B. R. Simpson, and Stanley Humbert of lower end of Ayr township, were fellow travelers last Saturday, and saw McConnellsburg together. To the former we are indebted for important news this week.

Mrs. Harry Hamil, of the City Hotel, returned to the University Hospital, Philadelphia, Tuesday morning for further treatment. This is the third time for Mrs. Hamil in that institution, and it is hoped that she may receive such benefit, that she will not have to go again.

Seed is being sown with a view to raising a larger crop of freight at this place for the proposed railroad to Fort Loudon. May the elements deal kindly with the seed, and may every man in this section help to inoculate it. Plenty of inoculating will have to be done; we are deficient in industrial bacteria.

Alumni Day.

Tuesday, June 23 is Alumni Day at the Cumberland Valley State Normal School. On that day it will be forty years since the first class was graduated from the school. It is planned to have elaborate exercises on that day, which will include a procession by classes, the singing of class songs, short addresses by prominent graduates of the school, and a general reunion. It is believed that from twelve to fifteen hundred persons will be present at these exercises.

All Alumni and former students are urged to attend.

Lenten Services.

Lenten services conducted by Rev. J. L. Yearick during the coming week will be as follows: Friday evening, February 26, Illustrated Lecture in the Reformed church at 7 o'clock; Sunday at 10:30, preaching in the Little Cove; Sunday evening, preaching in the Presbyterian church, McConnellsburg; Wednesday evening 7:30, Rev. F. W. Bald, of Mercersburg, will preach in the Presbyterian church. These services during the past week have been well attended and full of interest.

50,000-Dollar Bank Building.

Our neighboring town, Bedford, is to have a fifty-thousand dollar bank building right in the business center of the town.

The building will be 45 feet wide, 70 feet long, by about 35 feet high, designed both on exterior and interior in Ionic style, with portico at front. The entire front and both sides on exterior will be Vermont White Eureka marble. The building will be of fireproof construction and will cost about \$50,000, and will be used for banking purposes only. The inside being arranged on one side for the First National Bank and the other side for the Bedford County Trust Company, which has been recently organized.

The interior fixtures will be of English vein marble and plate glass, trimmed with verde antique marble. The inside walls will be richly decorated with pilasters, cornices and ceiling beams of ornamental plaster of Paris. The building will be equipped with vaults, large directors' room, rooms for ladies, gents, public, etc., all furnished with African mahogany furniture, making it one of the most beautiful and up-to-date banking buildings of its size in the State.

The interest of \$50,000 at 5 per cent. is \$2,500, and this added to the insurance, heat, light, and general upkeep of the building will mean a pretty stiff rental, even if that sum is shared by the two institutions.

Good Roads Day.

Perhaps, some of our readers may recall our story of how the people of Washington County, Pa., turned out last summer and built roads. The ladies went too, and cooked good dinners on improvised furnaces along the roads. The benefits to the County, for that day's work, were so satisfactory, that another good roads' day has been suggested—probably May 26th. Washington county has a Good Roads organization, and through it, an effort is being made to enlist the cooperation of every county in the State. Governor Brumbaugh is said to have caught the infection of Good Roads Day enthusiasm, and it is probable that he will issue a proclamation, and name May 26th as Good Roads Day for the whole State. Reports by counties will reach the people through the newspapers; so we must not let Fulton's report be behind that of any other county. We will publish the governor's proclamation, if he make one, as soon as we receive it.

But would it not be a good idea to begin preparations for a good roads day, State day or no State day? It is impossible for the Highway Department to quickly reach and repair all of the roads taken over by that institution. Good Roads Days, when town and country people turn out and make miles of roads, is the only way by which we will escape having to rattle over bad roads, in many localities, during the next five to ten years.

Apparatus for Making Ice.

Every farmer can have his own ice plant at a cost of from \$13 to \$20, if he will use the apparatus described in a new bulletin just issued by D. J. D. Walters, professor of architecture in the Kansas Agricultural college.

The ice plant is made of galvanized iron and consists of a double tank with an inner tank about 10 feet long, 2 feet wide, and 12 inches deep. The top of the tank should be slightly wider than the bottom. The inner tank should be divided into six compartments by means of galvanized iron strips.

This double tank should be placed near an outdoor pump where the compartments can be easily filled with water. Being exposed on all sides, the water will freeze in from one to three hours. A bucketful of hot water poured into the space between the two tanks will loosen the cakes so that they may be removed. One freezing will give five cakes of ice each weighing 120 pounds. Fourteen freezings will yield four tons of pure ice, or enough to last an average family for a year. The cakes of ice can be packed away in sawdust in the cellar as they are frozen. Of course, this ice plant must be operated in freezing weather.

EVERYBODY KNOWS WHY EVERYBODY ELSE TRADES AT THE RACKET STORE

The reason is simple—very simple—Direct and straight to the point.

It is because we give you better values for your money than and other store in this community.

It is because we never sell an article that we can not recommend or would not use in our own home.

It is because we know that the best way to get your dollar is to give you the worth of that dollar in return.

Now take a look at these special offerings we are making this week. Where could you duplicate them?
