CONDENSED FOR HURRIED READERS

Miss Jean Johnston, a Shipensburg Normal student, was home over last Sabbath.

Mrs. Winnie B. Kendall spent last week with her daughter, Mrs. J. M. Myers, in Mercersburg.

Mrs. George Finiff and her son Howard, of Tod township, were visiting friends in Chambersburg last week.

Miss Minnie Reisner spent the time from last Friday until Sunday visiting friends and shopping in Hagerstown.

Walter Black removed from the Black homestead on Walnut street a few days ago to a house in East Extension.

The Pampas Grass plumes in the back yard of Reisner's store are pretty enough for Milady to wear on her bonnet.

Trespass notices for sale at the News office—6 for a quarter. Sent prepaid by mail if cash accompanies the order.

The Thimble Club held its first meeting for the winter series last Friday evening at the home of Mrs. Ellis L. Lynch.

Snowflakes fell in Licking Creek township for over an hour last Thursday, and it snowed up at the Mountain House nearly all day.

The News office had a pleasant call on Tuesday from Mrs. Irvin Wilson, of Fort Littleton, who, with her husband, was shopping in town.

Mr. and Mrs. Jesse B. Heefner and their daughter Olive, and Mrs. Maria Doran—all of Taylor township, made an automobile trip to McConnellsburg yesterday.

Mrs. Lizzie Morgret and stepson Jesse Morgret, of Whips Cove, spent last Sunday night in the home of the former's sister, Mrs. Kuhn, on the Ridge west of town.

Mr. and Mrs. Geo. A. Harris and Mr. and Mrs. Robert G. Alexander motored to Hancock last Saturday and spent the time until Monday with friends in that town.

Benjamin Cline, of Knobsville, did the carpenter work on the new extension to Irwin Bradnick's corn crib, and other improvements, two miles west of that village.

Many second crops of clover went to seed and were not cut. If the clover had been clipped while in bloom, and let lie on the ground for a mulch, the clover would not have died, and a crop could have been expected next year.

Gradually, very gradually, the Lincoln Way through the Borough is being repaired by the Department. The unsightly mudholes between First and Second Streets are being filled with stone and covered with slate to eliminate the slush and filth.

Mrs. George K. Nelson (Lillie Campbell) and little daughter Betty, of Newville, Pa., spent the time from last Saturday until yesterday afternoon in the home of her uncle and aunt, Mr. and Mrs. B. W. Peck, and her father-in-law, Hon. D. A. Nelson in the Cove.

The soybeans distributed by the News last spring made enormous growth and convinced many who saw them that they are "the thing" to grow for a mature crop. Since manure in sufficient quantities cannot be had to supply humus, many will try the bean plan.

After having lived away from the old home town more than a year and a half, Miss A. Gertrude Sipes spent last week in McConnellsburg and attended the funeral of her grand-uncle J. Nelson Sipes. Miss Sipes noted many improvements about the town made during her absence.

Several domestic cats that evidently "went wild" were killed in the Cove mountain this fall, one of which was at least three miles from any human habitation. Last fall one was killed on the same mountain that experts said was part catamount as it had features that belong only to wildcats.

5 to 14 More Bu. of Wheat Per Acre

Cleaning and Grading Fall Seed Wheat with a Chatham Mill never fails to increase the crop 5 to 14 Bushels per Acre

This fact has been proven thousands of times and can be proven on your farm. On wheat alone the Chatham far more than pays for itself the first season. You've got rye, vetch, timothy, alfalfa or some other grass seeds that need cleaning, too. The "Chatham" is just the thing for the job.

Next winter the Chatham can grade and clean all your spring seed—barley, corn, oats, clover and all kinds of grasses. Just how clean and how you get a free trial. Hand power or gas.

Chatham Grain Grader and Cleaner

I know from personal experience that the Chatham is a practical money-maker for farmers, because I myself own and use one. You can see the machine on my farm or I will set one up on your farm for you to test and try. Drop me a line or phone me to-day.
