The people of Switzerland are preparing to resist a threatened German invasion. We may therefore, expect a rise in the price of Swiss cheese since that article may have to be used to make cannon balls.

Edward Alden and wife (Hattie Kendall) of Coolsville, Ohio, autoed east and stopped to visit the latter's sister, Mrs. Johnston at Newville, and are expected this week in the Cove. Helen Kendall, trained nurse, of New York, came home yesterday.

At a recent convention of Chicago physicians, one of them, Dr. A. L. Blackwood, described the action upon the human system of a tincture made from alfalfa. It acts upon nearly every organ of the body, stimulating them into healthy action, and by reason of which, no one can have the blues.

Rev. J. L. Grove drove his car to Hancock on Tuesday to meet and bring home his daughter, Mrs. A. J. Crooks and her daughters Margaret and Bertha of Indiana Harbor, Ind. Her husband, Rev. A. J. Crooks is on a trip to the exposition at San Francisco, and the Young People's Convention at Los Angeles, and may visit this place later.

Some of the dwellers in the mountainous districts of eastern Pennsylvania have been hard hit by the European war. A large number of people, in those parts make their living by gathering wintergreen leaves and extracting the oil. Most of the oil is exported and this trade has been cut off. Dealers with large stocks on hand are said to be in financial straits. This reminds us that one of the best "rubbing" oils known is made by taking one part oil of wintergreen and mixing with two parts olive or sweet oil. It is fine for aches and pains.

Mr. J. A. Stewart, of Greenhill, called at this office while in town a few days ago. Mr. Stewart says that notwithstanding the Government's report of a temperature deficiency in temperature during June, there has not been a visible retarding in the growth of crops, with the possible exception of corn, and that has been coming along during the last few days in fine shape. The prospects for a good peach crop are promising—in fact, many of the trees are too full and need thinning. Apple and pear crops will likely be short. Many trees have no apples, and owing to the blight, there will be a great shortage of pears. Cherries are scarce in many localities. Berries will be an average crop.

A Religio-Temperance Congress.

The first of a number of religious-temperance congresses will be held in Ayr township in Big Cove Tannery Lutheran Church, Sunday, July 18th, at 1:30 and 7:30 P. M. Each of the Sunday Schools and churches in the township will send a delegation of two men if possible. Entertainment will be provided for two from each school and church. Everybody who can do so is requested to attend at least one of the sessions. An attempt is being made to have some from outside of the county in addition to a number of speakers resident in the county. This will be a Congress instead of merely a Convention. Each township in the County will have such a congress some time before the fall elections.

Fulton County Will Have

Large Attendance at Normal.

The attendance at the Cumberland Valley State Normal School from Fulton county was 22 during 1914-1915 and will still be larger during the coming year. Now is the time to prepare for teaching. At a recent convention the following resolution was passed. "That the minimum of standard for admission to the profession of teaching include a requirement of a three year high school course and an additional year including professional subjects, and a review of the elementary subjects in an approved school." Prospective teachers will realize the advantage of preparing at a State Normal School for requirements similar to these.

JUST A WORD TO YOU

There comes a time when you, as with every other person, need something in our line, and that means about everything a farmer or housekeeper needs. It may be a jackknife or a mowing scythe, a necktie or a suit of clothes, a row of pins or a pair of shoes—a penny purchase or a fifty-dollar purchase.

KEEP THIS IN MIND

That when the time comes we are here to serve you—and we guarantee that both quality and price will be eminently satisfactory to you.

We did sell some sweet corn this season, and could have sold more, if we could have procured it; and we are sorry that we could not fill all the mail orders we got.

Garden Plows and Lawn Mowers.

We made mention of these two articles in our last advertisement; and, up to this time we have sold 20 garden plows and 15 cadet mowers. If you do not have these two articles on the farm, buy them at once. You can save money by using a Garden Plow. You can do the work in one-third of the time. Price of plow \$1.98; Mowers, \$2.50 and 2 65.

MOWING MACHINE OIL.

We are supplied with these goods again. Quite a lot of people have asked whether we were going to handle the same oil that we had before, and they say they have never used a better one. The price is the same as before—25 cents a gallon. Grain rakes 23 cents, Batcheller Wheat, Manure, Oats, and Pitch Forks 38 to 75 cents. Rivets 5c. to 18c. a box. Mowing machine oilers 8 to 15 cents.

SHOES THAT WEAR.

Remember that if you want shoes that wear, we have them; and as we are talking about harvest goods, we have a good harvest shoe that will not hurt your feet. Boy's \$1.90; Men's \$2.00 and \$2.25. Call and see the largest stock of shoes in town. Thanking you for the largest spring trade we have ever had, we remain yours for business.

L. W. FUNK

DEALER IN

High Grade Plain Pianos, Player Pianos, Organs, Victrolas, Records, and Professional Tuner, McConnellsburg,

Nothing adds more to the refinements of home than good music. To have good music you must have a good instrument. There are good, bad and indifferent instruments, and to the unskilled eye they look much alike. The unprincipled dealer is likely to make you pay a first-class price for a fourth-class instrument. I have lived in this county since my birth, I am a taxpayer and in a position to make good any business transactions. Buy your piano, organ, or victrola from me and if it is not all right you can come back at me.

There are families in every part of this county that have purchased instruments from me. Ask them about me.

Perhaps you want to trade your organ for a Piano, or Player Piano; or your Plain Piano, for a Player. See me. Let's talk it over.

L. W. FUNK.
