Published Every Thursday.

B. W. PISK, Editor and Proprietor

McCONNELLSBURG, PA.

JULY 16, 1914

Published Weekly. \$1.00 per Annum in Advance.

Entered at the Postoffice at McConnellsburg, Pa., as second-class mail matter.

Mrs. W. M. Lodge, and children, of Saxton, were brought to McConnellsburg last Saturday in an automobile from Everett on account of the illness of her father, Albert Stoner.

Work was suspended for several days this week as the new building to be occupied by the Fulton County Bank, and, also, on the new front for the First National's banking room, on account of the non-arrival of some material from Harrisburg.

Ed A. Diehl and son Marshal, Emory A. Diehl and George S. Layton, all from near Locust Grove, were early callers at the NEWS office Monday morning. They came over in Ed's car to take back with them a new Ford for George Layton, purchased from dealer Kline. This make five Fords now in use in their part of Brush Creek township.

Mrs. Emma Pott Goudy, a former McConnellsburg girl, but for several years a resident of Waverly, Kans., is now visiting in the home of Mr. and Mrs. William B. Skinner in Franklin, Mo. Emma has been in poor health for five years; but she feels that she has received much benefit from treatment received by an osteopath since she came to Franklin.

Reed Ray, of Bethlehem, Pa., visited his mother, Mrs. Agness Ray, of this place, from Monday until Wednesday. Mr. Ray is in the tailoring business in his own shop, and reports all kinds of business good in the big steel works of that place. Mr. Ray insists that the reports of thousands of men having been laid off are not true. The steel business is as good as usual; but politicians magnify things for effect.

Garden seeds may now be bought pasted on strips of paper at just the right distance apart for planting. The glue with which they are stuck to the paper is composed of enough fertilizer to give the seedling a good start in life, and the back-breaking job of dropping the seeds is eliminated. All the gardener has to do is to open a furrow and lay the strip, which comes in rolls, in the bottom. Some of us lazy fellows will have to go back to farming in the near future if science keeps on producing labor-saving devices.

Wm. Hoop, of Licking Creek township, was taken to the Chambersburg hospital Wednesday of last week, in the hope that an operation for cancer of the stomach might relieve his suffering, but after the physicians had made a careful examination of their patient, they advised that he return home without undergoing what they said would be a useless, and perhaps fatal operation. Mr. Hoop was brought home Saturday. His brother Judge J. W. Hoop, was out to see him a few days ago and reports that he is not able to walk unassisted.

Charles, son of William Black, of this place, was taken to the Chambersburg hospital Thursday of last week where Doctors Palmer and Skinner used the X-ray to examine a dislocation of the elbow. About a month ago Charlie fell and dislocated one of his elbows. Dr. Dalby reduced it. Two weeks later the boy fell and injured the same joint, but it was not thought at the time that the injury was serious. Ten days later the Doctor was called to see him, and it was found that the elbow was again out of joint. Owing to the time that had elapsed, the Doctor could not relocate the bones without the aid of the X-Ray. The Chambersburg doctors reduced it to almost normal, and Charles may yet regain the full use of his arm.

DOING THEIR DUTY.

Scores of McConnellsburg Readers are Learning the Duty of the Kidneys.

To filter the blood is the kidneys duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow.

Help the kidneys do their work Use Doan's Kidney Pills—the tested kidney remedy.

Proof of their worth in the following.

Mrs. Dwight Stottlemeyer, 765 Fairground Ave., Chambersburg Pa., says: "some time ago I suffered from kidney complaint I had awful pains in the small of my back and my joints and muscles ached. My head pained me and I had dizzy spells. I couldn't stoop and the trouble made me weak all over. The secretions from my kidneys caused me no end of annoyance. I was advised to try Doan's Kidney Pills and I did. I soon got relief from the pains and aches and my kidneys became normal. I now feel better in every way. Whenever I need a kidney remedy, I take a few doses of Doan's Kidney Pills and am all right."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stottlemeyer had. Foster-Milburn Co., Props., Buffalo, N. Y.

SALVIA

Mr. and Mrs. W. C. Patterson, and daughter Isabelle, of McConnellsburg, were very agreeable and enjoyable callers on the J. A. Stewart family, on Friday p. m., last.

Charlie Mann, Jr. of Los Angeles, Cal., arrived on Thursday last, on a visit to his father, and other friends in this section. He says the days are much hotter in the San Joaquin Valley than here.

Postmaster C. H. Mann, his wife, his sister and his son Charles were visiting relatives and friends in Everett from Friday, to Monday of this week.

Seems the stork had almost ceased coming to this section; but he has made a fresh start of late—calling at the home of Cleveland Strait and wife, leaving a little daughter to bless their home. 'Spect he'll call round quite frequently in the near future.

Roy Sipe's new barn was raised on Saturday last. H. L. Sipes is the contractor with two or three helpers.

His many friends in this, and Bedford counties, will be much pleased to hear that John Watson Ellmaker, of Lancaster, Pa., has come to spend the hot weather among the mountains, and is now the guest of Mr. and Mrs. Norman E. Akers, Sipes Mills. We hope the pleasant, sociable people around that section will be free to make the acquaintance of Mr. Ellmaker, who delights in leaving the busy city, with its bustle, hustle, and heated environments, and in coming, to the mountains as he has done for fifteen or sixteen years past to spend the hot weather, and getting much needed rest. Mr. Ellmaker particularly delights in meeting plain country people, conversing and getting acquainted with them; and he never forgets the friendships he makes. He is ever thankful to any one who knows and reports of any scenic, historic, and genealogical interest in the community where he stops.

Our afflicted neighbor, Wm. H. Hoop, after having been taken to the Chambersburg Hospital for an x ray examination, investigation by the physicians thereof, we understand, his disease has been pronounced cancer of the stomach. Mr. Hoop, it is said, stood the trip, over on Wednesday and returned Saturday last, remarkably well. The sympathy of the entire community is extended to him and his family. Another afflicted neighbor, Wm. Daniels, is still very poorly, at this writing, and not much hopes for his recovery entertained. Disease said to be "Dropsy of liver."

Postmaster, Judge Buckley, of Fort Littleton, and son of his deceased wife's relatives, of Ohio, came to Green Hill Sunday, last to visit the tombs of his ancestor relatives—the Austins.

Mrs. Capt. Dixon and her grand-daughter, Miss Sipes, of Needmore, are visiting the form-

er's daughter, Mrs. Emory Hessler and family.

All the readers of the FULTON COUNTY NEWS ought to see the nice, smooth piece of State Road, at Saluvia, which Sanders Cline, supervisor of this section, has had made by quarrying the flinty portage rocks at the western base of Green Hill. After having them finely broken, has re-surfaced and crowned the stony, eroded pike, and thoroughly rolled and crushed until smooth. The Highway Department should now furnish Mr. Cline with two good coats of asphaltum to cement the crushed stone together. Then the long-cleated wheels of the tractors and the suction of tires could not tear up the resurfacing.

NEEDMORE.

The Sheaves are all in the barns and the zoot of the thresher is heard in our midst.

The electrical storm that passed over our settlement last Friday was of cyclonic nature. Lightning struck John Spade's house, and Roy Palmers barn on his upper place, and many trees.

Miss Katherine Hart went to Chambersburg to spend a week or ten days with her aunt, Mrs. Hattie Dixon.

Merrill Martin, of R. D. 4, Chambersburg, was in our section buying cows to ship to eastern markets.

Phil Maun, of Greencastle, spent Saturday and Sunday with friends on this side of the mountain.

Frank Mellott is the first to brag of having roasting ears to eat. Job Plessinger has the largest field corn in this section—some of it is seven and a half feet high.

My! The proposed highway that the State has taken over from the townships of Ayr and Belfast and has removed the breakers therefrom, is in a deplorable condition! It is worse now than when the supervisors used to take a bunch of men over the roads and throw a little dirt and weeds into the wagon runs and made plenty of "thank-em-mas" to turn the water into the gutters; but now, the water takes full possession of the road from the top of the hill to the bottom. We would wish to see some of the State officials that have charge of the roads come across the mountain from Webster Mill to Needmore in their large Cadillac car. I bet you that we would see them turning summersaults and handspins and cutting all kinds of air monkey-stones, and that they would return to State headquarters "blessing" the State Highway Department and its tribe.

WEST DUBLIN.

S. C. Gracey, of Mt. Union, spent a few days with relatives in this township and attended Bush Meeting at Gracey.

Wm. McClain and wife, of Robertsdale, visited relatives and attended Bush Meeting Sunday. They do not seem to grow older.

The rains of the past few days have been very good for crops.

Mrs. Anderson, of Tyrone, is visiting the family of her daughter, Mrs. Harris Wagner, of this township.

Frank Price has gone to Minersville where he has employment at the coke ovens.

Mrs. Elliott Kirk spent a few days last week with relatives in Wells Valley.

Several venomous snakes have been killed in this vicinity during the past week.

William King and wife, of Can do, North Dakota, after a visit of several weeks with relatives and friends in this township, left last Wednesday for home. They intended to visit relatives at Minersville, in Pittsburg, and in Illinois while returning home.

Mrs. Margaret Kesseling, of Hustontown, is visiting the family of her brother Casper Brant.

Our vicinity had a goodly number of representatives at the Bush Meeting at Gracey on Sunday. The sermon on Sunday forenoon was preached by Rev. Henry Wolf. His subject was: "Man; His Creation, Fall, and Redemption." Affirming his belief in the Bible account of Creation as opposed to the theory of evolution, Rev. Wolf told of the creation of Man in the spiritual image of God, of his being placed in the Garden of Eden, of the temptation and fall of Adam and Eve, of the Deluge to punish the disobedience of the children of men, of the promise to Abraham, of the destruction of Sodom, of the promises of a Redeemer by Moses and the other prophets, and the fulfillment of those promises when Christ came as the Savior of mankind.

L. W. FUNK

DEALER IN

High Grade Plain Pianos, Player Pianos, Organs, Victrolas, Records, and Professional Tuner, McConnellsburg,

Nothing adds more to the refinements of home than good music. To have good music you must have a good instrument. There are good bad and indifferent instruments, and to the unskilled eye they look much alike. The unprincipled dealer is likely to make you pay a first-class price for a fourth-class instrument. I have lived in this county since my birth, I am a taxpayer and in a position to make good any business transactions. Buy your piano, organ, or victrola from me and if it is not all right you can come back at me.

There are families in every part of this county that have purchased instruments from me. Ask them about me.

Perhaps you want to trade your organ for a Piano, or Player Piano; or your Plain Piano, for a Player. See me. Let's talk it over.
