This is the time of year when we walk the streets looking in vain for friends from the country with news up their sleeves. But we console ourselves with the thought that they are at home harvesting dollars to spend later.

At a recent meeting of the Bedford County Pomona Grange, the following resolution was unanimously adopted: "Resolved, That we will not in the future support for office men who sign liquor applications; or who appear in court to plead the cause of liquor license applicants, or any candidate for judge who will not before election put a plank in his platform declaring that, if elected he will be governed in the matter of license by the wishes of a majority of the people of the district, as shown by signers for the applicant and for a remonstrance, if any there be.

"Waverly" Oils and Gasolines Cost More—Worth Most Gasolines—Lubricants—Wax—Specialties Waverly Oil Works Co., Pittsburgh. A letter from G. D. Morgret, farming near Cumberland, Va., says they began cutting wheat on the 10th of June, and at the time of the writing of his letter June 16th he was done cutting, and had his wheat in the barn. Mr. Morgret says there is lots of corn to plant in his neighborhood yet. Well, Well! Up here in Fulton county, we never bother with the harvesting until we get our corn planted. An acquaintance recently passed along a road while it was raining. He saw a small limb the size of his finger lying across the roadside gutter. He thought of removing it—but didn't. When he returned that way in the evening there was a washout where the limb had diverted a small amount of water. It cost his town ship probably ten dollars to repair the work of that little stick. Another instance where a little unselfish public spirit would have been profitable to that man. Mr. Frank H.
