That fine road over Cove mountain by way of the Loudon pike should not be permitted to lie longer without repairs. Gullies started by wheels of vehicles are beginning to wash out badly in many places. Nothing short of constant attention is absolutely necessary on roads of that class. Piles of screenings and a man to make repairs should be kept on the mountain at all times. One shovelful of fine stones will often stop a wash that if left open for one rain will cost a month's wages to fill. Those little gullies start with every rain.

THOSE PICKLEWEIGHTS.

Famous Family of Pacificists to Enlarge Its Sphere of Operations.

Who has not chuckled over the unending complications in the household of the Pickleweights—Enoch, the plaintive; Maria, the masterful; Ichabod, the Injun strategist; Dill the rotund and voracious, and Helen Battleax, gallant defender of her brother's innocence and helplessness?

For years the tribulations of this interesting family have delighted readers of the Philadelphia North American, and the characters created by Cartoonist Bradford have become familiar to thousands. In fact the Pickleweights have grown to be such an institution that more space and special treatment are required to chronicle their explosive history.

Next Sunday, July 11, therefore, they make their appearance in the Sunday North American, occupying a full page, in colors. Henceforth it is understood they are to be known to fame as "The Peaceful Pickleweights." Bradford announces that they have moved to the country, in the hope that tranquil scenes, far removed from the turmoil of the city, will allay the hostilities that have divided them. The first page in the series shows them installed in their new home. Unfortunately, the occasion is marred by some deplorable accidents; but it is the universal hope that the family has entered upon a career of peace.

No Odd Fellows Reunion.

At a meeting of the Executive Committee of the Fulton County Odd Fellows Association, it was decided that no County Reunion should be held this year. This is largely due to the fact that no one of the lodges seemed anxious to assume the responsibility of doing the work necessary to making the Reunion such a success as it ought to be; and that one lodge had withdrawn from the County Organization. The Committee wish to be understood, however, that if any Lodge in the Association is not satisfied with this action, and is willing to take the initiative, and assume the responsibility for its management, it is not too late to take such action.

BARGAINS AT Geo. B. MELLOTT'S

Harvest time is drawing near. Fairly good crops are a certainty, and good prices for same is a sure thing. Mr. Farmer, if you are needing anything in the implement line that will make your work more pleasant, and at the same time more profitable, it will pay you to come and see me before you buy. I sell the

Deering Binders, Mowers, and Reapers.

It is an acknowledged fact that the Deering harvest machinery is the best in the world. The price is just the same as it has been for years. Some agents would have you believe the price is higher on account of the war in Europe, which is not true. If you want to buy a Deering binder, mower, reaper or a Deering hay rake, it will pay you to come and see me before you buy. I am selling the Deering hay rake lower this year than last. I have one second hand McCormick binder on hand that I will sell cheap. I also have one second hand six-foot Deering binder and one second hand six foot Deering mower at a reasonable price, I will guarantee any of the above mentioned machines to do good work and will sell cheap.

Binder Twine 8 1-2c. Per Pound.

The war in Europe has not raised the price of binder twine, but to the contrary, the price is lower than it has been for years.

Religion for "Jack's" Sake.

"I met an old minister and his wife at Bedford Springs this week. They told me with pride what splendid successes their five sons were making. They also told me of the hard struggle to educate and start them on the small salary. The old couple looked splendidly battle-worn as they told the story. I just chuckled and said, "Of course." The hardest fellow the devil has to drag down and keep down is the preacher's son, and every other son whose father is living and

working for God. Solomon was blessed for David's sake." That's a story with which William H. Ridgway hits the "bull's eye" in illustrating a point in the Sunday school lesson for July 25th. Mr. Ridgway writes a lesson article entitled "The Busy Men's Corner" for the Sunday School Time every week. A three-weeks trial of the paper containing three of Mr. Ridgway's now famous articles will be sent to you, and a few of your friends, upon receipt of a post card request addressed to The Sunday School Times Co., Philadelphia, Pa.
