HERE'S PROOF.

A McConnellsburg Citizen Tells of His Experience.

You have a right to doubt statements of people living far away but can you doubt McConnellsburg endorsement?

Read it: F. M. Taylor, civil engineer, Water St., McConnellsburg, says "I suffered from severe pains to my back and loins. My kidneys were weak and their action irregular. I was advised to use Doan's Kidney Pills. I got a box and they gave me great relief. I always take them with me when I go out of town because if I catch cold, I get a slight attack of the trouble. When this occurs I can always depend on Doan's Kidney Pills."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Taylor had. Foster-Milburn Co., Props., Buffalo, N. Y.

SALVIA

Mrs. Clara Decker expects to start on the 12th inst. to make an extended visit to her two sisters and their families, her three sons and their families, in Iowa, and one son and family in Omaha. Verlie expects to accompany his mother to the West with the expectation of finding employment. Our new railroad will "head off" further less to County by best of our young men—as in the past—having to leave to find lucrative employment.—Editor.

The attendance at the Ladies Aid "Magic" supper on Saturday evening last, was fairly good for such a wild, stormy night.

Rev. J. L. Yearick is announced to preach at Green Hill Presbyterian church Sunday, April 11th, at 2:30 p. m. A cordial invitation to everybody to attend.

Fernando Decker is building a summer kitchen.

Some of the kind neighbors of Mr. and Mrs. John Mamma are assisting them in building a new house, having it now under roof, to replace one burned last week.

The schools in Licking Creek township have nearly all closed for the term.

Rev. E. J. Croft has announced preaching at Asbury M. E. church on next Sunday, at 7:00 p. m.

Spring weather very much different from last year. On March 27, 1914, the temperature reached 73 degrees—regular summer-like heat—while on the same date this year, the mercury, at the same hour, registered 22 degrees, and had been as low in the morning as 14 degrees.

WATERFALL

Mrs. Ida Barnett and two children visited at John Gracey's Sunday.

Mrs. Alice Miller, formerly of this place has gone to housekeeping near Three Springs.

A number of the people of this community attended Easter services at Fairview.

Mr. and Mrs. George Raker and two children Willard and Mabel, spent Sunday at Albert King's.

The revival meeting at Mt. Tabor has closed.

Have You Catarrh?

Is nasal breathing impaired? Does your voice get husky or your throat clogged? Modern science proves that catarrh is a symptom of poor health; when the system is weakened it is quickly indicated by the flow of secretion from the mucous membrane, and it is useless to treat the spot with snuffs and vapors because they only irritate the inflamed and delicate tissues. The best physicians to-day emphasize that you should build your general health with the oil-food in Scott's Emulsion, which contains glycerine to soothe and heal, hypophosphites to strengthen the nerves, and cod liver oil to create rich blood, build strength and vigor. Its nourishing powers will aid nutrition and assimilation and assist nature to check the inflammation and heal the sensitive membranes which are affected. Scott's Emulsion not only relieves catarrh, but builds you up at the same time. Every drugist has it.

Sow in May--Not April.

In hurriedly writing our article on soybean hay last week, we mentioned April as the month for sowing, when we meant May; although the thing to keep in mind is that they should not be sown until danger of frost is passed.

If you are thinking of sowing soybeans to take the place of clover and timothy hay, bear in mind that the young plant is very tender, and unlike cowpeas, and some of its other relatives, soybeans cannot push their way through a crust. For this reason they should not be sown just before a shower, but sown soon after a rain, and when the weather promises to be fair for a few days until the beans come up.

Our advice to sow soybeans this spring is based on the experience of our agriculturists at State College, and upon the advice of successful private farmers. Our readers may depend upon it that they will never be asked to demonstrate finely spun theories that have not been proven practical and advantageous to this section of the State.

If the 1915 hay crop depends upon something else than clover and timothy, we are convinced that soybean hay will not disappoint. Take no chance, but follow advice recommended by successful growers and inoculate the seed before sowing.

Mr. W. Calvin Patterson of the Brookside farm, Ayr township, is of the opinion that a cultivated crop of soybeans is not necessary in order that the stubble may be quickly prepared for a wheat seedbed this fall. He says that if the beans are sown broadcast, and well disked in, the stubble ground can then be prepared for wheat with a harrow. Perhaps, in case seed is broadcasted, four pecks should be sown, instead of three, as recommended for drilling.

Value of Good Manners.

Editor News.—The more I think on the subject, the more I believe we should all cultivate the all-important art of winning people's confidence. The art of gaining people's confidence quickly, and retaining it, is of priceless value to any person who would want to get on in the world. While it is, in many instances, a natural gift with some persons to possess the art of winning people's favor and confidence; yet, I believe, that like most of the good qualities of character, the art may be acquired by earnestly seeking it.

Winning ways, winning personality, and engaging manners, will give us success in life in precedence to great abilities. For instance; it is not the teacher who knows most who is the most successful; it is the one who by tact and winning ways pleases, interests, and instructs. It is not the salesman who knows the business best, who is most valuable to his employers; but the one who is most courteous.

Let us never forget that a bright smiling face, engaging manners, winning ways, unbroken promises, and truthful demeanor will always create a good impression a thousand fold and do more to incline people's hearts toward us, and gain their esteem attention, and confidence, than a sour visage, disagreeable manners, lack of tact, and an unpleasant personality.

J. A. Stewart.

Will Make the Wasserman Test.

Harrisburg, April 3.—The state Department of Health Laboratory will hereafter make the Wasserman test for the physicians of the Commonwealth, according to the announcement made today by Dr. Samuel G. Dixon, Commissioner of Health.

This test makes it possible to determine whether human beings are suffering from the most dreaded of systemic or blood diseases, syphilis. Special containers have been prepared for the collection of the blood specimen necessary and these will be furnished physicians without charge upon application.

It is expected that the addition to the Laboratory service which is offered free by the Department of Health, will prove a great boon to hundreds of physicians who have doubtful cases under treatment.

Knobsville.

Changes of residence this spring in the vicinity of Knobsville are Geo. Charlton from the A. J. Fore farm to Chambersburg; Jas. McQuade, from McConnellsburg to farm where Mr. Charlton left; John Crouse from Fore farm to Burnt Cabins; Jackson Cook from Burnt Cabins to farm vacated by Mr. Crouse; Philip Finniff from Kelso farm to Spangler house in Knobsville; Turrance Kelso from B. L. Corbin's to where Mr. Finniff vacated, and Earl Long from Fort Littleton to the T. Scott Hershey house.

Now that spring is here, let everyone catch the spirit of improvement if it is to be for nothing more than for a coat of paint or whitewash to their yard fence. Every little helps.

D. W. Kelso is improving his property by building an addition to his dwelling house.

Mrs. (Captain) Collins was called home on account of the illness of her mother. The latter is better at present.

Miss Lillian Stinson and Miss Gertrude Galvin, of Fort Littleton, spent several days recently with the former's sister, Mrs. Harry Hamill.

Miss Lola Wilson spent a few days last week with her uncle, Clem Chesnut, at Hustontown.

Mrs. Emma Sharpe spent Sunday with her sister, Mrs. Jennie Long.

NEEDMORE.

Spring ploughing well on way. Rev. Beard began a series of meetings last Sunday, and was assisted by other ministers during the week.

Edward McCray erected a new yard fence.

After a brief sojourn in Pittsburgh, Dr. J. J. Palmer returned home last week.

Five Belfast people took the spring examination, Saturday.

Howard Garland purchased a new Ford. Now, girls, who will be the first to ride?

Bennett Mellott bought a new car.

All schools in this district will close this week with the exception of Needmore and Maple Grove.

Mack Mellott and Stullwell Truxax expect to fire their hmekilns next week.

Oscar Garland moved his sawmill to J. F. Garland's saw lumber for the latter's house.

Ephraim Lake left Monday for Savage, Montana, where he has employment for the summer.

John E. Lanehart has moved to his farm in Franklin county. The house vacated by him is now occupied by Isaac Peck and Thomas Wink.

Cove Churches Down Rum.

The Big Cove Tannery Lutheran church had a big temperance rally Thursday evening of last week. An audience of 250—mostly men—listened to a stirring sermon by the pastor, Rev. R. E. Peterman, after which they expressed the sentiment "Up with local option, down with rum!" Then they joined in singing "De Big Brewer's Hosses Can't Run Over Me." By a rising vote, it was agreed to send a telegram to Harrisburg asking the legislature to pass the local option bill.

A similar meeting was held in the Cto M. E. church Monday evening, and notwithstanding the storm, about 125 attended, and all but six rose to their feet when the time came to express the foregoing sentiments and send telegram to Harrisburg.

GRACEY.

March 30.—Miss Helen K. Edwards who spent her vacation in the home of her parents, Mr. and Mrs. A. R. Edwards, has returned to Normal School at Ship pensburg.

The revival services at Mount Tabor are still in progress.

Our school closed March 29th. Spring work among our farmers is in full swing.

Sunday School Tour.

All arrangements for a series of great conventions have been made. The tour begins on Monday, April 12th at Warfordsburg instead of April 15th as mistakenly reported before. The closing session will be on Sunday night April 18th in the High School Hall.—Fulton County S. S. Association.

The Splitlog Drag.

Like many other good texts, "splitlog drag" can never be "preached out." When made right, and used at the right time the simple instrument can be made to do more and better road repairing than any thing short of the steam roller. Dragged at an angle so that the front part of it scrapes the dirt into the middle of the road to crown it, while the rear part presses, smooths and trowels down the moist earth, its frequent use soon causes the surface to shed water, become hard, and by and by, the road becomes almost permanently rounded, hard and smooth. It is the king of all instruments for private ownership to keep bad roads away from the neighborhood of the farm. Used shortly after spring rains, when the moisture is just right for packing, the results would be comforting during balance of the summer. As fall approaches, the drag could again be used to put the roads in better shape to resist fall rains that make mud and ruts.

Another Hotel in Town.

Sheriff James J. Harris has bought the Alex Patterson stone house next to Hays's store and is remodeling it by adding a two-story roofed porch, a third story with mansard roof, &c. He will build a large barn on the back end of the lot, and fix the premises generally for a boarding house and hotel. The sheriff expects to occupy the building next January. Jim says that since the railroad is an assured thing, somebody must make provision for the accommodation of people who will come to town to trade, and it is chiefly for the accommodation of County people that he is making preparation. Good luck to you, Jamie; nothing like getting in on the ground floor.

RAY HESS, Teacher.

Care of Horses' Teeth.

Having for twenty years made a special study of the horse and the dressing of his teeth, the undersigned, whose residence is on the Lincoln Highway, 1 1/2 mile west of McConnellsburg, offers his services to farmers and others in this and adjoining counties. Satisfaction guaranteed. Prompt attention given to orders by mail.

A. J. PITTMAN, Postoffice, McConnellsburg, Pa. 4-8-St.

Improved Mail Facilities.

For a long time the mail service between the Cumberland Valley railroad and McConnellsburg has been very unsatisfactory to the citizens of McConnellsburg, and others who have been served through the McConnellsburg postoffice. While the distance between Mercersburg and McConnellsburg is but ten miles, the United States Government has been allowing the contractors about three hours and a half to cover these ten miles in the delivery of the mails from Mercersburg to McConnellsburg. Hence it was impossible to mail an answer to a letter received here until the following day. John Sheets and Son, who have had the contract of carrying the mail between the points named for more than a score of years, have purchased an autobus and put it on the road. The trial trip was made last Thursday evening, and the evening mail was laid down at McConnellsburg, so early that it was distributed and the postoffice closed before but few knew what had happened. Now our mail arrives from one to two hours earlier than by the old stage route, and everybody is expressing their appreciation of the new service.

THREE SPRINGS.

Frank Kaufman and Elmer Wieland, of Pittsburgh, and Mr. Sterner, of Stoystown, Pa., made an auto trip to this place on last Sunday, spent the day with Jas. Fix, visited Mr. Kaufman's sister, Mrs. Daniel Fix, at Three Springs, and returned home on Monday, pleased with the trip.

Roy Fix is taking a vacation in McConnellsburg. Miss Lillah Miller, Dublin Mills, is at home after having spent the winter visiting her brother.

Ray Hess closed his school and his pleasant smile is sadly missed. Yes we surely did "bell" Mr. and Mrs. Roy Elvey on Wednesday night, March 31st. We wish them much happiness.

Potatoes to be Cheap.

With 43,000,000 more bushels of potatoes in sight January 1, 1915, than were available at the same time last year, and with a 1915 price of 43.2 cents as compared with 66.2 cents a year ago, a price which under the then existing condition did not improve before the truck crop began to move, there is little hope that the conditions will be better this year. The price now is just about 33 per cent less than it was a year ago. The distribution of the crop is much better than last season; so there is little likelihood that the price of hold-over stock will reach last year's mark even.—Agricultural Bulletin.

Card of Thanks.

Mrs. Elsie Feight takes this method of thanking the neighbors and friends who were so kind during the sickness and death of her late husband, Mr. Andrew Feight.

The door of opportunity. The mouthpiece of the business man's megaphone for short, snappy, convincing Bell Telephone talks that "get the answer" before the old-fashioned salesman has time to figure out his route. Start a good, hard selling-by-Bell-Telephone campaign and watch the returns. Start and stick to it, and you'll be the winner by a big margin. The Bell Telephone Co. of Pa. B. H.
