School Appropriations Tied Up.
Warrants for the payment of State school appropriations to about one hundred districts are tied up somewhere between the Department of Public Instruction and the State Treasury. The warrants were signed by Superintendent N. C. Schaeffer last week and sent to the Auditor General's Department, but have not yet been signed. State Treasury officials have said that they are ready to pay warrants as fast as they are sent in, but the Auditor General's Department has not released them. Some days ago Auditor General A. W. Powell notified the Philadelphia school authorities that they would have to wait for their money owing to the heavy drafts on the finances of the State because of appropriations for charities, highway repairs and Government expenses. The department has been making settlements on taxes rapidly, but the money has been slow coming in.

Farmers To Sow Much Wheat.
More wheat will be put into the ground this Autumn in Pennsylvania than for several years, say officials of the State Department of Agriculture, who have been visiting various sections of the State and attending agricultural exhibitions. The year 1914 was notable for a large crop of wheat, preliminary estimates being about 24,000,000 bushels, and it is thought that with the right conditions that this may be exceeded. People on Capitol Hill attribute the planting of many additional acres in wheat to the high prices prevailing and to the prospects that there will be a large foreign demand for wheat next year.

Legislative Candidates Quit.
Withdrawals were filed by these legislative candidates: H. M. McCoy, Washington, First Delaware; James A. Kane, Democrat, Tenth Philadelphia; George S. Geyer, Bull Moose, First Lancaster. W. P. Dajnowski, Plymouth, filed papers to be Citizens' candidate in the Fifth Luzerne District.

Powell Heads State Auditors.
Auditor General A. W. Powell was notified that he had been elected president of the National Association of State Auditors and Comptrollers at the convention held in Denver. The Auditor General will accept and arrange for a meeting in the East next year. William Sohmer, Comptroller of New York, is a member of the executive committee.

Ridiculous Men Afraid of War.

London.—"Wanted—Petticoats for strong, able-bodied young men not in the army"—is a sample of personal advertisements in the columns of London papers since it has become evident that recruiting the army up to the strength desired by General Kitchener is to be slow work.

Another reads: "Doctor's wife, middle aged, will undertake the work of any tramway conductor, coachman, shop assistant, or other married worker with children, provided that worker will undertake to enlist and fight for his country in our hour of need. All wages earned will be turned over to the wife and family. Apply Mrs. Lowry, 1 Priory terrace, Kewgreen, S. W."
