## SWAMP-ROOT SAVES KIDNEY SUFFERERS

You naturally feel secure when you know that Dr. Kilmer's Swamp-root, the great kidney, liver and bladder remedy, is absolutely pure and contains no harmful or habit producing drugs.

The same standard of purity, strength and excellence, prescribed by Dr. Kilmer many years ago, is maintained in every bottle of Swamp-root.

Swamp-root is scientifically compounded from vegetable herbs. It is not a stimulant and is taken in teaspoonful doses. It is not recommended for everything. According to verified testimony it is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

If you suffer, don't delay another day. Go to your nearest druggist now and get a bottle. All drug stores sell it in two sizes—fifty cents and one dollar.

However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

## Has New Line of Study.

Charles William Beebe, who has sailed for Georgetown, British Guiana, to establish a tropical zoological station for a new form of scientific observation and research, has been curator of ornithology, New York Zoological Society, since 1899. In the words of Doctor Beebe, "As yet there has been no concentrated scientific investigation in the tropics. The object of previous expeditions has been to collect as many birds or animals as possible." "Our province is the living creatures," says Doctor Beebe. The government of British Guiana has offered the use of its botanical gardens to the expedition. The amount of work to be done is enormous—enough to keep ten men working their life long, it is declared. An earlier stay in Guiana and Venezuela is recorded in Doctor Beebe's book, "Our Search for a Wilderness." And the study of the pheasant led him in 1899 to India, Ceylon, Tibet and the Himalayas, China, Formosa, Java and Japan.

## MORE THAN EVER Increased Capacity for Work Since Leaving Off Coffee.

Many former coffee drinkers who have mental work to perform day after day, have found a better capacity and greater endurance by using Postum instead of coffee. An Illinois woman writes:

"I had drunk coffee for about twenty years, and finally had what the doctor called 'coffee heart.' I was nervous and extremely despondent; had little mental or physical strength left; had kidney trouble and constipation.

"The first noticeable benefit which followed the change from coffee to Postum was the improved action of the kidneys and bowels. In two weeks my heart action was greatly improved and my nerves steadier.

"Then I became less despondent, and the desire to be active again showed proof of renewed physical and mental strength.

"I formerly did mental work and had to give it up on account of coffee, but since using Postum I am doing hard mental labor with less fatigue." Name given by Postum Co., Battle Creek, Mich.

Postum comes in two forms: Postum Cereal—the original form—must be well boiled, 15c and 35c packages.

Instant Postum—a soluble powder—dissolves quickly in a cup of hot water, and, with cream and sugar, makes a delicious beverage instantly, 30c and 60c tins.

Both forms are equally delicious and cost about the same per cup.

"There's a Reason" for Postum.—sold by Grocers.
