MARCH HONOR ROLL.

Names of New Subscribers, and of Others Who Have Paid Subscription, During the Month of March.

Another month of the year 1915 has been reeled off, and we give you the names of those who have just enrolled themselves as member of the big "NEWS FAMILY," or have renewed their subscription. The subscription list of the FULTON COUNTY NEWS is growing steadily, and its friends will be pleased to know that its subscription list is more than twice as large as the average circulation of the country weekly newspapers in Pennsylvania. For this condition much of the credit is due to the loyal support of its hundreds of friends, who call the attention of THEIR friends to the NEWS, and are instrumental in increasing its circulation.

Look over the list of the March payers. See that you are properly credited, if you have paid during the month. See the names of others who have paid. You know many of them. Perhaps you did not know that they are reading and paying for the same newspaper you are taking. Here's the list:

A Laboratory of Thought.

Kansas and Wisconsin are now running neck and neck when it comes to freak legislation. The odds are all in favor of Kansas, the unique state of the union. Wisconsin has asserted a claim which must be recognized. There is, according to the Postal Guide, a town near Lacrosse which is indexed Waukon. In this little town an ordinance has been passed and is being enforced which might interest the rest of the country. A day is set aside every year and is designated "Bring-It-Back-Day." Those who borrow money, those who borrow property, those who borrow anything of a borrowable nature, are supposed on this particular day to bring it back, and if they do not comply with the municipal edict the town marshal goes after the borrowed articles and brings it back anyway—that is, if he can get it. In Kansas the "Pay-Up-Week" celebration has been a fruitful success and this week of the 52 almost everybody who is in a position to make restitution does his and her best to do so. Debt is the secret foe of thrift. The debt habit is the twin brother of poverty. The great trouble of the country is the credit system. An unknown man with scarcely and trouble, obtain credit. This encourages many to go wrong.

People who have credit and do a credit business buy more than they need. To keep clean in the eyes of the world, operate on a cash basis. This is not always possible. Some people have to depend on credit to exist, but when they are in this position they must understand that they are standing on the brink of disaster. In these two laboratories of thought laws have been enacted which may seem foolish, but there is logic in both. In neither case will the laws be held constitutional, but at the same time they encourage some people to do the right thing and pay up. A small debt, many argue, produces a friend. This is why credits are so easily obtained, but it must be remembered that a large debt creates an enemy. The pay-up-week idea and bring-it-back day in Wisconsin are not so foolish after all. There is so much method in such legislation that it should not be ridiculed. The first step in debt is like the first step in falsehood. It must be followed up until one is hopelessly involved. Pay up, bring it back, keep yourself clear. The way then will be free of obstacles.

Miss Alda Sharpe of Pleasant Ridge is spending this week in the home of her grandparents Mr. and Mrs. Geo. W. Sipes near Hustontown.

TO PEOPLE WITH BRAINS

Bring your brains here and turn them loose in our GROCERY department. They will ferret out more bargains in ten minutes than we could tell you in a whole page advertisement. Your brains will spot the sweetness of our syrups, the rich aroma of our coffees, the delightfulness of our teas, the splendid quality of our sugars, and canned goods, and of the many other table necessities and luxuries we carry. And your brains will note the value and reasonableness in price of every article.

Turn your brains loose in our CLOTHING department. It will be a treat for them to see the exceptional offerings we are making in our spring and summer wear for men and boys, to note the new styles in furnishings, to test the value of cloth in our goods, and to note the splendid fit and workmanship of every piece we sell. And PRICE! Say, that matter of price will be a delight to your brains for many a day to come. Bring your brains around.

And SHOES! You won't need brains in your heels if you buy our shoes, for those shoes are so well made, easy fitting, foot resting, and brain easing that you will want nothing else after once giving them a trial. There are all kind of shoes in the world, but the shoe that flashes a feeling of ecstasy to the brains must be MADE RIGHT by people who KNOW HOW TO MAKE SHOES. We sell these shoes, and the price is as easy as the shoe.

Housecleaning time is just here and we have a large stock of WALL PAPERS from 5 cents up; Window blinds, Curtains, and curtain nets from 10 cents a yard up. Splendid assortment of Carpets, Rugs, and Linoleums.

AND THE WOMEN, bless 'em! They know where the good things are, for of all the people of the earth women are the keenest users of brains in shopping. Our store is so full of good things for women that they just flock in every day in large numbers and buy our dress goods, and furnishings, and the thousand and one other things we carry that are used every day in dress or in the home. And especially are the women attracted just now by our spring wearing apparel, which is superior to anything we have ever before shown. Our goods and prices are popular with the women, and, OF COURSE, the women are popular with us.

Just make a habit of coming around to our store for everything you want. We carry most things ourselves, but if it should happen to be something out of our line we'll tell you where to find it. And you will be surprised at the many hundreds of things we carry, and all to the good, with not much of a price tacked onto them, either.

DEALER IN

High Grade Plain Pianos, Player Pianos, Organs, Victrolas, Records, and Professional Turner, McConnellsburg,

Nothing adds more to the refinements of home than good music. To have good music you must have a good instrument. There are good bad and indifferent instruments, and to the unskilled eye they look much alike. The unprincipled dealer is likely to make you pay a first-class price for a fourth-class instrument. I have lived in this county since my birth, I am a taxpayer and in a position to make good any business transactions. Buy your piano, organ, or victrola from me and if it is not all right you can come back at me.

There are families in every part of this county that have purchased instruments from me. Ask them about me.

Perhaps you want to trade your organ for a Piano, or Player Piano; or your Plain Piano, for a Player. See me. Let's talk it over.
