McCONNELLSBURG, PA.

JULY 23, 1914

Published Weekly. \$1.00 per Annum in Advance.

Entered at the Postoffice at McConnellsburg, Pa. as second-class mail matter.

Misses Sarah and Maggie Michaels, of Everett, are visiting their sister, Mrs. Geo. W. Hays of this place.

Frank Calhoun and son, Simon Buzzard, David Clark, and Scott McGee composed an auto party that came down from Everett on Tuesday, spent the night at the City Hotel, went to Mercersburg Wednesday morning and returned home Wednesday evening.

The Pennsylvania and Cumberland Valley railroads are jointly erecting huge freight warehouses in Harrisburg, and are doubling the capacity of the bridge across the Susquehanna river. At Steelton, which joins Harrisburg on the south, the Pennsylvania Steel Company is spending \$8,000,000 on improvements.

Among the many girls who have married and left town to make their homes elsewhere is Minnie A. Dalbey who now resides at Martin's Ferry, O. A telegram received by her father, Dr. A. D. Dalbey last Sunday announced the interesting fact that an eleven-pound girl baby had arrived to bless Minnie's home. Her many friends here have sent congratulations.

R. M. Cline, M. W. Nace, E. R. McClain, E. C. Lamberson and B. W. Peck went over to Chambersburg last Saturday evening to hear W. Jennings deliver his Chautauqua lecture "The Signs of the Times." While the big tent in which the lecture was delivered had a seating capacity of two thousand, scores of people who applied for admission could not be accommodated.

Sheriff James J. Harris treated himself and family to a new Ford touring car last week. Like everything else Jim undertakes to do, he can run it first rate. There seems to be but one cure for the auto fever—get one. During a recent ride to Harrisburg with R. M. Cline, Jim's fever rose to 110 degrees, and the only way it could be reduced was to let Cline order him a machine.

Mrs. John Conrad met with a peculiar accident last Thursday that might have cost her the loss of an eye. She was in the act of prying open a box of rat poison, when the gas in the can finished the task with such force that the flying lid struck one of the lenses of her eyeglasses, breaking it into several pieces, and slightly injuring an eye. Mrs. Conrad has been in poor health for some time, and the shock caused her to faint.

The storm of Friday night, July 10th, blew down the tall corn in H. S. Daniels' lot in town and on the following Friday he brought a damaged stalk to the News office. The ear that had just started was nearly seven feet from the root. If the theory that the ear comes half way to the top is correct, the stalk would have grown to fourteen feet in height, had it been permitted to grow. Pretty good for July 17th.

After having spent several months in Washington, D. C., with her niece, Mrs. Marshall McKibbin, Miss Mollie Seylar returned to her home in this place last week. Miss Seylar was one of the 400 Suffragettes who recently marched up Pennsylvania Avenue in Washington to ask President Woodrow Wilson to use his influence to have the "Votes-for-Women" bill, that is now before Congress, passed. Mr. Wilson replied in guarded phrases without committing himself. Secretary of State, Wm. Jennings Bryan, afterwards publicly expressed his sentiment on the question by saying that he would not care to have any privileges that Mrs. Bryan could not enjoy.

McCONNELLSBURG WITNESSES.

The Name of McConnellsburg Persons Familiar to All.

Who are the Witnesses? They are McConnellsburg people. Residents of McConnellsburg who have had kidney backache, kidney ills, bladder ills; who have used Doan's Kidney Pills. These witnesses endorse Doan's.

One of McConnellsburg residents who speaks is L. A. Youse, retired butcher, of E. Water St. He says: "About three years ago my back ached badly and it hurt me to stoop or lift. Doan's Kidney Pills, procured at Trout's Drug Store, soon gave me relief. I gladly endorse them.

Mr. Youse is only one of many McConnellsburg people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you don't simply ask for a kidney remedy, ask distinctly for Doan's Kidney Pills, the same that Mr. Youse had—the remedy packed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

THOMPSON.

Miss Alice Brewer has organized a Teacher's Training Class at Rehoboth M. E. Sunday school. Let us now hope that A. T. T. C. will soon be formed in all our Sunday Schools. This is an interesting and instructive work should be taught wherever there are ardent Sunday School workers.

Mrs. Mary James is in a Baltimore Hospital where she recently underwent a serious surgical operation. Mrs. James is a sister of Prof. Scott who owns a large fruit farm in Thompson township.

Mr. and Mrs. Jacob Douglas and little son Harold spent last Sunday at Mac Littons.

Mrs. Mary A. Kelley, of McConnellsburg, visited in the family of Isaac Culler recently.

The annual picnic of the Rehoboth Sunday School will be held Saturday, August 1st in Prof. Scott's Grove. This is a most desirable place for a picnic, with an elegant hitching ground and good water close by. A most interesting programme is being prepared, good music will be furnished and elegant speakers will be present. If you want to take a day off, come and enjoy yourself.

Charles Fisher was at D. W. Mellott's last Sunday.

Don't forget the picnic at Antioch on Saturday, August 22.

WHY FULTON COUNTY MERCHANTS SHOULD ADVERTISE IN THE FULTON COUNTY NEWS.

Written for the News by "I'm Going To Smith's."

Did you ever realize the value of having the name of your business a by word among your town people?

When people say, "I'm going to Smith's," instead of "I'm going to town," it means a lot for Smith.

It means that Smith and his business are being advertised for him by word of mouth, and with out cost.

Advertising in the News will place you so prominently and so favorably before the public that when they think of an article in your line they will, at the same time think of you.

And you will get the business.

Evangelist Biederwolf Here.

Dr. W. E. Biederwolf, wife, sister-in-law, and the Doctor's cousin, Mr. Evan Biederwolf of Philadelphia, passed through McConnellsburg Tuesday on their way to Pittsburgh. They were traveling in Dr. Biederwolf's big touring car, and stopped at the Fulton House for supper. The reverend gentleman was greeted during his brief stay by many who heard him speak in Chambersburg last fall, and by some who knew him by reputation only, for he has a great reputation for being able to route His Satanic Majesty wherever he (the Doctor) holds forth his evangelistic services.

Dr. Biederwolf will lecture before several Chautauqua Societies in Indiana, during August, and on September 2nd, will sail for Great Britain where he has engagements to hold a series of services in London, Glasgow, and Edinburgh. We have not a bit of fear for the Doctor's safety when he tackles the American Satan; but we will continually feel anxious for his physical welfare after he goes to London, until he is again well out of the reach of the English Suffragettes.

What an Inch of Rain Means.

Did you ever realize the thousands of tons of rain fall even in the smallest showers? When you read in the paper that the precipitation was one inch you probably fail to comprehend just what that means, but if you were told that during the rain 110 tons of water, or 600 huge barrels had fallen on each acre of ground, then probably you would be able to visualize just what had happened when the little drops came pattering on the roof.

When you reflect that rainstorms often cover great areas and extend for many hours, or until four or five inches have fallen, you can imagine the enormous oceans of water that are precipitated during a storm. You can also get a fair idea of the reason why so-called cloud-bursts frequently do such fearful damage.

The addition to the Racket Store room has been completed, and it is now occupied. The general proprietors of that popular trading place now have a well lighted and airy room 75 feet in depth, with a floor space of more than 2,500 square feet, not including the basement and warehouse. In keeping with their enterprise, they have just installed one of the latest models of National Cash Register, which not only records amount of sale but hands out to each customer a receipted bill for his purchase.

High Grade Plain Pianos, Player Pianos, Organs, Victrolas, Records, and Professional Tuner, McConnellsburg.

Nothing adds more to the refinements of home than good music. To have good music you must have a good instrument. There are good bad and indifferent instruments, and to the unskilled eye they look much alike. The unprincipled dealer is likely to make you pay a first-class price for a fourth-class instrument. I have lived in this county since my birth, I am a taxpayer and in a position to make good any business transactions. Buy your piano, organ, or victrola from me and if it is not all right you can come back at me.

There are families in every part of this county that have purchased instruments from me. Ask them about me.

Perhaps you want to trade your organ for a Piano, or Player Piano; or your Plain Piano, for a Player. See me. Let's talk it over.

L. W. FUNK.
