Eight counties in the state have no prisoners in the penitentiary, nine counties have but one each, and 12 counties have but two each. Out of 50 counties, 42 have no poorhouses, and the few scattering poorhouses in the state have but few inmates. There are a few county hospitals where poor people are cared for if necessary, Fourteen county fails are reported empty. Four counties have no jails, and several county jails have but one or two prisoners. Pembina county has had no prisoners in fall for two years and has not had to call a jury to try a criminal case for a year and a half at a time."

SEEK TEMPERANCE TERRITORY The valuation of property in the Hyde Park no-license district of Chicago is estimated at \$75,000,000 more than it would be valued at if it had saloons. Chicago's city directory reveals the fact that many brewery officials live in Hyde Park. When liquor sellers want a good place in which to bring up their families they select a place free from saloons. Likewise, the man who patronizes a saloon prefers to live in no-license territory. That is why you never hear a real estate man advertising saloons."
