Deering Binders, Mowers, and Reapers.

It is an acknowledged fact that the Deering harvester machinery is the best in the world. The price is just the same as it has been for years. I have one second hand McCormick binder on hand that I will sell cheap. I also have one second hand six-foot Deering binder and one second hand six foot Deering mower at a reasonable price, I will guarantee any of the above mentioned machines to do good work and will sell cheap.

Forty-Seven Turkeys Killed.

W. F. Cutchall, near Bethlehem church has been unfortunate this summer. He is one of the men who lost several cattle this spring and summer from poisonous matter in the pastures. Following this loss, a weasel killed forty-seven nice fair-sized young turkeys in one night last week. Six more were so badly bitten that they may die. After having discovered his loss of turkeys, he set a trap in the coop, and next morning Mr. Weasel paid the penalty for his depredation. Had

the turkeys lived, and gathered most of their own summer feed—as they generally do—they would have sold for perhaps, as much as two head of young cattle.
