NO REASON FOR IT

When McConnellsburg Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a McConnellsburg citizen says:

John P. Conrad, deputy postmaster, Main St., McConnellsburg, says: "I had terrible pains across my back and I didn't sleep well at night. I was very nervous and when I got up in the morning I was more tired than when I went to bed. Finally I read of Doan's Kidney Pills. I gave them a trial. They helped me immediately. Before long my back was free from pain."

LASTING RELIEF.

On December 10, 1913, Mr. Conrad said: "I haven't needed any remedy for backache or kidney trouble since Doan's Kidney Pills cured me."

Is Your Kitchen A Living Furnace?

Madam, there's absolutely no reason why it should be. You don't have to put up with this another minute. Instead of roasting yourself to death over a stove that sheds heat like the sun at high noon in August, get an oil stove that sends the heat right to the vessels you want heated and not all over the kitchen. Go today and buy a

NEW PERFECTION OIL COOK

and you're buying cooking comfort and economy. You cut out that "fired feeling" caused by the ash pan, the coal scuttle and wood splitting, and that's a relief to any woman who has two or three meals to prepare every day. You get a stove that is ready for instant use because it lights like gas and regulates like gas and, with the separate oven and fireless cooker, is equal to a gas stove in cooking power. You can broil, bake, fry, roast, boil, heat water for wash day and irons for ironing day. And you're saving money every minute it's not in use.

Just stop in at your local dealer's and ask him to show you the New Perfection Oil Cook Stove and see the perfected oil reservoir, the regulated flame control, the combustion chimneys that prevent smoke and smell and the improved wick that outlasts the ordinary kind. You'll be surprised to learn how decidedly safe, sane, saving and satisfying this cook stove really is.

Number Two. A JOINT RESOLUTION

Proposing an amendment to section eight of article nine of the Constitution of Pennsylvania.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following is proposed as an amendment to the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:—

Amend section eight, article nine of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:—

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation, except that any debt of debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia, within current net revenues in excess of the interest on said debt or debts, and the annual installments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund of their cancellation shall be established and maintained," so that it shall read as follows:—

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which on the first day of January, one thousand eight hundred and seventy-four, exceeded seven per centum of such assessed valuation, and has not since been reduced to less than such per centum, may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation. The city of Philadelphia,

upon the conditions hereinafter set forth, may increase its indebtedness to the extent of three per centum in excess of seven per centum upon such assessed valuation for the specific purpose of providing for all or any of the following purposes,—to wit: For the construction and improvement of subways, tunnels, railways, elevated railways, and other transit facilities; for the construction and improvement of wharves and docks and for the reclamation of land to be used in the construction of wharves and docks, owned or to be owned by said city. Such increase, however, shall only be made with the assent of the electors thereof at a public election, to be held in such manner as shall be provided by law. In ascertaining the borrowing capacity of said city of Philadelphia, at any time, there shall be excluded from the calculation a credit, where the work resulting from any previous expenditure, for any one or more of the specific purposes hereinabove enumerated shall be yielding to said city an annual current net revenue; the amount of which credit shall be ascertained by capitalizing the annual net revenue during the year immediately preceding the time of such ascertainment. Such capitalization shall be accomplished by ascertaining the principal amount which would yield such annual current net revenue at the average rate of interest, and sinking-fund charges payable on the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, so to be excluded or allowed as a credit, may be prescribed by the General Assembly.

In incurring indebtedness, for any one, or more of said purposes of construction, improvement, or reclamation, the city of Philadelphia shall incur its obligations maturing not later than fifty years from the date thereof, with provision for a sinking-fund sufficient to retire said obligation at maturity, the payments to such sinking-fund to be in equal or graded annual instalment. Such obligations may be in an amount sufficient to provide for and may include the amount of the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction and on the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges, as required by section ten of article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of such work.
