### Historical Records Lost.

There are two great nations of antiquity whose inscriptions cannot yet be read-the Etruscans and the Hittites. The Etruscans occupied a part of Italy corresponding roughly to what is now known as Tuscany. The Hit. tites at one time occupied a part of Palestine and united with the Canaan ites to resist the invasion by the Israelites under Joshua. The Etrus can and Hittite inscriptions have thus far resisted the attempts of scholars to decinher them, though no one knows when someone may stumble on a bilingual inscription which will serve as a key, just as the Resetta stone, dis covered in Egypt in 1799, served as a key to the Egyptian hisroglyphics.
