Resolved, That we bow in humble submission, to the divine will of the all wise Father, believing, that our brother has been transplanted to an eternal world, there to reap the rewards of a christian life here, and that our loss is his eternal gain.

Resolved, That we extend to the father and mother, brothers and sisters of the deceased, our sincere sympathy in their bereavement, realizing that he has gone to be a member of that infinite society of Celestial members.

THE GROWTH AND EARNINGS OF A BANK.

There is no other line of business in the world that so much concerns the public and its welfare as the growth and earnings of a Bank.

A little over two years ago—or more precisely—on January 1, 1912, The FULTON COUNTY BANK commenced business as a State Bank with a Capital of \$50,000.00 and total assets of a little over \$233,000.00.

Our last call for a statement—February 20, 1914—a little more than two years later, shows Total Assets of over \$350,000.00 and Surplus and Undivided profits of over \$19,000.00 During these two years \$6,000.00 was paid out in CASH DIVIDENDS to stockholders.

The above facts and figures are arguments.

Correct banking methods; Our integrity in dealing with the public; Conservative management; Confidence.—These are the principles that helped to make this splendid showing possible.
