**Advertisement.**

We overheard a resident of Ayr township, who, by the way, is still active in business, remark that there are more than twice as many autos in his township as there were buggies when he was a boy. From four to six autos may be seen on some of our church greens each Sabbath, and they attract no more attention than did his father's family carriage fifty years ago.

**Two Accidents on Broad Top.**

On Thursday morning of last week, a broken cable let two loaded coal cars run over the end of the Tipple at Finleyville, near Sixmile Run, and injured a number of employees. William Hess aged 71 years, had his right leg crushed and the hip dislocated. The leg was amputated below the knee at Blair Memorial Hospital, Huntingdon. Henry Knode, injured on head and back, skull probably fractured. William Hollinshead injured severely about head, and one rib fractured.

The other accident occurred at Robertsdale on the same day, when a boiler exploded in the boiler room of the Rock Hill Coal and Iron Company's largest mine Oscar Brown was injured so badly that he died in half an hour. Howard Williams was blown under a car and may die. Others injured were; Oliver Leabhart, William Donahue, Sr., and George Leonard whose mule team took fright and ran over him. Albert Fraker, the fireman was blown 35 yds, and miraculously escaped with but a small cut on the head.

**The Philadelphia Record.**

About three-quarters of the newspapers of the country seem to be laboring under the impression of late that there is little of consequence going on anywhere in the world but the European war. A notable exception is "The Philadelphia Record," whose editors preserve a just sense of proportion in the presentation of the news, as usual. The war is getting all the attention it deserves in "The Record" in the shape of full and satisfying accounts from all the foreign sources, but it is not allowed to overshadow reports of other events, at home and abroad, in which well-balanced newspaper readers are interested.
