Harvest time is drawing near. Fairly good crops are a certainty, and good prices for same is a sure thing. Mr. Farmer, if you are needing anything in the implement line that will make your work more pleasant, and at the same time more profitable, it will pay you to come and see me before you buy. I sell the

Deering Binders, Mowers, and Reapers.

It is an acknowledged fact that the Deering harvester machinery is the best in the world. The price is just the same as it has been for years. If you want to buy a Deering binder, mower, reaper or a Deering hay rake, it will pay you to come and see me before you buy. I am selling the Deering hay rake lower this year than last. I have one second hand McCormick binder on hand that I will sell cheap. I also have one second hand six-foot Deering binder and one second hand six foot Deering mower at a reasonable price, I will guarantee any of the above mentioned machines to do good work and will sell cheap.

The Old Home Town.

Do you remember the lazy fellow who used sit around in the grocery stores and the barber shops in the old home town and predict the failure of every boy who tried to poke his nose above the common herd? Up in the village of Salem they used to crack lots of jokes at the expense of a lank and ungainly young fellow who clerked in the village grocery, poled flat boats on the river, and split rails for a living. They called him Abe in those days. He became the president

of the United States and thousands from far places on the earth have visited his tomb at Springfield to do him honor. They used to make fun of Bill McAdoo back in the home town. Of course you've heard of Bill. He dug a tunnel under the Hudson river and is secretary of the treasury now. But there are a lot of old tads back in the old home town who sort of hope that Bill will fall over something yet and land in the consomme. And Orville Wright was a regular joke in the old home town. It is the old home town itself that is the joke.
