cities bake bread, and the big bakeries that use a carload of flour every twenty-four hours can well afford to spend large sums in order to obtain reliable information as to best ways to prepare food for the millions who daily depend on them for bread.

Township Banks.

On Christmas, 1913, banks were started in every township in this county. Deposits continued regularly for three months, until, had they remained intact, they would have measured many feet high. As it happened, few drafts were made on these banks during that time, the accumulated amounts of deposits going into the production of grain. These banks were not supposed to be permanent, and liquidation began about the middle of the present month. By the time this article reaches our readers most of the banks will have gone quietly out of existence. There were very many runs on some of these banks during the winter, but no harm came of the diversion as the "runs" were made chiefly by children and those who were obliged to come to town for supplies. The winter of 1913-14 will long be remembered for its banks—snowbanks.

DeKalb Baldwin, son of J. H. Baldwin, of this place, will become a student of the C. V. S. N. S. at the opening of the Spring term.

MUST BELIEVE IT

When Well-known McConnellsburg People Tell it So Plainly.

When public endorsement is made by a representative citizen of McConnellsburg the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney backache, every man, woman or child with kidney trouble will do well to read the following:

J. C. Fore, Water St., McConnellsburg, Pa., says: "About a year ago I caught a severe cold which settled across the small of my back. My kidneys troubled me badly at times and the kidney secretions were painful and irregular in passage at night. I felt lame and stiff, and there was swelling in my limbs and wrists. I had a doctor at the time, but his treatment didn't give me much relief. My brother who keeps a general store in Knobs, Pa. insisted on my trying Doan's Kidney Pills. I did and one box gave me relief. The pains soon left my back, and I haven't had any trouble since. I am never without Doan's Kidney Pills." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fore had. Foster-Milburn Co., Props., Buffalo, N. Y.

Only Thirty Dollars.

Some of our readers have talked seriously about the advantage of having a convenient canning establishment in their midst, but had no idea of the cost nor what would be necessary.

We got in touch with a reliable manufacturer and gave our readers the reduced prices he named. We found that for twenty-five or thirty-five dollars according to size, he would deliver the furnace and necessary articles that go with it for a plant that would handle one thousand cans a day. The process of canning by this method is exactly the same as when you use your stove and dish pan or wash boiler. Any woman who is an expert home-canner can take hold and use the factory furnace, even if no instructions came with it. But full instructions come with every outfit, besides many receipts that are easily followed if you never canned fruit before.

The simplest form is a double lined sheetiron furnace long enough to burn four-foot wood, and is fitted on the top with a pan to hold water. Three or four other pans fit into this one, and are furnished with strong handles, they can be handled very easily. A lifter for separate cans is also furnished. In this way the one who is attending to the cooking of the fruit can keep as many cans going in one stage of the process as is convenient. Any woman who is expert at canning on a common stove can do so on these furnaces but with much more convenience, and as rapidly as several assistants can prepare the fruit. A soldering outfit comes with the canner, and a smart boy can solder them shut at the proper moment.

Think of the thousands of cans of fruit and berries that could be preserved and sold in this way if some one would bring one of these furnaces into your community.

C. R. SHORE

Practical Painter and Paper Hanger, McConnellsburg, Pa.

I have my 1914 Sample Book from which you can select all the latest and best things in Wall Paper. Satisfaction Guaranteed. Estimates furnished on request.

W. M. COMERER, agent for THE GEISER MANUFACTURING COMPANY, BURNT CABINS, PA. for the sale of Traction and Portable Engines, Gasoline Separators, Clover Hullers, Saw-mills, &c. Engines on hand all the time.

Racket Store News

You may know it, or you may not; but the truth is, that Queen Quality Shoes are manufactured by the largest Shoe Factory in the whole United States. The Queen Quality factory makes more shoes, and sells more shoes than any other. This should be the best evidence that they sell good goods. If the shoes were not all that they are represented, to be, the Queen Quality people could not do the business they are doing. We have handled the Queen Quality shoes for five years, and our trade in them has grown steadily with that of the factory. Now, if you have a hard foot to fit, come in and let us try to fit you. If we do not happen to have in stock your size and width, we can get it for you in three or four days and it will not mean any extra cost to you, either. The prices run from \$2.50 to \$5.00. We have shoes to fit your whole family, and prices to fit your pocket book.

Note these Prices on Other Things.

- Felt Window Shades 8c
- Oil Shades 23c

American Wire Fence

Last November when wire was at the lowest we bought the largest car we ever bought, and are in a position to sell it cheaper than last spring. If we were to buy now we would have to ask 2 to 3c. Rod more. Just as long as this car lasts we will sell at the down price, 20c to 38c.

Wall Paper! Wall Paper!

Just got 3000 Rolls of Wall Paper and the new designs are beautiful. Call and see this line, price 3c to 5c bolt. Border the same price.

Clothing! Clothing!

We now have a nice line of Suits for every one in the family at good prices. We can save you money on these goods. See our line of men's pants.

Just got another lot of Durham Duplex Razors at the old price, 35c. Blades 50c. for 12 cutting edges.

Call and see us whether you want to buy or not.

Respectfully,
HULL & BENDER.

L. W. FUNK,

DEALER IN HIGH GRADE

PIANOS, PLAYER PIANOS, ORGANS and VICTROLAS.

Pianos are like shoes—some makes good, some bad. They all look alike to the unsophisticated, and here's where the "peddler" gets in his work. He's here to-day with the piano; To-morrow he's away. You have the piano, he has your money.

I have been doing business with the people of Fulton county for ten years. I own real estate and pay tax. I am here to make good if the instrument I sell you is not satisfactory in every respect.

The following well known people have purchased Player Pianos and Pianos from me. Ask any of them about me before you buy from any one else.
