Judge Donald P. McPherson presided at a session of court in Carlisle Wednesday of last week for Judge Sadler. He heard argument for a bill of particulars in the suit of Nenninger against the Philadelphia and Reading railway company, in which he suffered loss by fire by reason of sparks from a locomotive. The net income of the Bethlehem Steel Company for 1915 was \$17,763,000, compared with \$5,590,000 in 1914, five months of which was under European war conditions. The dividend on the common stock, after payment of preferred dividends, is equal to 112 per cent. Distribute the dividend among the stockholders of the company and it will have a beneficial influence on every business in the country. It is a war order dividend, the echo of which is the ring of the cash register all over the land.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements which enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

Fine Store Room.

Some time ago the NEWS told of the enlarging of the Hill Store opposite the Public School building. The work is now completed, and it is now one of the largest store rooms in town. The Hill Store contemplates from this time on the adding of such goods to the stock as shall make it possible to do much of your shopping at one place. No rent and light expenses make it possible for the Hill Store to sell goods at the lowest possible price. By low prices and fair treatment, this store has grown from a small beginning a few years ago to what you see it to-day, and enjoys a patronage of which any store might well be proud.
