HOW FAR IS GREENCASTLE.

Not So Far That the Statements of Its Residents Cannot Be Verified.

Rather an interesting case has been developed in Greencastle. Being so near by, it is well worth publishing here. The statement is sincere—the proof convincing: Jacob Stover, town councilman 46 E. Baltimore St., Greencastle, Pa., says: "I was bothered by soreness and lameness across the small of my back. My kidneys didn't act properly and the kidney secretions were irregular in passage. I didn't rest well at night, as I had to get up several times. I was advised to try Doan's Kidney Pills and I got a supply. After taking a few doses, I found relief.

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stover had. Foster-Milburn Co., Props., Buffalo, N. Y.

The Fly.

Here are some suggestions and rules issued by the Iowa State Board of Health in regard to the fly:

Keep the flies away from the sick, especially those ill with contagious diseases. Kill every fly that strays into the sick room. His body is covered with disease germs.

Do not allow decaying material of any sort to accumulate on or near your premises.

Screen all food and insist that your grocer, butcher, baker and everyone from whom you buy foodstuffs does the same.

Keep all receptacles for garbage carefully covered, and the cans cleaned or sprinkled with lime, oil or other cheap preparations.

Pour kerosene into the drains. Burn pyrethrum powder in the house to kill the flies, or use a mixture of formaldehyde and water, one spoonful to a quart of water; this exposed in the room will kill all the flies.

Screen all windows and doors, especially in the kitchen and dining room.

If you see flies, you may be sure that their breeding place is in nearby filth. It may be behind the door, under the table, or in the cuspidor.

If there is no dirt and filth, there will be no flies.

"Health is wealth," and "an ounce of prevention is worth a pound of cure."

There is more health in a house well screened than in many a doctor's visit.

The only safe way is to keep out the flies.

WATERFALL.

H. H. Bergstresser was at Lock Haven several days last week attending the annual reunion of his class at the Central State Normal.

D. G. Rinehart and wife have returned after a three weeks' outing in Blair County.

James Barnett and wife were guests in the home of D. A. Black last Sunday.

Wm. Eiseman, accompanied by his father and mother and granddaughter, of Pitcairn, is visiting his son William.

Jerre Heefner and family were recent guests in the home of Isaac McClain.

William C. McClain of Robertsville is having a new house built on his farm.

Farmers are nine points ahead this season. Nearly all the fall plowing done.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

Scott & Bowne, Bloomfield, N. J.

SALUVIA

Mrs. Reuben Mellott's illness, noted last week, is quite serious. The four doctors in consultation one day last week, decided that an operation would be useless, and inadvisable that there were no abscesses on the liver—that an advanced stage of lung disease prevailed.

Squire Bert Hann was taken sick at the Stone Crusher, on Sideling Hill, where he worked, on Friday last. The mail man brought him to his home, a physician was called,—was bedfast on Saturday and Sunday. Pains in side, the trouble.

H. Elmer Dashing and wife of Bemis, W. Va., have been visiting his invalid mother—Mrs. Mahala Dashing, and other relatives in this section. A reunion of the Dashing family were held on Sunday last, planned by Mrs. Clara Dashing at the birth place.

R. R. Hann and wife went Saturday a. m. last, to visit the latter's brother—William Kellner of near Needmore, and spent Saturday night and Sunday with Thos. Mellott and family, near Sipes Mills.

Ira Sipes has purchased a fine new bicycle. Ira is a steady, good working, saving young man, but believes in keeping up with the times.

Chester Hann and family expect to move to their new house, one fourth of a mile from Green Hill, this week.

W. P. Topping, wife and daughter Miss Gladys, of Elgin, Ill., after an extensive tour of the New England States, New York, New Jersey, and eastern Pennsylvania, took dinner at the Green Hill House on the homeward trip.

They were accompanied by Miss Rose Wilson a missionary teacher of Tabriz, Persia. Mr. Topping is general manager of the D. C. Cook Publishing House, of Elgin, Ill. He said the company uses 27 tons of paper, per year, in publishing Sunday School papers alone.

We were much surprised on meeting with a number of our people, at the funeral of Watson Schooley on Friday last to hear their opinion about the cool weather, of part of last week—one said "the cold wind, blew like winter"—never thinking that one blast of a severe winter morning, 35 degrees below zero, would chill him to the bones,—another said, "it was cold enough to bring a big frost" never thinking that Nature's laws are inflexible, that no frost could come after such settled rains as we had,—and forgetting the writers prediction made about June 1st last that there would be no more spring frosts. Others said "it will damage the crops," others said "it will damage the fruit." No one seemed to know what the temperature really was, on the cool mornings, of last week, emphasizing the necessity of every home having a good reliable thermometer and consulting it.

Fathers and mothers, as the Dutchman says, "look a little out" about your daughters, there are vicious and lewd scamps after them, at the many night meetings.

The Motor Truck.

The way Herbert Duffy glides into town daily with a motor truck load of products from Webster Mills clinches the idea that similar trucks would be very suitable for all our mail routes to promote trade between County points. A speed of seven to eight miles per hour is not hard on the machines, and is twice as fast as with horse drawn vehicles. It has been the dream of many that motor trucks, run on schedule time, will eventually solve the problem of freighting and travel in isolated districts like the central part of the county, and between McConnellsburg and Everett.

To Clean a Paint Brush.

If you have a paint brush that was carelessly allowed to become hard on account of paint having dried on it, it may be cleaned, it is said, by boiling it in vinegar until the paint softens, then wash out all the vinegar very carefully or it will dissolve the bristles. Vinegar mixed with linseed oil will quickly dissolve dirt on furniture or buggy curtains, and the act of wiping it off with a soft rag polishes the surface nice as new.

Family Reunion.

The family reunion of Wm. H. Paylor and wife Abigail occurred at their home 3 miles South West of McConnellsburg on Thursday, June 24th. It was the occasion of the 38th wedding anniversary of Mr. and Mrs. Paylor and also, "The Infair" for the two sons, Bruce and Raymond who were recently married. The event was very pleasant and enjoyable and remarkable in several ways. All seven of the children with their wives and husbands were present; and all of the living 23 grandchildren were present. Only four of the grand children have passed on before, dying in childhood. A most delicious and sumptuous dinner was served.

The following relatives and friends were present:—Geo. W. Paylor and wife Maggie Ella—married Sept. 11, 1901 and their children Lawrence, Reed, Gaily Kenneth and Blair; Mary Alice and husband John Souders—married Mch. 22 1899, and their children, Reed, Chas, and Maudelin; Rosa Houpt and children Nora and Samuel Ott, and Alice Houpt Phoebe Frances and husband Henry Carbaugh—married Mch. 14 1906, and their children Ralph Loyd, Helen and Thesta; Nora and husband Elmer Hann—married Feb. 14, 1912; Chas. Bruce Paylor and wife Bessie Cowan—married May 19, 1915; Raymond Cleveland Paylor and wife Maud Rinedollar—married June 10 1915 Also Mrs. Lizzie Clugson, Jas. Rinedollar, David Rinedollar and wife; Clarence Saville, wife and child; Mrs. Jacob Motter, Harry Souders; and Pastor Albert S. Luring and children Esther and Gilbert.

One of the Guests.

Crops and Livestock Report.

Statistician L. H. Wible's Crop and Livestock Report for May has reached our desk. Speaking of the State in general, the crop prospects are normal. Wheat acreage is 2 per cent. greater than for 1914. The only crop that shows a falling off in Fulton county is hay.

We have, also, his statistics on sheep for the year 1914. During that period, 5,187 sheep were reported killed in the State by dogs and 3,813 were injured. The average price paid in Fulton county for sheep killed by dogs was \$4.91 each, and for injured sheep \$1.57 each. Total number of sheep reported killed in Fulton county, 42; injured, 14. In Delaware county the average price paid for sheep killed was \$18.00 each. In Adams county \$10.00. In Schuylkill \$15.00, and in many other counties the price paid ranged between \$10.00 and \$18.00 each. The average for the state was \$7.19 each. The number of dogs killed in the State during 1914 was 2,035—chiefly on account of non-payment of dog taxes.

Dedicatory Exercises.

About sunset next Saturday evening the local W. C. T. U. will conduct dedicatory exercises on the corner lot just south of the Presbyterian church. A large bulletin board is being erected at that place this week to be used in the furtherance of the work of that organization, and it will be unveiled Saturday evening. A program has been arranged, and the exercises will be interesting. The children of the town and community, the ministers, the members of the W. C. T. U., and all others who may desire to take part, are invited to assemble at Court House Park at 7 o'clock, when a procession headed by the McConnellsburg Band will proceed to the place of the dedication. The girls, as far as possible, will be dressed in white and carry white flowers; the boys will carry flags. Another meeting will be held at the Presbyterian church Friday evening for practice.

Church Notices.

The midsummer communion services in St. Pauls Lutheran church McConnellsburg will be observed at 10:30 next Sunday morning. Preparatory services Saturday afternoon at 3 o'clock. There will be a Sunday school picnic at Mayes Chapel church on Saturday, July 10th. The local missionary society will hold a meeting at Damascus church next Saturday evening.

Mr. Husband, Help Your Wife in the Kitchen!

No, not peeling the potatoes, washing the dishes and the other familiar kitchen duties, but help her by buying a cook stove that will make her work easier and more comfortable. You're not the one that stands over a red-hot stove preparing meals and you're not always around when coal is needed or there's wood to be split or ashes to be taken up.

What's more to the point, you don't have to be if you buy a

NEW PERFECTION OIL COOK STOVE

And your wife won't have to stew herself to a frazzle in a hot kitchen getting breakfast, dinner and supper ready. Now, be fair to your wife and relieve her of a lot of the drudgery of the kitchen with a New Perfection. Think how easy it is for her to simply scratch a match and have a stove ready for instant use—no poking and raking and waiting for it to "burn up." Save money? Why, of course! There's no fuel being consumed when the stove is not in use. And think of the time and labor saved, too. With the separate oven and fireless cooker the New Perfection has the utility of other stoves. Your wife can bake, roast, fry, broil and boil. Can heat water for wash day and irons for ironing day.

Don't put it off any longer. Go now to your dealer and examine the New Perfection Oil Cook Stove with the perfected oil reservoir, the regulated flame control, the combination chimneys that prevent smoke and smell and the improved work that outlasts the ordinary kind. Give your wife a square deal and investigate today this safe, sane, saving and satisfying cook stove.
