ALL WRONG.

The Mistake is Made by Many McConnellsburg Citizens.

Look for the cause of backache To be cured you must know the cause.

If its weak kidneys you must set the kidneys working right

A McConnellsburg resident tells you how.

Mrs. Lucinda Clevenger, Water St., McConnellsburg, says: "My back ached badly and I couldn't do my housework. I had dizzy spells and chills and was annoyed by the kidney secretions. Often swelling appeared under my eyes and I was very nervous at night. I was troubled by rheumatic twinges. And Doan's Kidney Pills removed all signs of the trouble. I procured them at Trout's Drug Store."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Clevenger had Foster-Milburn Co., Props., Buffalo, N. Y.

WORLD'S LEADING TOBACCO TOWN.

Winston-Salem, N. C., Now Manufactures More Tobacco Products Than any Other City in the World.

Following are extracts from an address delivered by Col. A. D. Watts, Collector of Internal Revenue for the Fifth District of North Carolina, at a smoker given by The Twin City Club, Winston-Salem, February 4th, 1916:

"SOME COMPARISONS"

"Winston-Salem is supplying one fourth of all the chewing and smoking tobacco consumed in the United States, besides exporting vast quantities to foreign lands. This statement is taken from the report of the Commissioner of Internal Revenue for the first quarter of the present fiscal year and from private advices from Washington, as to the second quarter, which ended December 31st, last.

"Your city is making one seventh of all tobacco products—chewing and smoking tobacco, cigars, cigarettes and snuff—manufactured in the United States. Your manufacturers are paying on an average about \$87,000 a day revenue taxes to the government and the amount is increasing from month to month. When your government building, much the handsomest in the State, was completed last July at a cost of \$250,000 your newspapers made the statement that the taxes paid in our city to Uncle Sam for the first eight days of its occupancy would pay for it. Since September, it has taken only a fraction over seven average days collections here to equal its cost. So far this week, Mr. Cranford has taken in \$206,428.50. I predict that before 1916 shall have ended your average weekly to the payments government on tobacco will more than pay for this magnificent building, leaving the collections for the other fifty-one weeks as clear profit to the government.

TOBACCO SHIPMENTS.

"Winston-Salem is shipping on an average each week day to all parts of this country and to foreign lands at least \$150,000 of tobacco products. "In conclusion, Winston-Salem manufactures more tobacco, all tobacco products are taken into this statement, than any other city on earth, little or big. Industrially, she is easily first in North Carolina, population considered, first in America and I believe, in the world; socially, a never failing delight to her friends."

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, dizziness, dreamlike sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrition gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Brookfield, N. Y.

APPLE COOKERY.

THE end of the season apples are never so good as those that we have earlier. They have lost their crispness and tartness usually and are often flat and unappetizingly raw. Even cooked, unless they are carefully treated, they lack flavor. Here are some suggestions for cooking them so that they will acquire a tempting flavor:

Apples and Bacon. Fry thin slices of lean bacon until it is crisp and put it on a hot platter; then brown on both sides half-inch slices of apples and serve them hot with the bacon.

Citron Apple Pie. Line a deep pie plate with puff paste and fill it with tart apples cut into small pieces, sprinkle with half a cupful of sugar, half a cupful of finely shredded or chopped citron, two tablespoonfuls of currant jelly and small pieces of butter rolled in flour. Cover the top with strips of the paste and bake in a slow oven.

Apple Custard Pie. Make a smooth apple sauce, favoring it with grated orange peel. Add two beaten eggs to each cupful of apple sauce and half a cupful of milk. Sweeten to taste and pour into a lower shell pie. Bake like a custard pie.

Apples With Jam. Remove the skins and cores from firm apples and arrange them in a dish for baking. Fill each cavity with any sort of jam. Strawberry, quince and damson are especially good, and so is marmalade—orange, lemon or grapefruit. Sprinkle with sugar, add a little water to the dish and bake, covered, until the apples are tender. Then sprinkle with cinnamon and cook a little longer, uncovered.

Apple Turnovers. Cut rich pie paste into pieces large enough to hold an apple. Cut large apples in two, remove the skin and scoop out the core. In the cavity thus made place some seeded raisins and sugar and cinnamon; then wrap the pieces of crust around the half apples, pinch the corners together, brush with milk and bake.
