**HIDES.**—Frank B. Sipes pays the highest market price for beef hides at their butcher shop in McConnellsburg, also highest price paid for calf skins sheepskins and tallow.

The radiators and big boiler to heat the postoffice building arrived this week. Those who toasted their shins and spat tobacco at the old coal stove in the postoffice on former winters will find things arranged differently this winter.

Nearly Everybody Reads It.

When Sunday rolls around and all that goes with it one of the big problems of the day is the matter of reading. The average family is particular about the kind of reading that enters the home on a week-day, but on Sunday the problem becomes even more perplexing. "The Philadelphia Press" each Sunday is an ideal home newspaper and is arranged with such thought that only the best in news is printed. The Magazine Section illustrated and printed in color contains the best in fiction, Fun and Verse, and added to this are pages on Art, Science, Music, Literary Criticisms and a page of history of the world's events for the week. Read the Philadelphia Sunday "Press."

Girl Drinks Poison.

Helen Reisher, aged 16 years, of Chambersburg, committed suicide last Friday evening by drinking carbolic acid on the street and dying in fifteen minutes. Helen's love affairs had not been running smoothly; but it seems that she had been a rather wayward girl for some time. At one time she cut off her hair and put on boy's clothing and ran away and was gone several days before her father, Senior Reisher, was able to locate her.

Thanks to Patrons.

I wish to express thanks to the people of McConnellsburg for the patronage they have given me and hoping to supply these good people with peaches next year, I beg to remain,

Very truly yours,  
E. S. RINEHART.

Thank You.

I desire to thank the voters of the county for the nomination tendered me at the primaries and I respectfully ask a continuance of your support at the November election.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat the cause by enriching your blood with the food in Scott's Emulsion which is a medicinal food and a building tonic, free from alcohol or any harmful drugs. Try it.

## Why We Have Grown.

Because we have always done banking on the highest, most conservative, most progressive and painstaking manner—and because we have lived up to every promise—these are reasons why we outgrew our old home.

From a total of \$160,000.00 in deposits four years ago to \$316,000.00 deposits to-day, is a good record. We are naturally proud of our beautiful and substantial home—one room of which is fitted for the free use of the public and convenience of our patrons for private business engagements or other meetings.

Many of our largest and most prosperous depositors started their savings in a small way. Do likewise. Begin to-day, by placing your savings at 3 per cent. compound semi-annual interest in

## L. W. FUNK

-- DEALER IN --

### High Grade Plain Pianos, Play Pianos, Organs, Victrolas, Records, and Professional Tuner, McConnellsburg,

Nothing adds more to the refinements of home than good music. To have good music you must have a good instrument. There are good bad and indifferent instruments, and to the unskilled eye they look much alike. The unprincipled dealer is likely to make you pay first-class price for a fourth-class instrument. I have lived in this county since my birth, I am a taxpayer and in a position to make good any business transactions. Buy your piano, organ, or victrola from me and if it is not all right you can come back at me.

There are families in every part of this county that have purchased instruments from me. Ask them about me.

Perhaps you want to trade your organ for a Piano or Player Piano; or your Plain Piano, for a Player. See me. Let's talk it over.
