It was satisfactorily established by the old writers that the crows got their blackness in punishment for their sins. It seems to have been a futile punishment, for there is no living thing that shows in its demeanor less evidence of a repentant spirit. Instead of being ashamed of their blackness, crows, as an Indian writer has said, "swagger in it, and pretend that they chose that exact shade for themselves."

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon julce, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Saits is splendid for kidneys and causes no had effects whatever.
