Five tons of crushed stone to the load soon wore out the solid rubber tires on the State Highway's auto truck, on Cove mountain.

Did you put up that old shoe, hollow stick of wood, or a little box for the wrens? Remember, the entrance hole must be just three-quarters of an inch in size or the sparrows will take possession.

Abner Lake and two children were pleasant visitors in the home of Joseph E. Mellott last Sunday. B. F. Daniels and family, of Hancock, spent the time in the same home from Saturday until Monday.

**HIDES.**—Frank B. Sipes pays the highest market price for beef hides at their butcher shop in McConnellsburg, also highest price paid for calf skins sheepskins and tallow.

Wells township occupies the unique position of having lots of road money in the treasury, but lacks men to work on the roads. Gee, but work must be plenty over there! But then—they say the sun makes the roads in Wells.

We try to mow the alfalfa from our chins twice a week, at least; and every time we mow we feel regret that the chins (hills) out in Licking Creek township are not clothed with an equally persistent growth of alfalfa of the trifoliate variety.

A low rate excursion will be run over the Cumberland Valley railroad of June 11th, to State College, in order that farmers may visit that institution to learn more of what is being done there in the way of experimenting on better farming. A through train will run to the College.

From one of our exchanges we learn that a month-old Holstein bull calf was purchased in the northern part of the State for \$5,390; after keeping it for four weeks the owner sold it at auction in Syracuse two weeks ago for \$11,300, a clear gain of \$5,900, or more than double what he paid for it. That profit of \$5,900 is more than many persons make in a life time.

**FACT.**

**Local Evidence.**

Evidence that can be verified. Fact is what we want. Opinion is not enough. Opinions differ. Here's a McConnellsburg fact. You can test it.

F. M. Taylor, civil engineer, Water St., McConnellsburg, Pa. says: "I suffered from severe pains in my back and loins. I had weak kidneys, the action being somewhat irregular. I was advised to Use Doan's Kidney Pills by a friend at Burnt Cabins who told me how he had been cured by them. I got a box and could notice a difference immediately. Doan's Kidney Pills gave me great relief. I always take them with me when I go out of town because if I catch cold, I get a slight attack of the trouble. When this occurs I can always depend on Doan's Kidney Pills. I recommend this remedy whenever I hear anyone suffering from back ache or kidney weakness. I confirm the endorsement I gave Doan's Kidney Pills some years ago."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Taylor had. Foster-Milburn Co., Props., Buffalo, N. Y.

**When Subscriptions Are Paid.**

When you make a payment on your subscription account do not overlook the fact that no receipts are given unless payment is made at this office and a request is made for a receipt when remittances are received through the mail. If our subscribers will bear this in mind it will save them needless worry as to whether or not remittances are received by us for the fact that the label on your paper is your receipt and if the date has been changed thereon you may rest assured that remittance has been received and properly placed to your credit. The change of date on the label mentioned may not occur for several days and at times a week or more after remittance is received but be patient and keep looking for the change of date until it is made and if not made in due time then it is time to write us about it. We feel that with this explanation much annoyance both to us and our subscribers will be avoided.

**Moths and Lice.**

It is claimed that the strong scent of red cedar will keep moth from clothes, and lice from the roosts of poultry. This being the case, it would seem that the free use of red cedar, shavings, or sawdust, would be greatly preferred to that of the moth ball which leaves such a sickening odor on woolens and furs.

For poultry roosts, it is recommended that the roost poles be made of cedar, and that as much of this wood as possible be used in hen houses at places where lice harbor. An ample supply of cedar sawdust could be had by hacking a piece of the wood with a saw until the desired amount is procured, to be sprinkled freely among woolens and furs when they are packed away for the summer months.

**Whose Pigeon Is This?**

On May 25th, a blue pigeon came to the residence of John Gladfelter, Clear Ridge, Pa. It is very tame, and refuses to leave. The bird wears on one leg a gold band; and on the other, a silver band on which is marked "B. 6450." Mr. Gladfelter would be glad to hear from the owner in order to satisfy his curiosity as to where the wanderer came from.
