The institution is chartered under the laws of Pennsylvania and has headquarters in Philadelphia. It is supported entirely by philanthropists.

A branch—or rather, offspring—of this institution is the Parent-Teachers' Association, and in addition to her personal work in the families, she assists in the organization of the latter and gives some time to this branch work. A largely attended meeting was held Tuesday evening in the M. E. church where Mrs. Rodgers explained the work and answered questions. See under head of "Two Notices" for further details.

BARGAINS AT Geo. B. MELLOTT'S

Harvest time is drawing near. Fairly good crops are a certainty, and good prices for same is a sure thing. Mr. Farmer, if you are needing anything in the implement line that will make your work more pleasant, and at the same time more profitable, it will pay you to come and see me before you buy. I sell the

Deering Binders, Mowers, and Reapers.

It is an acknowledged fact that the Deering harvester machinery is the best in the world. The price is just the same as it has been for years. I have one second hand McCormick binder on hand that I will sell cheap. I also have one second hand six-foot Deering binder and one second hand six foot Deering mower at a reasonable price, I will guarantee any of the above mentioned machines to do good work and will sell cheap.

Binder Twine 8 1-2c. Per Pound.

The war in Europe has not raised the price of binder twine, but to the contrary, the price is lower than it has been for years.
